Rebuilding Somalia War-torn Societies Project, 2001 Includes statistics Somalia - the Untold Story Judith Gardner, Judy El Bushra, 2004-01-20 Somalia came to the world's attention in 1992 when television and newspapers began to report on the terrifyingly violent war and the famine that resulted Half a million Somalis died that year and over a million fled the country Cameras followed US troops as they landed on the beaches at Mogadishu to lead what became an ill fated UN intervention to end hunger and restore peace In this book Somali women write and talk about the war their experiences and the unacceptable choices they often faced They explain clearly in their own words the changes challenges and sometimes the opportunities that war brought and how they coped with them Key themes include the slaughter and loss of men who were the prime target for killings rape and sexual violence as a weapon of war changing roles in the family and within the pastoralist economy women mobilising for peace and leading social recovery in a war torn society This book is not only an important record of women's experience of war but also provides researchers and students of gender and conflict with rare first hand accounts highlighting the impact of war on gender relations and women's struggle for equal political rights in a situation of state collapse **State Collapse and Post-conflict Development in Africa** Abdullah A. Mohamoud, 2006 Mohamoud's work considers the underlying causes for the breakdown of the state across both time and space Time is considered across the triple history the pre colonial colonial and post colonial processes Space is used in the sense of taking the whole of Somalia as a unit of analysis This approach enables the discovery of different structural crises over a period of time and examines these cumulative effects on the current upheavals in Somalia Among the approaches State Collapse and Post Conflict Development in Africa covers the constraints in the harsh material environment the subsistence pastoral mode of existence the colonial intervention and the subsequent division of the land into five parts Cold War geopolitics decades of armed struggles and the post colonial crisis of governance Dr Abdulla Awil Mohamoud runs SAHAN an academic research and consultancy agency which conducts policy oriented research and fact finding missions abroad mainly in Africa undertakes evaluation and monitoring activities provides training and offers advisory services on integration and multi cultural issues He holds an MA degree from Jawaharlal Nehru University New Delhi and earned his PhD at the University of Amsterdam Mohamoud has served regularly as an election observer in UN EU Council of Europe and OSCE missions to conflict and war torn societies to East Timor Kosovo Nigeria Serbia and Zimbabwe Piracy in Somalia Awet Tewelde Weldemichael, 2019-01-24 Piracy in Somalia sheds light on an often misunderstood world oversimplified and demonized in the media and largely decontextualized in scholarly and policy works It examines the root causes of piracy in Somalia its impact on coastal communities local views about it and the measures taken against it Drawing on six years worth of extensive fieldwork Awet Tewelde Weldemichael amplifies the voices of local communities who have suffered under the heavy weight of illegal fishing piracy and counter piracy and makes their struggles comprehensible on their own terms He also exposes

complex webs of crimes within crimes of double dealing pirates fraudulent negotiators duplicitous intermediaries and treacherous foreign illegal fishers and their local partners In so doing this book will help inform regional and global counter piracy endeavors avoid possible reversals in the gains so far made against piracy and identify the gains that need to be made against its root causes Somalia Redux? Matt Bryden,2013-09-10 The Somali Federal Government SFG established in August 2012 has been widely welcomed as Somalia s first post transition government receiving breathlessly upbeat media coverage and plaudits from the international community Matt Bryden argues in this report that these buoyant judgments are based on highly selective appraisals of the situation The SFG remains frail and embattled Furthermore there are major question marks over its inclusiveness and its relationships with other Somali authorities and factions Less than a year into the SFG s mandate hope and optimism are steadily giving way to polarization acrimony and fears of renewed violence

Violations of the Rules Applicable in Non-International Armed Conflicts and Their Possible Causes Omar Abdulle Alasow,2010-05-17 While all armed conflicts are marked by violations of international humanitarian law non international armed conflicts appear to be characterised by even more serious violations of international humanitarian law on a colossal scale This study is aimed at understanding the possible factors that may cause parties to non international armed conflicts to engage in violations despite the fact that not only international humanitarian law but also other bodies of rules e g legal and moral impose restrictions and obligations similar to international humanitarian law Somalia which for over two decades has been experiencing internal armed conflicts marked by widespread violations is a typical case This study addresses the root causes of the internal armed conflict in Somalia and identifies factors which contributed to the collapse of the Somali state and the reasons for its continuing conflict It also examines the characteristics of the conflict In order to examine the extent to which applicable rules have been respected or not the study examines both international rules applicable in non international armed conflicts and specific Somali rules of warfare After demonstrating evidence of violations and analysing it this study seeks to identify possible direct and indirect causes of these violations In addition it also seeks to identify whether such possible causes contribute to violations that are unique to the situation in Somalia or if not whether there may be lessons to be learnt for other situations similar to that in Somalia Consider Somaliland Marleen Renders,2012-01-27 Can traditional leaders and institutions help to build more legitimate accountable and effective governments in polities or states under re construction This book investigates the case of Somaliland the 20 year old non recognized state which emerged from Somalia s conflict and state collapse A careful analysis of Somaliland s political history it outlines the complex and evolving institutional and power dynamics involving clan elders militia leaders guerrilla movements as well as politicians and civil servants in its emerging state structures While showing the great potential of endogenous processes it clearly demonstrates the complexity and the politics of those processes and the necessity to think beyond one size fits all state building formulas

The Genesis of the Civil War in Somalia Muuse Yuusuf,2021-05-20 This study explores the genesis of the civil war in

Somalia by analysing the defeat of Somalia in the 1977 Ogaden war asserting that this defeat which was prompted by the intervention of the USSR was a turning point which unleashed long term socio political forces that led to the collapse of the central government of the country Muuse Yuusuf analyses the history of the Somali civil war from 1977 to the present and the role played by various actors in the conflict such as local clans warlords and foreign powers and examines the present day by products of the war such as religious extremism Crucially Yuusuf looks beyond the mainstream explanation for the conflict that of rival clans fighting over resources By recognising the impact of foreign military interventions in Somalia from superpower rivalry during the cold war to the war on terror on the initiation and perpetuation of the Somali conflict the book attempts to identify foreign military intervention as a new paradigm in the discourse around it **Environmental Politics in the Middle East** Harry Verhoeven,2018 Offers a critical and realistic reassessment of the threats posed to the environment in the Middle East and what can be done about them Somalia Abdulkadir O. Farah,2007-03-31 Since the final collapse of Somalia s repressive regime in 1991 Somalia has presented the world not only with the most profound case of state collapse witnessed in modern times but also with one of the most intriguing cases of political fragmentation armed conflicts lawlessness and statelessness Inevitably the last 20 years of statelessness and chaos has left the Somali economy destitute and made Somalia to be ranked among the five poorest countries in the world Contributors to this volume examine efforts at reconstituting the failed Somali state and the role of the Somali Diaspora and civil society groups in the processes They also analyse how the Somali Diaspora and civil society in Somalia engage and cooperate to further processes of state reconstitution in Somalia as well as help the Somali Diaspora adjust in their host nations
