Braunthal, 2009-11-04 This study of the German right extremist movement looks at the three rightist political parties neo Nazi groups skinhead gangs and New Right intellectuals It poses the question whether at a time of global recession the existing democratic system is resilient enough to meet the challenges posed by the xenophobic and racist groups

The Radical Right in Germany Lee McGowan, 2014-09-25 The Radical Right has represented a major element in German politics and society throughout the history of the united country i e since the 1870s though the understandable concentration on the Third Reich 1933-45 has tended to distort the wider picture This book explores the history of the radical right through the full span of Germany's life as a nation thus putting the Third Reich in its natural context and also emphasising that the attitudes and policies of the radical right did not begin with Hitler's pursuit of power in the 1920s or end with his death in the ruins of Berlin

Ethnic Minorities in 19th and 20th Century Germany Panikos Panayi, 2014-06-11 This is the first book to trace the history of all ethnic minorities in Germany during the nineteenth and twentieth centuries It argues that all of the different types of states in Germany since 1800 have displayed some level of hostility towards ethnic minorities While this reached its peak under the Nazis the book suggests a continuity of intolerance towards ethnic minorities from 1800 that continued into the Federal Republic During this long period German states were home to three different types of ethnic minorities in the form of dispersed Jews and Gypsies localised minorities such as Serbs Poles and Danes and immigrants from the 1880s Taking a chronological approach that runs into the new Millennium the author traces the history of all of these ethnic groups illustrating their relationship with the German government and with the rest of the German populace He demonstrates that Germany provides a perfect testing ground for examining how different forms of rule deal with minorities including monarchy liberal democracy fascism and communism
