The Sociology of

Religion George Lundskow, 2008-06-10 Most Sociology of Religion texts are decidedly staid and uninteresting covering contemporary developments which are only contemporary only from a disciplinary perspective They are not contemporary if viewed from the perspective of the religion's practitioners in religious and non religious settings The textbooks that attempt to be interesting to undergraduate students often fall short because they either try to cover too much in an encyclopedic format or sacrifice a sociological perspective for a personal one Many use real life examples only superficially to illustrate concepts Lundskow's approach is the opposite students will learn the facts of religion in its great diversity all the most interesting and compelling beliefs and practices and then learn relevant concepts that can be used to explain empirical observations The book thus follows the logic of actual research investigate and then analyze rather than approaching concepts with no real bearing on how religion is experienced in society This approach using provocative examples and with an eye toward the historical and theoretical not to mention global experience of religion will make this book a success in the classroom The author envisions a substantive approach that examines religion as it actually exists in all its forms including belief ritual daily living identity institutions social movements social control and social change Within these broad categories the book will devote particular chapters to important historical moments and movements leaders and various individual religions that have shaped the contemporary form and effect of religion in the world today

The Coltrane Church Nicholas Louis Baham III, 2015-07-25 The John Coltrane Church began in 1965 when Franco and Marina King attended a performance of the John Coltrane Quartet at San Francisco's Jazz Workshop and saw a vision of the Holy Ghost as Coltrane took the bandstand Celebrating the spirituality of the late jazz innovator and his music the storefront church emerged during the demise of black owned jazz clubs in San Francisco and at a time of growing disillusionment with counter culture spirituality following the 1978 Jonestown tragedy For 50 years the church has effectively fought redevelopment environmental racism police brutality mortgage foreclosures religious intolerance gender disparity and the corporatization of jazz This critical history is the first book length treatment of an extraordinary African American church and community institution

Women Will Vote Susan Goodier, Karen Pastorello, 2017-09-15 Women Will Vote celebrates the 2017 centenary of women's right to full suffrage in New York State Susan Goodier and Karen Pastorello highlight the activism of rural urban African American Jewish immigrant and European American women as well as male suffragists both upstate and downstate that led to the positive outcome of the 1917 referendum Goodier and Pastorello argue that the popular nature of the women's suffrage movement in New York State and the resounding success of the referendum at the polls relaunched suffrage as a national issue If women had failed to gain the vote in New York Goodier and Pastorello claim there is good reason to believe that the passage and ratification of the Nineteenth Amendment would have been delayed Women Will Vote

makes clear how actions of New York's patchwork of suffrage advocates heralded a gigantic political social and legal shift in the United States. Readers will discover that although these groups did not always collaborate by working in their own ways toward the goal of enfranchising women they essentially formed a coalition. Together they created a diverse social and political movement that did not rely solely on the motivating force of white elites and a leadership based in New York City. Goodier and Pastorello convincingly argue that the agitation and organization that led to New York women's victory in 1917 changed the course of American history. *The Routledge Companion to the Christian Church* Gerard Mannion, Lewis S. Mudge, 2007-12-12. The nature and story of the Christian church is immensely important to theology students and scholars alike. Written by an international team of distinguished scholars, this comprehensive book introduces students to the fundamental historical, systematic, moral, and ecclesiological aspects of the study of the church, as well as serving as a resource for scholars engaging in ecclesiological debates on a wide variety of issues. It divides into six parts: the church in its historical context, the different denominational traditions, global perspectives, methods and debates in ecclesiology, key concepts and themes, ecclesiology and other disciplines, social sciences, philosophy, literature, and film. Authoritative, accessible, and easily navigable, this book is indispensable for everyone interested in the nature and history of the Christian Church.

The Supernatural and the Circuit Riders Rimi Xhemajli, 2021-06-22. In *The Supernatural and the Circuit Riders* Rimi Xhemajli shows how a small but passionate movement grew and shook the religious world through astonishing signs and wonders. Beginning in the late eighteenth century, early American Methodist preachers known as circuit riders were appointed to evangelize the American frontier by presenting an experiential gospel, one that featured extraordinary phenomena that originated from God's Spirit. In employing this evangelistic strategy of the gospel message fueled by supernatural displays, Methodism rapidly expanded. Despite beginning with only ten official circuit riders in the early 1770s, by the early 1830s circuit riders had multiplied and caused Methodism to become the largest American denomination of its day. In investigating the significance of the supernatural in the circuit rider ministry, Xhemajli provides a new historical perspective through his eye-opening demonstration of the correlation between the supernatural and the explosive membership growth of early American Methodism, which fueled the Second Great Awakening. In doing so, he also prompts the consideration of the relevance and reproduction of such acts in the American church today. *The Greenwood guide to American popular culture* M. Thomas Inge, Dennis Hall, 2002. **Against War and Empire** Richard Whatmore, 2012-07-31. Whatmore presents an intellectual history of republicans who strove to ensure Geneva's survival as an independent state. Whatmore shows how the Genevan republicans grappled with the ideas of Rousseau, Coltaire, Bentham, and others in seeking to make Europe safe for small states by vanquishing the threats presented by war and by empire. *Mission Stories, Latino Lives* Tomás Francisco Sandoval, 2002. *The New Encyclopedia of Southern Culture* Samuel S. Hill, Charles Reagan Wilson, 2006-12-13. Evangelical Protestant groups have dominated religious life in the South since the early nineteenth

century Even as the conservative Protestantism typically associated with the South has risen in social and political prominence throughout the United States in recent decades however religious culture in the South itself has grown increasingly diverse The region has seen a surge of immigration from other parts of the United States as well as from Latin America Asia and the Middle East bringing increased visibility to Catholicism Islam and Asian religions in the once solidly Protestant Christian South In this volume of The New Encyclopedia of Southern Culture contributors have revised entries from the original Encyclopedia on topics ranging from religious broadcasting to snake handling and added new entries on such topics as Asian religions Latino religion New Age religion Islam Native American religion and social activism With the contributions of more than 60 authorities in the field including Paul Harvey Loyal Jones Wayne Flynt and Samuel F Weber this volume is an accessibly written up to date reference to religious culture in the American South **Cults** Jill

Karson,2000 A collection of essays dealing with different aspects of cults The Trouble with Sauling Around Madeline Ruth Walker,2011-08-16 Examining autobiographical texts by Malcolm X The Autobiography of Malcolm X Oscar Zeta Acosta The Autobiography of a Brown Buffalo and Revolt of the Cockroach People Amiri Baraka The Autobiography of LeRoi Jones and Richard Rodriguez Hunger for Memory Days of Obligation and Brown Walker questions the often rosy views and simplistic binary conceptions of religious conversion Her reading of these texts takes into account the conflict and serial changes the authors experience in a society that marginalizes them the manner in which religious conversion offers ethnic Americans salvation through cultural assimilation or cultural nationalism and what conversion anticonversion and deconversion narratives tell us about the problematic effects of religion that often go unremarked because of a code of special respect and political correctness Walker asserts that critics have been too willing to praise religion in America as salutary or beyond the ken of criticism because religious belief is seen as belonging to an untouchable arena of cultural identity The Trouble with Sauling Around goes beyond traditional literary criticism to pay close attention to the social phenomena that underlie religious conversion narratives and considers the potentially negative effects of religious conversion something that has been likewise neglected by scholars *Program of the ...
