The European Wars of Religion Wolfgang Palaver, Harriet Rudolph, Dietmar Regensburger, 2016-12-05 In recent years religion has resurfaced amongst academics in many ways replacing class as the key to understanding Europe s historical development This has resulted in an explosion of studies revisiting issues of religious change confessional violence and holy war during the

early modern period But the interpretation of the European wars of religion still remains largely defined by national boundaries tied to specific processes of state building as well as nation building In order to more thoroughly interrogate these concepts and assumptions this volume focusses on terms repeatedly used and misused in public debates such as religious violence and holy warfare within the context of military conflicts commonly labelled religious wars The chapters not only focus on the role of religion but also on the emerging state as a driver of the escalation of violence in the so called age of religious war By using different methodological and theoretical approaches historians philosophers and theologians engage in an interdisciplinary debate that contributes to a better understanding of the religio political situation of early modern Europe and the interpretation of violent conflicts interpreted as religious conflicts today By adopting a multi disciplinary approach new and innovative perspectives are opened up that question if in fact religion was a primary driving force behind these conflicts

Policies and Politics of Teaching Religion Theodor Hanf, Karim El Mufti, 2015-03-26 In states in which the public role of religion is controversial religious instruction becomes both a means and an end of politics This groundbreaking collection of case studies drawn from Arab Asian and European countries examines different aspects of religious instruction how it is regulated who decides its content the values it imparts and in particular whether it triggers deepens or reduces conflict

Religion and Contemporary Politics Timothy J. Demy, Jeffrey M. Shaw Ph.D., 2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography
