Religion And Truth:

Religion and the Pursuit of Truth Lowell L. Bennion, 1959 **Demonstration of the Truth of the Christian Religion** Alexander Keith, 1839 **Religious Truth and Identity in an Age of Plurality** Peter Jonkers, Oliver J. Wiertz, 2019-08-05

This book deals with the intellectual aspects of having diverse religious expressions in proximity and the socio political consequences It provides a multi disciplinary perspective on this complex subject cross fertilizing work on religious plurality with truth claims from theologians as well as philosophers from the continental and analytic traditions The book includes three major parts Part 1 explores the ideas around religious diversity and truth Part 2 draws out the epistemic import of religious diversity and Part 3 concludes the volume by examining the practical and social aspects of religious diversity Bringing a transdisciplinary perspective to a topic that remains at the forefront of conversation around the religious life of the world this book will be of great interest to scholars of Religious Studies Theology and the Philosophy of Religion

Saving Truth Abdu Murray, 2018-05-08 How can Christians defend truth and clarity to a world that rejects both Increasingly Western culture embraces confusion as a virtue and decries certainty as a sin Those who are confused about sexuality and identity are viewed as heroes Those who are confused about morality are progressive pioneers Those who are confused about spirituality are praised as tolerant Conversely those who express certainty about any of these issues are seen as bigoted oppressive arrogant or intolerant This cultural phenomenon led the compilers of the Oxford English Dictionary to name post truth their word of the year in 2016 It s popularity and relevance has only increased since then By accurately describing the Culture of Confusion and how it has affected our society author Abdu Murray seeks to awaken Westerners to the plight we find ourselves in He also challenges Christians to consider how they have played a part in fostering the Culture of Confusion through bad arguments unwise labeling and emotional attacks Ultimately *Saving Truth* provides arguments from a Christian perspective for the foundations of truth and how those foundations impart clarity to the biggest topics of human existence Freedom Human dignity Sexuality Gender and Identity Science and Faith Religious pluralism and Morality For those enmeshed in the culture of confusion *Saving Truth* offers a way to untangle oneself and find hope in the clarity that Christ offers *Truth and Falsehood in Religion* William Ralph Inge, 1907 **Meaning, Truth, and God** Leroy S.

Rouner, 1982 **Religion and Dialogue in the City** Julia Ipgrave, Thorsten Knauth, Anna Körs, Dörthe Vieregge, Marie von der Lippe, 2018 Urban spaces throughout Europe are increasingly characterised by a mixture of different religions and worldviews Being home to a wide range of religious and non religious groups and individuals does not mean that cities are automatically also spaces of interreligious and interfaith encounters Whether a city is a venue for interreligious encounter and dialogue or merely a place where various religions and worldviews exist side by side is a central question for the continuing social cohesion of modern societies This volume presents selected findings of the international research project Religion and Dialogue in Modern Societies ReDi which investigated dialogical practice in the five metropolitan cities Oslo

Stockholm London Hamburg and Duisburg It offers a range of case studies addressing two fields of activity dialogue and interreligious encounters in the urban space and dialogue in education

Religious Truth Robert Cummings Neville,2000-11-09 This multifaceted study compares how six traditions interpret religious truth and how it has come to be illustrated so diversely in the Chinese religion Buddhism Hinduism Judaism Christianity and Islam Philosophical essays integrate the comparisons ask what religious truth might be in terms of a contemporary defensible theory and reflect on what all this shows for the nature of religion and its study Contributors include Francis X Clooney S J Malcolm David Eckel Paul Fredriksen S Nomanul Haq Joseph Kanofsky Livia Kohn James E Miller Robert Cummings Neville Hugh Nicholson Anthony J Saldarini John Thatamanil and Wesley J Wildman

An Introduction to the Theology of Religions Veli-Matti Kärkkäinen,2003-10-23 How does Christianity relate to other religions Beginning with a consideration of the biblical perspective Veli Matti Kärkkäinen offers a detailed and comprehensive survey of the diverse explanations proposed by teachers of the church down through the ages This indispensable guide is for anyone seeking to grasp Christianity's relationship to world religions

The Truth of Religion Rudolf Eucken,1913 [Facets of truth:8 discourses on religion](#) Samuel Pearson,1873 [Encountering Religious Pluralism](#) Harold Netland,2001-08-14 Harold Netland traces the emergence of the pluralistic ethos that challenges Christian faith and mission interacting heavily with philosopher John Hick and providing a framework for developing a comprehensive evangelical theology of religions

The Question of Theological Truth ,2012-01-01 In today's world the boundaries within which Christian theologians operate are becoming ever more permeable and Christian theology is increasingly influenced and challenged by multiple outside factors In Western Europe two such factors stand out in particular the so called turn to religion in continental philosophy and religious diversity Theologians working with contemporary continental philosophers and theologians engaging the multireligious world tend to work quite separately from one another The aim of the present book is therefore to initiate a conversation between these two groups of theologians The question of truth was chosen because it is both a key issue in contemporary philosophical debates in the continental and analytic traditions and one that arises in complex and problematic ways in the praxis of and theoretical reflection on interreligious dialogue Some of the pressing questions that are addressed by the contributors to this volume are What is truth What is theological truth How does the issue of truth arise from interreligious encounter To what extent can or should the nature of truth be discussed explicitly during interreligious dialogue Or should the question of truth be rather postponed in the interest of successful interreligious encounter Is there a hermeneutical concept of truth and if so how can it be of help for theological reflection on the question of truth and on the role and place of truth in the context of dialogue between religions

The Economic Order and Religion Frank Knight,Thornton W. Merriam,2013-10-08 First Published in 1998 In this highly fragmented culture of ours books are needed to integrate fields of interest ordinarily considered separately to state their common problems and to deal with their differences in the light of other criteria than the separate

functions and local loyalties of the special interests in themselves This book was originated with that purpose in mind Specifically this book deals with the practical dualism of our modern morals With the traditional Christian ethic at one pole and the variegated often contradictory assemblage of practices and precepts of our secular life at the other it has never been co-ordinated or made intelligible from within *The Methods of Science and Religion* Tiddy Smith, 2019-07-05 Tiddy Smith argues that the conflict between science and religion is ultimately a disagreement about what kinds of methods we should use for investigating the world Specifically scientists and religious folk disagree over which belief-forming methods are reliable In the course of justifying any scientific claim scientists typically appeal to methods which generate agreement between independent investigators and which converge on the same answers to the same questions In contrast religious claims are typically justified by methods which neither generate agreement nor converge in their results for example dreams visions mystical experiences etc This fundamental difference in methodologies can neatly account for the conflict between science and religion

The Truth of the Christian Religion Hugo Grotius, 1818 **Historicizing Secular-Religious Demarcations** Monika Wohlrab-Sahr, Daniel Witte, Christoph Kleine, 2024-07-01 This volume aims to revitalize the exchange between sociological differentiation theory and the sociology of religion which previously held center stage among the sociological classics It brings together contributions from different disciplines as well as various forms of regional and historical expertise which are indispensable in forming a globally oriented sociological perspective today Secularization is understood as a process of boundary demarcation that is as the enactment of semantic practical and institutional distinctions between religion and other spheres of activity and knowledge These distinctions may emerge from within the religious field itself or may be absorbed into the field having originally emerged elsewhere They may even be directly imposed upon religion by external forces The volume is therefore based on the premise that societal differentiation and secularity as a specific expression of it is a widespread structural feature that nonetheless takes on various forms depending on its historical and cultural context In order to make this diversity visible the volume adopts a global comparative perspective and examines historical distinctions and differentiations in the West and beyond By examining different forms and modes of secularity in statu nascendi the volume contributes to developing a better understanding of the diversity of secularities even of those found in the present day in terms of their historicity and their specific path dependencies With this shift in perspective this special volume initiates a global and historical turn in the theory of differentiation as well as in the study of secularity

The Oracle of Reason: or, Philosophy vindicated (ed. by C. Southwell). Charles Southwell, **Religion and Security** Robert A. Seiple, Dennis R. Hoover, 2004-09-13 Religion and Security The New Nexus in International Relations focuses on a groundbreaking theme In global security today religion is not only part of the problem but also part of the solution This book explores positive nexus points between religion and security paying particular attention to the resources within the Abrahamic faith traditions of Judaism Christianity and Islam that foster sustainable peace Religion and Security is a lively

and insightful collection of analyses by distinguished scholars and practitioners in security diplomacy conflict resolution human rights and theology As states and nongovernmental organizations alike reconsider their strategies for being relevant in the 21st century this book provides a practical framework through which both can work toward reducing violence and promoting human dignity Divided into four parts Religion and Security addresses themes of war and terrorism pluralism and stability military intervention and conflict resolution and religious freedom and civil society It underscores a crucial irony nations that violate religious human rights in the name of security will ultimately be vulnerable to a number of significant threats to stability This volume is a timely guide to the intersection of religion and security for human rights organizations security experts scholars of religion and politics government and non government staffers and decision makers and students in the disciplines of international affairs

Faith, Truth, and Freedom Jacob Neusner, 2002 Faith Truth and Freedom The Expulsion of Professor Gerd L demann from the Theology Faculty at G ttingen University sets forth the documentary record of a signal significant event in the academic study of religion in the universities of the West That event is the expulsion of Professor Gerd L demann from the Theology Faculty at the University of G ttingen by reason of the content of his academic writing and lecturing on the history and theology of earliest Christianity He was expelled from his post as professor of the New Testament and assigned a professorship of the history and literature of Early Christianity thereby losing all his academic rights and being forced into a ghetto existence within the theological faculty The expulsion of a professor from his academic post because of the public consequence of his scholarship for an academic and also a religious body raises a variety of issues for the academy and for the Church as well as for public policy What is at issue is the academic study of religion and theology specifically the possibility of an authentically academic theological enterprise can religion be studied by the rules of the academy This book collects not only Professor L demann s account of matters but also the response of the Dean of the Protestant Theological Faculty at G ttingen a score of comments by colleagues originally writing in the Anglo American journal Religion newspaper reports and commentary with all sides of the debate being represented
