Religion And Twentieth Century American Intellectual Life:

Religion and Twentieth-Century American Intellectual Life Michael James Lacey, 1991-06-28 This volume studies the persistence complexity and fragility of religious thought in the intellectual environment of the modern period

Religion and twentieth-century American intellectual life Michael J. Lacey (ed), 1989 **The Discipline of Religion** Russell T. McCutcheon, 2003-12-08 The Discipline of Religion is a lively critical journey through religious studies today looking at its recent growth as an academic discipline and its contemporary political and social meanings Focusing on the differences between religious belief and academic religious discourse Russell T McCutcheon argues that the invention of religion as a discipline blurs the distinction between criticism and doctrine in its assertion of the relevance of faith as a credible object of study In the leap from disciplinary criticism to avowal of actual cosmic and moral meaning schools of religious studies extend their powers far beyond universities and into the everyday lives of those outside managing and curtailing specific types of speech and dissent **The Virtues of Liberalism** Kloppenberg, 2000 This spirited analysis and defense of American liberalism demonstrates the complex and rich traditions of political economic and social discourse that have informed American democratic culture from the seventeenth century to the present The Virtues of Liberalism provides a convincing response to critics both right and left Against conservatives outside the academy who oppose liberalism because they equate it with license James T Kloppenberg uncovers ample evidence of American republicans and liberal democrats commitments to ethical and religious ideals and their awareness of the difficult choices involved in promoting virtue in a culturally diverse nation Against radical academic critics who reject liberalism because they equate it with Enlightenment reason and individual property holding Kloppenberg shows the historical roots of American liberals dual commitments to diversity manifested in institutions designed to facilitate deliberative democracy and to government regulations of property and market exchange in accordance with the public good In contrast to prevailing tendencies to simplify and distort American liberalism Kloppenberg shows how the multifaceted virtues of liberalism have inspired theorists and reformers from Thomas Jefferson and James Madison through Jane Addams and John Dewey to Martin Luther King Jr and then explains how these virtues persist in the work of some liberal democrats today Endorsing the efforts of such neo progressive and communitarian theorists and journalists as Michael Walzer Jane Mansbridge Michael Sandel and E J Dionne Kloppenberg also offers a more acute analysis of the historical development of American liberalism and of the complex reasons why it has been transformed and made more vulnerable in recent decades An intelligent coherent and persuasive canvas that stretches from the Enlightenment to the American Revolution from Tocqueville s observations to the New Deal s social programs and from the right to worship freely to the idea of ethical responsibility this book is a valuable contribution to historical scholarship and to contemporary political and cultural debates **Household Gods** Sara Georgini, 2019-01-16 Reflecting on his past President John Adams mused that it was religion that had shaped his family s fortunes and young America s future

For the nineteenth century's first family the Adamses of Massachusetts the history of how they lived religion was dynamic and well documented Christianity supplied the language that Abigail used to interpret husband John's political setbacks Scripture armed their son John Quincy to act as father statesman and antislavery advocate Unitarianism gave Abigail's Victorian grandson Charles Francis the religious confidence to persevere in political battles on the Civil War homefront By contrast his son Henry found religion hollow and repellent compared to the purity of modern science A renewal of faith led Abigail's great grandson Brooks a Gilded Age critic of capitalism to prophesy two world wars Globetrotters who chronicled their religious journeys extensively the Adamses ultimately developed a cosmopolitan Christianity that blended discovery and criticism faith and doubt Drawing from their rich archive Sara Georgini series editor for *The Papers of John Adams* demonstrates how pivotal Christianity as the different generations understood it was in shaping the family's decisions great and small Spanning three centuries of faith from Puritan New England to the Jazz Age *Household Gods* tells a new story of American religion as the Adams family lived it

For the Glory of God Richard H. Jones, 2012-06-07 *For the Glory of God* addresses key questions regarding the connection between religion and science Richard H Jones investigates whether ideas from the Bible and Christian theology have played a significant role in the development of modern scientific theories If so has the role always been positive or negative In this regard does religion have the epistemic right to control science or to offer an alternative Christian science to mainstream science Is creationism or intelligent design a science on the same footing with neo Darwinism Is the integrity of science today in danger of religious control In this volume Jones provides an illuminating history of the role of Christian ideas in the physical and biological sciences from the Middle Ages to today He reveals the failure of the popular war and harmony models for the relation of religion and science and shows that a control model does work to explain the complex history of religion and science

Modern Societies & the Science of Religions Gerard Wiegers, 2018-11-13 This book brings together studies by seventeen specialists in the science of religions in which they relate the changes in their discipline to the changes which have occurred in a select number of modernising societies worldwide It attempts to study these developments in their relation to and as conditioned and constrained by cultural change changes in educational systems technology population for example migration economic patterns politics and last but not least religious systems The essays focus on resp France Germany the Netherlands Spain the USA Turkey Israel Morocco Saudi Arabia South Africa Indonesia Japan and China Written in honour of Dr Lammert Leertouwer professor of History of Religions and the Comparative Study of Religions at Leiden University from 1979 until his retirement in 1997 the book is particularly important for all those who are interested in the religious social and political contexts of the academic Study of Religions in general and in the various countries dealt with in particular

The Politics of Virtue Elizabeth Mensch, Alan Freeman, 1993 Fiercely committed to the separation of church and state thoroughly pluralistic largely secular Where does a society like ours find common terms for conducting a moral debate In view of the crises surrounding the issue of abortion it is tempting to answer

nowhere In this timely and provocative book Elizabeth Mensch and Alan Freeman urge that we challenge the extremes of both the pro life and pro choice views of the abortion issue and affirm the moral integrity of compromise Attempting to restore a level of complexity to the discussion and to enrich public debate so that we may move beyond our current impasse the authors argue that it is essential to understand how issues of legal rights and theological concerns interact in American public debate Returning to the years leading up to Roe v Wade Mensch and Freeman detail the role of religion and its relationship to the emerging politics of abortion Discussing primarily the natural law tradition associated with Catholicism and the Protestant ethical tradition the authors focus most sharply on the 1960s in which the present terms of the abortion debate were set In a skillful analysis they identify a variety of factors that directed and shaped the debate including among others the haunting legacy of Nazism the moral challenge of the civil rights movement the God is dead discourse school prayer and Bible reading Harvey Cox's *The Secular City* the Berrigans and Vietnam the animal rights movement and the movement of the church going population away from mainstream Protestant tradition toward evangelical fundamentalism By criticizing the rhetoric employed by both the pro choice and pro life camps Mensch and Freeman reveal the extent to which forces on either side of the issue have failed to respond to relevant concerns Since Roe v Wade the authors charge public debate has seemed to concede the moral high ground to the pro life position while the pro choice rhetoric has appeared to defend an individual's legal right to do moral wrong Originally published as a special issue of *The Georgia Law Review* Spring 1991 this revised and expanded edition will be welcomed by all those frustrated by the impasse of debates so central to our nation's moral life

Recalling Religions Peter Kerry Powers, 2001 Peter Powers brings together critical sophistication in both theology and cultural history while also demonstrating superior skills at literary analysis There are few books that address the role of religion in American fiction let alone ethnic American fiction None do so in so profoundly revisionary a way as this Joseph T Skerrett Jr University of Massachusetts Amherst In *Recalling Religions* Peter Kerry Powers demonstrates the pervasive influence of religion in the literature produced by ethnic women writers in late twentieth century America Through close readings of works by Alice Walker Maxine Hong Kingston Leslie Marmon Silko and Cynthia Ozick the author shows how particular religious traditions have served as a resource for ethnic women enabling them to sustain their communities in the face of oppression Powers's analysis serves as an important corrective to earlier investigations of literature and religion Too often he argues such studies have functioned with an abstract or individualistic notion of religion thus downplaying the significance of ethnic traditions and practices Other studies have emphasized the religious traditions of discrete groups but have failed to see the points of contact and common purpose between different ethnic experiences By examining writers with disparate religious heritages Powers introduces important new insights He finds that even as traditions and cultural memories have nurtured ethnic women writers their works have frequently rewritten or recreated such traditions for the present day seeking for instance to overcome or transcend the sexism that may have characterized

earlier periods In its explorations of Walker Kingston Silko and Ozick *Recalling Religions* identifies broader trends that further our understanding of both American literature and religious culture The Author Peter Kerry Powers is associate professor of English at Messiah College in Grantham Pennsylvania His articles and reviews have appeared in *South Atlantic Review* *African American Review* *American Literature* *MELUS* and other publications A Preface to Theology W. Clark Gilpin, 1996-11-15 At a time of widespread perplexity about the social role of humanistic scholarship few disciplines are as anxious about their nature and purposes as academic theology In this important work W Clark Gilpin dean of the University of Chicago Divinity School proposes that American theological scholarship become responsible to a threefold public the churches the academic community and civil society Gilpin approaches this goal indirectly by investigating the historic social roles of Protestant theologians and the educational institutions in which they have pursued their scholarship and teaching Ranging from analyses of the New England Puritan Cotton Mather to contemporary theologians as public intellectuals Gilpin proposes that we find out what theology is by asking what theologians do By showing how particular cultural problems have always shaped the work of theologians Gilpin's work profoundly illuminates the foundations of American academic theology providing insights that will help guide its future **Religious Melancholy and Protestant Experience in America** Julius H. Rubin, 1994 This thought provoking study examines an apparent paradox in the history of American Protestant evangelical religion Fervent believers who devoted themselves completely to the challenges of making a Christian life who longed to know God's rapturous love all too often languished in despair feeling forsaken by God Indeed some individuals became obsessed by guilt terror of damnation and the idea that they had committed an unpardonable sin Ironically those most devoted to fostering the soul's maturation seemingly neglected the well being of the psyche Drawing upon many sources including unpublished diaries spiritual narratives and case studies of patients treated in nineteenth century asylums Julius Rubin thoroughly explores religious melancholy as a distinctive stance toward life a grieving over the loss of God's love and an obsession and psycho pathology associated with the spiritual itinerary of conversion The varieties of this spiritual sickness include sinners who would fast unto death evangelical anorexia nervosa religious suicides and those obsessed with unpardonable sin From colonial Puritans like Michael Wigglesworth to contemporary evangelicals like Billy Graham Rubin shows that religious melancholy has shaped the experience of self and identity for those who sought rebirth as children of God *Religious Melancholy and Protestant Experience in America* offers a fresh and revealing look at a widely recognized phenomenon It will be of interest to scholars and students of religious studies American history psychology and sociology of religion **Original Sin and Everyday Protestants** Andrew S. Finstuen, 2009 In the Years Following World War II American Protestantism experienced tremendous growth but conventional wisdom holds that midcentury Protestants practiced an optimistic progressive complacent and materialist faith In *Original Sin and Everyday Prot* The Learned Practice of Religion in the Modern University Donald Wiebe, 2019-11-14 In these essays Donald Wiebe unveils a significant

problem in the academic study of religion in colleges and universities in North America and Europe that studies almost always exhibit a religious bias To explore this issue Wiebe looks at the religious and moral agendas behind the study of religion showing that the boundaries between the objective study of religion and religious education as a tool for bettering society have become blurred As a result he argues religious studies departments have fostered an environment where religion has become a learned or scholarly practice rather than the object of academic scrutiny This book provides a critical history of the failure of 20th and 21st century scholars to follow through on the 19th century ideal of an objective scientific study of religious thought and behaviour Although emancipated from direct ecclesiastical control and to some extent from sectarian theologizing Wiebe argues that research and scholarship in the academic department of religious studies has failed to break free from religious constraints He shows that an objective scientific study of religious thought and practice is not only possible but the only appropriate approach to the study of religious phenomena

A Place Somewhat Apart Philip E. Harrold, 2006-10-01 The story of secularization and religious disestablishment in American higher education is told from the standpoint of a lively community of professors students and administrators at the University of Michigan in the late nineteenth century This campus culture one of the most closely watched of its day sheds new light on the personal and cultural meanings of these momentous changes in American intellectual and public life Here we see how religion was not so much displaced or marginalized in the heyday of university reform as translated into new arenas of public service and scholarly pursuit The main characters in this story professors Calvin Thomas and Henry Carter Adams underwent profound religious crises of faith accompanied by major adjustments in their interpersonal relationships Together with students and administrators their lives constituted a communal biography of religious deconversion A close examination of these private and public worlds provides a more complete understanding of the dynamics behind new academic policies and intellectual innovations in a leading public university The non cognitive intersubjective gendered quasi religious shadings of academic modernism and early pragmatist philosophy in particular come to light in vivid ways As John Dewey later observed Michigan became an experimental laboratory for new meanings to unfold new acts to propose

Soul Winners David Clary, 2022-09-15 American evangelicals have always been innovators They reimagined what a church could be whether it was a humble tent in a rural field or a high tech urban megachurch They embraced new forms of media to spread their message to the masses They thrived in a fiercely competitive religious marketplace In *Soul Winners* journalist David Clary argues that this entrepreneurial spirit has indelibly shaped evangelical ministries and their worldview For generations evangelical leaders have partnered with tycoons to pay for their churches crusades and campuses In turn evangelicals adopted the pro business anti government values of their conservative benefactors White evangelicals evolved into the Republican Party's most loyal voting bloc The close relationship between business and evangelicals has produced the growth oriented megachurches that dot the nation's landscape Pastors such as Rick Warren used market research and management

theory to create their seeker sensitive churches Televangelists and prosperity gospel preachers most notably Joel Osteen tell their audiences that faith will be rewarded in this world as well as in the kingdom to come Clary s narrative approach brings to life colorful characters such as the ballplayer turned preacher Billy Sunday who condemned the godless social service nonsense of liberal churches and Billy Graham who brought evangelicalism into the highest precincts of business and politics Soul Winners offers a fresh balanced perspective on evangelicals and the consequences of their enduring influence on American life

Saving Wisdom Brian W. Hughes, 2011-02-07 Is theology possible within a Christian university Beneath the emphasis of contextual philosophical and ecclesial pluralism what is its academic nature Further who can participate in it Recent debates and discussions by theologians that touch upon these questions seem to run in circles theology is an academic specialty enjoying academic freedom theology must bolster ecclesial identity become more catechetical and serve the church theology must contribute to and shape public policy Though such positions recur they overlook latent but interrelated characteristics embedded within the nature and place of theology within the Christian university that affect them all Upon analysis of four major theologians Friedrich Schleiermacher John Henry Newman Avery Cardinal Dulles S J and Edward Farley I argue that there are two major patterns at work First theology is more a sapientia or wisdom than a traditional academic discipline Second all descriptions of theology in the university possess an inclusive or exclusive soteriological character These patterns pervade diverse topics the relationship of theology to the church authority a theologian s ecclesial and academic commitments the preconditions of faith for theological understanding participation in a religious symbol system theology as wisdom and the difference between religion and theology How one implicitly defines Christian salvation regarding the place of theology in the Christian university opens or closes the practice of theology to those who teach and learn it

Presidential Faith and Foreign Policy W. Steding, 2014-11-19 This book explores the relationship between the religious beliefs of presidents and their foreign policymaking Through the application of a new methodological approach that provides a cognetic narrative of each president this study reveals the significance of religion s impact on U S foreign policy

Ideas, Ideologies, and Social Movements Peter A. Coclanis, Stuart Weems Bruchey, 1999 This volume uncovers the role of ideas and ideologies in some of the most important social movements in US history The book examines attempts to bring about or to thwart social or institutional change from political democratization and feminism to animal rights and civil rights

The Arts of Democracy Casey Nelson Blake, 2007 Written by some of the most respected and accomplished scholars working in their fields this volume illuminates the often contradictory impulses that have shaped the historical intersection of the arts public culture and the state in modern America

A Kingdom on Earth Paul T. Phillips, 1996 Social Christianity was a major force in the life of the United States Canada and Britain for more than sixty years beginning in the closing decades of the Victorian age As a tide of concern swept through Protestantism in the face of mounting social ills Social Gospellers and Christian Socialists urged a less competitive more compassionate society They

pioneered in many fields of modern social science and actively engaged in social work and party politics In *A Kingdom on Earth* Paul T Phillips provides an unusually broad view of the movement from both sides of the Atlantic including the usually neglected Canada He is also unique in carrying the story up to 1940 thereby tying Social Christianity to the origins of the welfare state Using a wide range of sources *A Kingdom on Earth* places the activities of Social Christians firmly in the social and cultural contexts of the day Phillips's analysis reveals the dilemmas of a movement that sought to achieve social harmony and justice through close cooperation with secular reformism Such dilemmas invariably led to rivalries with competing ideologies and brought secularizing influences into the churches themselves In spite of these worldly aspects however Phillips finds that the inspiration and essence of the movement were essentially religious

If you ally habit such a referred **Religion And Twentieth Century American Intellectual Life** books that will provide you worth, acquire the utterly best seller from us currently from several preferred authors. If you desire to witty books, lots of novels, tale, jokes, and more fictions collections are with launched, from best seller to one of the most current released.

Religion And Twentieth Century American Intellectual Life Introduction

Religion And Twentieth Century American Intellectual Life Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Religion And Twentieth Century American Intellectual Life Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Religion And Twentieth Century American Intellectual Life : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Religion And Twentieth Century American Intellectual Life : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Religion And Twentieth Century American Intellectual Life Offers a diverse range of free eBooks across various genres. Religion And Twentieth Century American Intellectual Life Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Religion And Twentieth Century American Intellectual Life Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Religion And Twentieth Century American Intellectual Life, especially related to Religion And Twentieth Century American Intellectual Life, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Religion And Twentieth Century American Intellectual Life, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Religion And Twentieth Century American Intellectual Life books or magazines might include. Look for these in online stores or libraries. Remember that while Religion And Twentieth Century American Intellectual Life, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Religion And Twentieth Century American Intellectual Life eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple

Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Religion And Twentieth Century American Intellectual Life full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Religion And Twentieth Century American Intellectual Life eBooks, including some popular titles.

FAQs About Religion And Twentieth Century American Intellectual Life Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Religion And Twentieth Century American Intellectual Life is one of the best book in our library for free trial. We provide copy of Religion And Twentieth Century American Intellectual Life in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Religion And Twentieth Century American Intellectual Life. Where to download Religion And Twentieth Century American Intellectual Life online for free? Are you looking for Religion And Twentieth Century American Intellectual Life PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Religion And Twentieth Century American Intellectual Life. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Religion And Twentieth Century American Intellectual Life are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories.

Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Religion And Twentieth Century American Intellectual Life. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Religion And Twentieth Century American Intellectual Life To get started finding Religion And Twentieth Century American Intellectual Life, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Religion And Twentieth Century American Intellectual Life So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Religion And Twentieth Century American Intellectual Life. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Religion And Twentieth Century American Intellectual Life, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Religion And Twentieth Century American Intellectual Life is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Religion And Twentieth Century American Intellectual Life is universally compatible with any devices to read.
