Religion Deviance And Social Control:

Religion, Deviance, and Social Control Rodney Stark, William Sims Bainbridge, 1996 First Published in 1997
Routledge is an imprint of Taylor Francis an informa company

Handbook of Religion and Social Institutions Helen Rose Ebaugh, 2007-10-23 Handbook for Religion and Social Institutions is written for sociologists who study a variety of sub disciplines and are interested in recent studies and theoretical approaches that relate religious variables to their particular area of interest The handbook focuses on several major themes Social Institutions such as Politics Economics Education Health and Social Welfare Family and the Life Cycle Inequality Social Control Culture Religion as a Social Institution and in a Global Perspective This handbook will be of interest to social scientists including sociologists anthropologists political scientists and other researchers whose study brings them in contact with the study of religion and its impact on social institutions

The SAGE Handbook of the Sociology of Religion James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009

Handbook of Religion and Society David Yamane, 2016-07-15 The Handbook of Religion and Society is the most comprehensive and up to date treatment of a vital force in the world today It is

an indispensable resource for scholars students policy makers and other professionals seeking to understand the role of religion in society This includes both the social forces that shape religion and the social consequences of religion This handbook captures the breadth and depth of contemporary work in the field and shows readers important future directions for scholarship Among the emerging topics covered in the handbook are biological functioning organizational innovation digital religion spirituality atheism and transnationalism The relationship of religion to other significant social institutions like work and entrepreneurship science and sport is also analyzed Specific attention is paid where appropriate to international issues as well as to race class sexuality and gender differences This handbook includes 27 chapters by a distinguished diverse and international collection of experts organized into 6 major sections religion and social institutions religious organization family life course and individual change difference and inequality political and legal processes and globalization and transnationalism

The Oxford Handbook of the Sociology of Religion Peter Clarke, 2009 An expert team of international scholars provide fifty one essays as entry points into the sociological study and understanding of religion and in depth surveys into its changing forms and content in the contemporary world Issues discussed range from ecology to law art to cognitive science crime to health care

Religion Christian Smith, 2019-03-26 A groundbreaking new theory of religion Religion remains an important influence in the world today yet the social sciences are still not adequately equipped to understand and explain it This book advances an innovative theory of religion that goes beyond the problematic theoretical paradigms of the past Drawing on the philosophy of critical realism and personalist social theory Christian Smith explores why humans are religious in the first place uniquely so as a species and offers an account of secularization and religious innovation and persistence that breaks the logjam in which religious scholarship has been stuck for so long Certain to stimulate debate and inspire promising new avenues of scholarship Religion features a wealth of illustrations and examples that help to make its concepts accessible to readers This superbly written book brings sound theoretical thinking to a perennially thorny subject and a new vitality and focus to its study

Digital Methodologies in the Sociology of Religion Sariya Cheruvallil-Contractor, Suha Shakkour, 2015-12-17 This volume considers the implementation difficulties of researching religion online and reflects on the ethical dilemmas faced by sociologists of religion when using digital research methods Bringing together established and emerging scholars global case studies draw on the use of social media as a method for researching religious oppression religion and identity in virtual worlds digital communication within religious organisations and young people s diverse expressions of faith online Additionally boxed tips are provided throughout the text to serve as reminders of tools that readers may use in their own research projects

Religion, Work, and Inequality Lisa Keister, 2002-04-17 Work behaviours and inequality in work based rewards are essential to financial security and general well being Although the benefits of receiving work based rewards such as income benefits and retirement packages are significant they are not enjoyed uniformly This title articulates an agenda for better understanding these social processes

Sociology of Religion Roberto Cipriani, 2020-10-28 In adopting an international perspective that goes beyond the conventional framework of western theology this volume bridges the divide between European and North American scholars through its careful retrieval of their common theoretical and research interests Cipriani provides a critical analysis of both classical thought and contemporary currents in this readable text aimed at both experts and students He has achieved a broadening in the scientific approach to the study of religion

Religion, the Community, and the Rehabilitation of Criminal Offenders Thomas P O'Connor, 2013-01-11 Explore the relationship between faith based programs religion and offender rehabilitation This book reports on current research from several disciplines to help the reader understand the nature and impact of the relationship between faith based programs religion and offender rehabilitation Religion the Community and the Rehabilitation of Criminal Offenders is a unique resource there has been very little research published on this important topic President Bush's faith based initiative recognized that religion plays a role in the justice system and corrections that is overlooked but essential it increases the role of community and caring in the system in a unique and important way This pathbreaking book points the way toward a system of faith based programs that are not only effective but also economical as these programs are often staffed by volunteers Religion the Community and the Rehabilitation of Criminal Offenders addresses important questions regarding the importance and effectiveness of faith based rehabilitation programs including What is the relationship between prison religion and offender rehabilitation What motivates inmates to become involved with religious programs and activities What is the prison chaplain's role in rehabilitation Are certain religious denominations more effective than others in preventing crime delinquency and recidivism How does religious activity help inmates adjust to the prison environment What do inmates have to say about the religious programs they encounter within the system How did Islam develop within American correctional institutions and what changes has the movement gone through in recent years Why do female African American inmates tend to resist conversion to Islam while their male counterparts embrace the Muslim faith in increasing numbers How can sacred texts and social theory be utilized as teaching tools and intervention strategies in the transformation processes of men incarcerated for violent crimes A fascinating study from the Sing Sing prison and more

Religion, Crime and Punishment Russil Durrant, Zoe Poppelwell, 2017-10-17 This book provides a critical discussion of the way in which religion influences criminal and antisocial behaviour punishment and the law intergroup conflict and peace making and the rehabilitation of offenders The authors argue that in order to understand how religion is related to each of these domains it is essential to recognise the evolutionary origins of religion as well as how genetic and cultural evolutionary processes have shaped its essential characteristics Durrant and Poppelwell posit that the capacity of religion to bind individuals into socially cohesive moral communities can help us to understand its complex relationship with cooperation crime punishment inter group conflict and forgiveness An original and innovative study this book will be of special interest to criminologists and other social scientists interested in the role of religion in crime

punishment intergroup conflict and law Delinquency in Society Regoli, John D. Hewitt, Matt DeLisi, 2016-08-15
 Delinquency in Society Tenth Edition provides a comprehensive and systematic overview of juvenile delinquency criminal behavior and status offending youths **Religion, Faith and Crime** Kim Sadique, Perry Stanislas, 2016-05-28 This unique collection brings together international contributors from a range of disciplines to explore crime and responses to crime through a religious faith based lens At a time when religion is under the media spotlight in terms of religiously motivated hate crime terrorism and child abuse this book provides an important platform for academic debate It examines these and other key issues including faith as a coping strategy religion as a motivating factor and the role of religion and morality in shaping criminal justice responses This collection clearly places religion faith at the heart of criminological enquiry and illustrates its relevance in addressing wider social issues and would be of benefit to students and academics researching or studying in these areas It will also be of interest to community and criminal justice practitioners and those with an interest in community engagement and multi faith work *Studying Religion and Society* Titus Hjelm, Phil Zuckerman, 2013 How do you study religion and society In this fascinating book some of the most famous names in the field explain how they go about their everyday work of studying religions in the field They explain how the ideas for their projects and books have come together how their understanding of religion has changed over the years and how their own beliefs have affected their work They also comment on the changing nature of the field the ideas which they regard as most important and those which have not stood the test of time Lastly they offer advice to young scholars and suggest what needs to be done to enable the field to grow and develop further Invitation to the Sociology of Religion Phil Zuckerman, 2003 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **Methods for Studying Video Games and Religion** Vít Šisler, Kerstin Radde-Antweiler, Xenia Zeiler, 2017-11-28 Game studies has been an understudied area within the emerging field of digital media and religion Video games can reflect reject or reconfigure traditionally held religious ideas and often serve as sources for the production of religious practices and ideas This collection of essays presents a broad range of influential methodological approaches that illuminate how and why video games shape the construction of religious beliefs and practices and also situates such research within the wider discourse on how digital media intersect with the religious worlds of the 21st century Each chapter discusses a particular method and its theoretical background summarizes existing research and provides a practical case study that demonstrates how the method specifically contributes to the wider study of video games and religion Featuring contributions from leading and emerging scholars of religion and digital gaming this book will be an invaluable resource for scholars in the areas of digital culture new media religious studies and game studies across a wide range of disciplines Handbook of the Sociology of Morality Steven Hitlin, Stephen Vaisey, 2010-10-17 Human beings necessarily understand their social worlds in moral terms orienting their lives relationships and activities around socially produced notions of right and wrong Morality is sociologically understood as more than simply helping or

harming others it encompasses any way that individuals form understandings of what behaviors are better than others what goals are most laudable and what proper people believe feel and do Morality involves the explicit and implicit sets of rules and shared understandings that keep human social groups intact Morality includes both the shoulds and should nots of human activity its proactive and inhibitive elements At one time sociologists were centrally concerned with morality issues like social cohesion values the goals and norms that structure society and the ways individuals get socialized to reproduce those concerns In the last half century however explicit interest in these topics has waned and modern sociology has become uninterested in these matters and morality has become marginalized within the discipline But a resurgence in the topic is happening in related disciplines psychology neurology philosophy and anthropology and in the wider national discourse Sociology has much to offer but is not fully engaged in this conversation Many scholars work on areas that would fall under the umbrella of a sociology of morality but do not self identify in such a manner nor orient their efforts toward conceptualizing what we know and should know along these dimensions The Handbook of the Sociology of Morality fills a niche within sociology making explicit the shared concerns of scholars across the disciplines as they relate to an often overlooked dimension of human social life It is unique in social science as it would be the first systematic compilation of the wider social structural cultural cross national organizational and interactional dimension of human moral understood broadly thought feeling and behavior

Sociology For Dummies Jay Gabler, 2021-02-10 Understand how society works and how to make it better It s impossible to exist in the contemporary world without being aware that powerful social forces ideas and movements MeToo climate change and Black Lives Matter to name just a few are having far reaching impacts on how we think and live But why are they happening And what are their likely effects The new edition of Sociology For Dummies gives you the tools to step back from your personal experience and study these questions objectively testing the observable phenomena of the human world against established theories and making usable sense of the results In a friendly jargon free style sociologist and broadcaster Jay Gabler introduces you to sociology s history and basic methods and once you have your sociological lens adjusted makes it clear how to survey the big questions of culture gender ethnicity religion politics and crime with new eyes You ll find everything you need to succeed in an introductory sociology class as well as to apply sociological ideas to give you extra insight into your personal and professional life Get a working knowledge of Sociology 101 Understand how human communities work Engage more deeply with debates on social justice healthcare and more Interpret and use sociological methods and research Whether you re studying sociology at school or just want to gain deeper insight into our collective life Sociology For Dummies gives you the tools to understand the mechanisms of the human world and the knowledge to influence how they work for the better

World Christian Trends Ad30-ad2200 (hb) ,2001 *Evolution, Religion, and Cognitive Science* Fraser Watts, Léon P. Turner, 2014-03-20 The cognitive science of religion is an inherently heterogeneous subject incorporating theory and data from anthropology psychology sociology evolutionary biology and

philosophy of mind amongst other subjects One increasingly influential area of research in this field is concerned specifically with exploring the relationship between the evolution of the human mind the evolution of culture in general and the origins and subsequent development of religion This research has exerted a strong influence on many areas of religious studies over the last twenty years but for some the so called evolutionary cognitive science of religion remains a deeply problematic enterprise This book s primary aim is to engage critically and constructively with this complex and diverse body of research from a wide range of perspectives To these ends the book brings together authors from a variety of relevant disciplines in the thorough exploration of many of the key debates in the field These include for example can certain aspects of religion be considered adaptive or are they evolutionary by products Is the evolutionary cognitive science of religion compatible with theism Is the evolutionary cognitive approach compatible with other more traditional approaches to the study of religion To what extent is religion shaped by cultural evolutionary processes Is the evolutionary account of the mind that underpins the evolutionary cognitive approach the best or only available account Written in accessible language with an introductory chapter by Ilkka Pyysiäinen a leading scholar in the field this book is a valuable resource for specialists undergraduate and graduate students and newcomers to the evolutionary cognitive science of religion
