Religion In South Asia:

Religions of South Asia Sushil Mittal, Gene Thursby, 2006-04-18 South Asia is home to many of the world's most vibrant religious faiths. It is also one of the most dynamic and historically rich regions on earth where changing political and social structures have caused religions to interact and hybridise in unique ways. This textbook introduces the contemporary religions of South Asia from the indigenous religions such as the Hindu, Jain, Buddhist and Sikh traditions to incoming influences such as Christianity, Judaism and Islam. In ten chapters it surveys the nine leading belief systems of South Asia and explains their history, practices, values and worldviews. A final chapter helps students relate what they have learnt to religious theory, paving the way for future study. Written by leading experts, *Religions of South Asia* combines solid scholarship with clear and lively writing to provide students with an accessible and comprehensive introduction. All chapters are specially designed to aid cross religious comparison following a standard format covering set topics and issues; the book reveals to students the core principles of each faith, compares it to neighbouring traditions and its particular place in South Asian history and society. It is a perfect resource for all students of South Asia's diverse and fascinating faiths. *South Asian Religions* Karen Pechilis, Selva J. Raj, 2012-11-27 The religious landscape of South Asia is complex and fascinating. While existing literature tends to focus on the majority religions of Hinduism and Buddhism, much less attention is given to Jainism, Sikhism, Islam or Christianity. While not neglecting the majority traditions, this valuable resource also explores the important role which the minority traditions play in the religious life of the subcontinent, covering popular as well as elite expressions of religious faith. By examining the realities of religious life and the ways in which the traditions are practised on the ground, this book provides an illuminating introduction to religion in South Asia. *South Asian Religions on Display* Knut A. Jacobsen, 2008-03-03 Religious procession is a significant dimension of religion in South Asia. This volume presents current research on this important phenomenon, dealing with interpretations of the role of processions, the recent increase in processions and changes in the procession traditions. Religion in South Asia Asghar Ali Engineer, 2005 Though Liberation Theology has yet not struck its roots in South Asia, some scholars have however started taking deep interest in it. As a result, we have begun to see the liberation content in every religion in the region. The present book offers the researches of some of these enterprising scholars. All the major religions in South Asia, namely Hinduism, Islam, Buddhism and Christianity, have been covered here. Their liberative content, which was hardly discernible, stands exposed for people to make use of it. The generalists and scholars will, it is hoped, find the work instructive and inspiring. **Routledge Handbook of South Asian Religions** Knut A. Jacobsen, 2020-11-29 The Routledge Handbook of South Asian Religions presents critical research, overviews and case studies on religion in historical South Asia, in the seven nation states of contemporary South Asia: India, Pakistan, Bangladesh, Nepal, Bhutan, Sri Lanka and the Maldives, and in the South Asian diaspora.
