Cartford,2010-04-23 Religion has been a powerful and determinative force in human life ever since the beginning of time Many religions have flourished then died Yet the basic dynamics of religion have not changed Religions seek to promote the gods they create instill fear divide people and control behavior After disclosing religions for what they are manipulative and domineering a non god way of life is presented What religions consider to be their exclusive domains eternal life spirituality morality and truth are exposed as not solely theirs Spirituality and morality are presented as an innate depth of human

beingness in all people Eternal life is offered as the noble destiny for all people not dependent on what gods are accepted Truth is to be known through reason not revelation To break unconditionally the power of religion the nexus must be changed from gods to humans at the center No longer ask What do the gods want instead What do humans need Along with a non god way of life a world without religion is discussed which elucidates a new way of beauty openness and peace For all people seeking an alternative way of life not controlled by religion or revelation this book offers a non god way of life **A Religion, Not a Theology, the Want of the Times ...** John Hamilton Thom,1859 [The God Dilemma V.](#)

Thomas,2009-08-01 Today s modern technology and scientific knowledge contradicts all religious dogma created in ancient times by ignorant and superstitious people who had just learned to write Modern science can test the strength of one s faith and it can make him a skeptic causing him to discard the religious beliefs of his family for generations past Deep religious experiences or self induced delusions can be explained by physical psychological biological and medical sciences today Evil or Sin is the result of social and mental conditions and can be corrected with education and medication today and without the help of an imaginary God To quote Mark Twain Faith is to believe in what you know for sure is not true The GOD Dilemma is an unscientific investigation to justify believing in religion today and in particular the Christian faith It argues that scientific and logical discussions about religion and the existence of God are futile however we cannot stop thinking about it Humans are maybe born with a faith in God s existence and with a conscience that tells them which is morally and ethically right and which is not Author Thomas used to believe in religion God and Christianity through his teenage years but even if he learned to ignore it during his 50 adult years he never consciously discarded his Christian faith He now shares his investigations and attempts to believe in Jesus Christ once again despite today s knowledge of the universe and evolution and by ignoring the sanctimonious behavior of fundamentalist US Christians In the international scene Thomas believes that the US wars since WWII cannot be justified by the life and the teachings of Jesus Christ There is an underlying moral claim by fundamentalist Christian Americans that its actions are justified by Jesus and Christianity The new phenomenon called Christian Zionism which requires the removal of Palestinians from their homeland to create and expand Israel to enable the second coming of Christ categorically contradicts the teachings of Jesus in the four Gospels Zionism is based on the Old Testament Bible OTB and Revelations in the New Testament both of which are scientifically ridiculous The OTB is also historically questionable about a God interacting with his only chosen people in Middle East and morally criminal God sponsored and assisted armed robbery and genocide to create Israel ancient and modern by today s legal and ethical standards Why has the life and teachings of Jesus Christ not produced universal love and non violence among Christians Why are American Christians the most active supporters of or not speaking out against the wars bombing and destruction by the USA since WWII Are Ashkenazi European Jews really the descendants of Semitic slaves from Egypt What were the reasons for anti Semitism and the Holocaust in Christian Europe of the past Why is the European Union and the US punishing the Palestinians for the

Holocaust crimes in Europe Can God's orders in the Bible be legally used by the United Nations to recreate Israel again in the 20th century after 3000 years by getting rid of Palestinians The book seeks to inform and provoke critical thinking of the readers through this investigation into religion and God and in particular the violent intolerant and self righteous behavior of Christians for centuries past and even in today's enlightened age using the source of the Christian religion the Bible
