Religion Without Explanation

**Hugh Campbell, Michael
Wilkinson, Michael Wilcockson**

Religion Without Explanation:

Religion without Transcendence? T. Tessin, D. Phillips, 2016-07-27 What can transcendence mean for us We live in a world in which there are many conceptions of transcendence Some philosophers say that they all point in their way to a transcendent realm without which death and life's sorrows have the last word while their opponents argue that since this realm is an illusion we must use our own resources to meet life's trials Others argue that moral and religious concepts of transcendence are obscured by philosophical notions of transcendence and must be rescued from them These conflicting views on a central issue in our culture are brought into sharp relief in the present collection Science, Reason and Religion Derek Stanesby, 2013-05-02 Philosophy matters This is the message of this highly original inquiry into the relationship between science and religion It is only when we examine the intellectual presuppositions on which science and religion are based with regard to such fundamentals as truth objectivity and realism that we perceive the link between these two enterprises which are essential to any characterization of man The book offers a lucid and enlightening account of the main movements in the philosophy of science in the twentieth century and then proceeds to demonstrate their consequences for philosophy of religion After examining the wide and all pervasive influence of positivism and its offspring relativism in both science and theology he suggests that the attempt to provide an alternative made by Karl Popper offers the most satisfactory way forward in man's twofold enquiry in terms of his relationship with God and with the world **Theism and Explanation** Gregory W. Dawes, 2012-09-10 In this timely study Dawes defends the methodological naturalism of the sciences Though religions offer what appear to be explanations of various facts about the world the scientist as scientist will not take such proposed explanations seriously Even if no natural explanation were available she will assume that one exists Is this merely a sign of atheistic prejudice as some critics suggest Or are there good reasons to exclude from science explanations that invoke a supernatural agent On the one hand Dawes concedes the bare possibility that talk of divine action could constitute a potential explanation of some state of affairs while noting that the conditions under which this would be true are unlikely ever to be fulfilled On the other hand he argues that a proposed explanation of this kind would rate poorly when measured against our usual standards of explanatory virtue **Religion Within the Limits of Language Alone** Felicity McCutcheon, 2017-03-02 Religion Within the Limits of Language Alone provides a critical examination of the Wittgensteinian philosophers of religion who claim that the word God cannot be understood as referring to a metaphysical being who may or may not exist McCutcheon traces the arguments offered by these philosophers of religion back to Wittgenstein's own criticisms of speculative metaphysics arguing that in its religious usage the concept of God does not fall under Wittgenstein's anti metaphysical gaze In presenting a detailed account of Wittgenstein's own philosophical method including his criticisms of metaphysics McCutcheon shows that it is possible to accept Wittgenstein's criticisms of metaphysics whilst retaining the metaphysical content of religious language This book offers a fresh understanding of

Wittgenstein's philosophical method and a new critique of religious discourse for those studying philosophy and religious studies

Conjunctive Explanations in Science and Religion Diarmid A. Finnegan, David H. Glass, Mikael Leidenhag, David N. Livingstone, 2023-02-28 This book investigates the nature and relevance of conjunctive explanations in the context of science and religion. It explores questions concerning how scientific and religious explanations for features of the world or phenomena within it relate to each other and whether they might work together in mutually enriching ways. The chapters address topics including the relationship between Darwinian and teleological explanations, non-reductive explanations of mind and consciousness, and explanations of Christian faith and religious experience, while others explore theological and philosophical issues concerning the nature and feasibility of conjunctive explanations. Overall, the contributions help to provide conceptual clarity on how scientific and religious explanations might or might not work together conjunctively, as well as exploring how these ideas relate to specific topics in science and religion more generally.

Religions and the Truth Hendrik M. Vroom, 1990

God, Reason, and Theistic Proofs Stephen T. Davis, 1997 Wisely structured and clearly written, *God, Reason, and Theistic Proofs* will make an excellent resource for those looking for an introduction to the debate surrounding the existence of God, or for those seeking intellectual validation for their faith.

The Science of Religion: A Defence Donald Wiebe, 2018-10-16 Donald Wiebe, Professor of Philosophy of Religion at Trinity College University of Toronto, has spent much of his academic career arguing for a clear demarcation between Theology and Religious Studies. *The Science of Religion: A Defence* offers a brilliant overview of Professor Wiebe's contributions on methodology in the academic study of religion, the development of his thinking over time, and of his intellectual commitment to a science of religion. The work is divided into three parts. The first part identifies pertinent connections between religion, religious studies, and science, and why reductionism in the academic study of religion, when properly applied, can bridge the explanatory gap between the sceptic and the devotee. The second part treats conceptual debates in the academic study of religion with particular reference to the place of belief, understanding, and meaning in the modern study of religion. The third part addresses the theological resistance to the scientific study of religion and how that resistance can be overcome. Finally, two new essays are included: a critique on *The Preconceptions of a Science of Religion* by Anthony J. Palma, and an accompanying reply by Donald Wiebe. *The Science of Religion: A Defence* is an essential resource for both scholarly and non-scholarly audiences alike and will be of particular interest to both defenders and critics of a scientific study of religion.

Philosophy of Religion: An Introduction Michael B. Wilkinson, 2010-04-08

D.Z. Phillips' Contemplative Philosophy of Religion Andy F. Sanders, 2016-05-13 This collection presents a critical discussion and exploration of the late D. Z. Phillips' contemplative approach in the philosophy of religion. What are the main characteristics of this ground-breaking approach, which is inspired by thinkers like Kierkegaard and Wittgenstein, and meant as a serious critical alternative to the mainstream way of doing philosophy of religion? What is its aim, if it is deliberately avoiding apology and defence of faith? How

does Phillips approach relate to systematic historical and empirical theology and is it really as neutral as he claims it to be Or is he perhaps a certain kind of theologian What are the implications of his contemplative philosophy for central issues of religious life today such as petitionary prayer the hope of eternal life and radical religious diversity The essays of six distinguished scholars from five different nations critically and sympathetically address these questions and are responded to by Phillips in essays of his own written briefly before his sudden death in July 2006 **Faith After Foundationalism** D. Z.

Phillips,2018-02-02 Such is the clarity of its exposition and interest of its argument that it can be recommended to those seeking an introduction to recent work in epistemology The interest of the book however is greater than that For the discussion of foundationalism and of recent reactions to it is subtly interwoven into a discussion of recent and not so recent philosophy of religion Colin Lyas Philosophy **The Territories of Human Reason** Alister E. McGrath,2019 The

Territories of Human Reason is the first major study to explore the emergence of multiple situated rationalities It focuses on the relation of the natural sciences and Christian theology but its approach can easily be extended to other disciplines

Studies in Religion Glyn Richards,2016-07-27 These studies in religion embrace Hindu Buddhist and Christian themes and examine the spiritual insights and philosophical reflections of prominent thinkers from different religious traditions Where appropriate comparisons are drawn between the views of representatives of the different traditions from an empathetic standpoint and in a way that would meet with the approval of adherents of those religions The main aim of these essays in the pluralistic religious situation of today is to enable us to escape from the small island of our own cultural tradition and to explore the richness and diversity of other cultures with their wide variety of religious experiences

Grammars of Faith P. F. Bloemendaal,2006 D Z Phillips is a leading figure in advocating a Wittgensteinian approach to the philosophical study of religion His writings exert an important influence on contemporary philosophy of religion giving a new direction to the philosophical discussion of religious belief and practice Although his work has prompted much often critical comment a thorough investigation has not been forthcoming Grammars of Faith fills that gap The book pays close attention to Wittgenstein s own remarks on religious belief arranging them against the background of his broader philosophical methodology as well as to the efforts of the early Wittgensteinians at providing a more comprehensive Wittgensteinian philosophy of religion Central to this study are Phillips s understanding of philosophical enquiry as a form of contemplation and his descriptive accounts of religious belief By means of a careful and methodical examination of Phillips s oeuvre the study seeks to present a fair assessment of Phillips s position showing not only its weaknesses but also its strength D. Z. Phillips on Religious Language, Religious Truth, and God Hyoseok Kim,2022-02-25 D Z Phillips 1934 2006 was one of the most influential ingenious and perhaps controversial thinkers in the Anglo American philosophy of religion In particular he is widely regarded as a leading proponent of a Wittgensteinian approach to the philosophy of religion While almost every book on religious language or Anglophone philosophy of religion deals with Phillips thought or at least mentions

his name all too frequently his position has been grossly misunderstood and has often attracted unwarranted criticism from various sides Seeking to offer a constructive presentation and critical discussion of Phillips view of philosophy religious language religious truth and God Hyoseok Kim endeavors to resolve some misunderstandings refute undue criticisms of Phillips position and make some suggestions concerning directions in which his view might and ought to be further developed

OCR Religious Studies A Level Year 1 and AS Hugh Campbell, Michael Wilkinson, Michael Wilcockson, 2016-12-12 Exam Board OCR Level A Level Subject Religious Studies First Teaching September 2016 First Exam Spring 2017 An OCR endorsed textbook Help students to build their subject knowledge and understanding with guidance and assessment preparation from a team of subject specialists brought to you by the leading Religious Studies publisher and OCR s Publishing Partner Develops students understanding of Philosophy of religion and Religion and ethics through accessible explanations of key theories and terms Enables you to teach Developments in Christian thought confidently with comprehensive coverage of the key theological arguments Supports assessment preparation with sample questions and revision advice written by subject specialists Encourages students to reflect on their learning and develop their own ideas Helps to extend learning and enhance responses with suggested ideas and additional reading Content covered Philosophy of religion Religion and ethics Developments in Christian thought **The End of Philosophy of Religion** Nick

Trakakis, 2008-12-27 The End of Philosophy of Religion explores the hitherto uncharted waters of the meta philosophy of religion that is the methods and assumptions underlying the divergent ways of writing and studying the philosophy of religion that have emerged over the last century It is also a first class study of the weaknesses of the analytic approach in philosophy particularly when it is applied to religious and aesthetic experience Nick Trakakis main line of argument is twofold Firstly the Anglo American analytic tradition of philosophy by virtue of its attachment to scientific norms of rationality and truth inevitably struggles to come to terms with the mysterious and transcendent reality that is disclosed in religious practice Secondly and more positively alternatives to analytic philosophy of religion are available not only within the various schools of so called Continental philosophy but also in explicitly narrative and literary approaches **Scientific Theology: Theory**

Alister E. McGrath, 2006-11-23 Noting the important parallels between scientific theory and Christian doctrine McGrath offers a sustained defense of the necessity of doctrine within Christian theology against those who argue for a non dogmatic Christianity The approach developed within this volume builds on the work of writers such as Heidegger and Habermas and argues that theory is to be conceived in terms of the communal beholding of reality The many theoretical issues to be addressed in this volume include the manner in which closure is secured in theological theorizing the implications of the stratification of reality for its representation the place of metaphysics in Christian theology and the nature of revelation itself Viewed as a whole Theory represents a fresh evaluation of the origins and place of theory in Christian theology which is certain to provoke discussion and debate This third volume completes the A Scientific Theology series A Scientific Theology

is a groundbreaking work of systematic theology in three volumes Nature Reality and Theory Now available as a three volume set Scientific Theology: Theory Alister E. McGrath, 2007-01-23 The third volume of an extended and systematic exploration of the relation between Christian theology and the natural sciences focussing on the origins and place of theory in Christian theology *Practices of Belief: Volume 2, Selected Essays* Nicholas Wolterstorff, 2010-02-11 This volume brings together Nicholas Wolterstorff s essays on epistemology written between 1983 and 2008

Religion Without Explanation Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Religion Without Explanation PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Religion Without Explanation PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries,

ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Religion Without Explanation free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Religion Without Explanation Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Religion Without Explanation is one of the best book in our library for free trial. We provide copy of Religion Without Explanation in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Religion Without Explanation. Where to download Religion Without Explanation online for free? Are you looking for Religion Without Explanation PDF? This is definitely going to save you time and cash in something you should think about.
