Carlisle, 2009 Examines the history events and people of the early twentieth century in America **Hard Times in Ireland** Jeremy Thornton, 2003-08-01 This volume examines how the Scotch Irish came to Ireland and the events that caused their immigration to the United States **The Gold Rush** Jeremy Thornton, 2003-08-01 This book briefly describes the reasons for Chinese immigration to the United States during the late 19th century and the challenges they faced on arrival **New Industries, New Jobs** Jeremy Thornton, 2003-08-01 This book examines the reasons for British immigration to America and what challenges they faced on arrival **Jews and Judaism in World History**, *Index to Jewish Periodicals*, 2004 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests **American Book Publishing Record**, 2004 **Migration and the Rise of the United States** Amba Pande, Camelia Tigau, 2024-08-20 By bringing together eminent scholars this book highlights the current scholarship in the field of migration which tries to present a counter narrative to popular anti immigrant rhetoric and populist domestic politics There has been a growing global trend of alternative histories and anthropologies that brings forth the voices from the margins and the developing world This volume in that sense without undermining the US's eminence tries to deprovincialise Burke 2020 or deparochialise it from within or through the histories of the immigrants In other words it attempts to re read the US's emergence as an important power with immigration as the site of analysis It provides a comprehensive and in depth theoretical and empirical discussion that will appeal to scholars and practitioners alike **Проблемы историографии российского зарубежья** Пронин Александр Алексеевич, 2012-01-10 *America, Its Jews, and the Rise of Nazism* Gulie Ne'eman Arad, 2000-12-22 Probing these questions Gulie Ne'eman Arad finds that more than the events themselves what was instrumental in dictating and shaping the American Jews response to Nazism was the dilemma posed by their desire for acceptance by American society on the one hand and their commitment to community solidarity on the other When American Jews were faced with the desperate plight of European Jews after Hitler's accession to power they were hesitant to press the case for immigration for fear of raising doubts about their patriotism *School Library Journal*, 2004 **Sword of the Spirit, Shield of Faith** Andrew Preston, 2012-02-28 A richly detailed profoundly engrossing story of how religion has influenced American foreign relations told through the stories of the men and women from presidents to preachers who have plotted the country's course in the world Ever since John Winthrop argued that the Puritans new home would be a city upon a hill Americans role in the world

has been shaped by their belief that God has something special in mind for them But this is a story that historians have mostly ignored Now in the first authoritative work on the subject Andrew Preston explores the major strains of religious fervor liberal and conservative pacifist and militant internationalist and isolationist that framed American thinking on international issues from the earliest colonial wars to the twenty first century He arrives at some startling conclusions among them Abraham Lincoln s use of religion in the Civil War became the model for subsequent wars of humanitarian intervention nineteenth century Protestant missionaries made up the first NGO to advance a global human rights agenda religious liberty was the centerpiece of Franklin Roosevelt s strategy to bring the United States into World War II From George Washington to George W Bush from the Puritans to the present from the colonial wars to the Cold War religion has been one of America s most powerful sources of ideas about the wider world When just days after 9 11 George W Bush described America as a prayerful nation a nation that prays to an almighty God for protection and for peace or when Barack Obama spoke of balancing the just war and the imperatives of a just peace in his Nobel Peace Prize acceptance speech they were echoing four hundred years of religious rhetoric Preston traces this echo back to its source *Sword of the Spirit Shield of Faith* is an unprecedented achievement no one has yet attempted such a bold synthesis of American history It is also a remarkable work of balance and fair mindedness about one of the most fraught subjects in America **Children's Books in Print, 2007**
