Religious Life And The Poor:

Happy Are You Poor Thomas Dubay, 2002-06-11 To the modern mind the concept of poverty is often confused with destitution But destitution emphatically is not the Gospel ideal A love filled sharing frugality is the message and Happy Are You Poor explains the meaning of this beatitude lived and taught by Jesus himself But isn't simplicity in lifestyle meant only for nuns and priests Are not all of us to enjoy the goodness and beauties of our magnificent creation Are parents to be frugal with the children they love so much The renowned spiritual writer Dubay gives surprising replies to these questions He explains how material things are like extensions of our persons and thus of our love If everyone lived this love there would be no destitution After presenting the richness of the Gospel message more beautiful than any other world view he explains how Gospel frugality is lived in each state of life

Chastity, Poverty and Obedience Mary Francis, 2010-05-26 Among the many topics addressed by the Second Vatican Council was the need for the renewal of religious life Some forty years later many religious orders of women are dying out begging the question Did the reforms of Vatican II help the religious orders become more fruitful or did they plant the seeds of destruction In writing this work Mother Mary Francis P C C carefully and prayerfully examined the decree on religious life promulgated by the Council Fathers and uncovered its noble meaning and purpose With her penetrating eye and thoughtful reflection Mother goes to the heart of the document Perfectae Caritatis and finds there the calling to pursue perfect love through chastity poverty and obedience that Christ himself extends to those disciples who would follow him more closely This book is a timely volume on this important topic for religious life in the Church For Catholics who want to discover how the religious life can be restored this is a fine place to start

The Rise and Fall of Catholic Religious Orders Patricia Wittberg, 1994-10-25

Humanities and Option for the Poor Clemens Sedmak, 2005 The concept of a preferential option for the poor calls for a special attention to the weakest members of a particular society Such an option is a challenge for the ethics of science as well How can we pursue an option for the poor in the humanities Can we do that without generating ideologies This volume gives an account of these questions

Representatives of sociology religious studies law economics theology history and philosophy try to answer this question It is manifest that the discussion of an option for the poor is also a matter of intellectual integrity

The True Church and the Poor Jon Sobrino, 2004-10-29

Of Jon Sobrino's first book Christology at the Crossroads the Church Times wrote It is radical without being reductionist It is relentless in its refusal to let us avoid the challenge of Jesus by sliding into theological or cultic abstractions It will stimulate illuminate and infuriate those whose minds are jaded by the current state of British theology And like all great theology it will bring you uncomfortably close to the living Jesus This second book also written out of the hell of El Salvador is if anything even more powerful and uncomfortable Dedicated To all men and women of El Salvador who have given their lives for the kingdom of God it took shape while Bishop Romero his priests Christian peasant leaders and catechists lived and died Doing theology in this situation requires that theology not only follows a specific

method but that it also has a specific character Theology in this situation becomes responsible Theologians do not arbitrarily decide to study this or that theme the theme is forced upon them by reality Theology becomes practical because its motivating concern is not pure thought nor even pure truth but rather the building of the kingdom of God and of a church that will be at the service of this kingdom Theology becomes evangelical in the true sense of that word it is done with pleasure in the Good News and with joy that there is salvation for the poor Finally theology becomes a response of gratitude because its starting point is the primordial Christian experience that something has been given to us What has been given to us is the mystery of God present in Jesus and in a church that is poor and is of the poor **Women and Poor Relief in**

Seventeenth-Century France Susan E. Dinan, 2017-09-29 Chronicling the history of the Daughters of Charity through the seventeenth century this study examines how the community's existence outside of convents helped to change the nature of women's religious communities and the early modern Catholic church Unusually for the time this group of Catholic religious women remained uncloistered They lived in private houses in the cities and towns of France offering medical care religious instruction and alms to the sick and the poor by the end of the century they were France's premier organization of nurses This book places the Daughters of Charity within the context of early modern poor relief in France the author shows how they played a critical role in shaping the system and also how they were shaped by it The study also examines the complicated relationship of the Daughters of Charity to the Catholic church of the time analyzing it not only for what light it can shed on the history of the community but also for what it can tell us about the Catholic Reformation more generally *Religious Poverty and the Profit Economy in Medieval Europe* Lester K. Little, 1983 In this stimulating and important book Lester Little advances the original thesis that paradoxically it was the leading practitioners of voluntary poverty Franciscan and Dominican friars who finally formulated a Christian ethic which justified the activities of merchants moneylenders and other urban professionals and created a Christian spirituality suitable for townsmen Little has synthesized a vast body of specialized literature in Italian German French and English to write an interpretive essay which provides a new perspective on the interaction between economic and social forces and the religious movements advocating the apostolic ideal of voluntary poverty Little's book is a major contribution not only to the history of the religious movement of voluntary poverty but also to the interdisciplinary study of the middle ages *Journal of Social History* **Handbook of African Catholicism**

Ilo, Stan Chu, 2022-07-13 A disciplinary map for understanding African Catholicism today by engaging some of the most pressing and pertinent issues topics and conversations in diverse fields of studies in African Catholicism *Poverty and Devotion in Mendicant Cultures 1200-1450* Constant J Mews, Anna Welch, 2016-07-15 Ever since the time of Francis of Assisi a commitment to voluntary poverty has been a controversial aspect of religious life This volume explores the interaction between poverty and religious devotion in the mendicant orders between the thirteenth and fifteenth centuries While poverty has often been perceived more as a Franciscan than as a Dominican emphasis this volume considers its role within a broader

movement of evangelical renewal associated with the mendicant transformation of religious life At a time of increased economic prosperity reformers within the Church sought new ways of encouraging identification with the person of Christ This volume considers the paradoxical tension between voluntary poverty as a way of emulating Christ and involuntary poverty as situation demanding a response from those with the means to help the poor Drawing on history literature and visual arts it explores how the mendicant orders continued to transform religious life into the time of the renaissance The papers in this volume are organised under three headings prefaced with an introductory essay by the editors Poverty and the Rule of Francis exploring the interpretation of poverty in the Franciscan Order Devotional Cultures considering aspects of devotional life fostered by mendicant religious communities Franciscan Augustinian and Dominican Preaching Poverty on the way poverty was promoted and practiced within the Dominican Order in the later Middle Ages and Renaissance

Religion and Poverty Benjamin Beit-Hallahmi,Waleed Chellam,Logan Cochrane,Divya Kannan,Alvin Lim,Atara Moscovitch,Sabine Müller,Jeremiah Unterman,2015-09-23 Nowadays religions are especially important for those who are living in countries of the formerly so called Third World The miseries of life seem to be so hard that just an afterlife in a transcendent paradise is promising relief Consequently there seems to be a close connection between religion and poverty especially in the 21st century when the hope for a better afterlife has become a driving force of the poor population of the world However what could be interpreted as a proof of the Marxist doctrine of religion as opium of the people for sure deserves a more multiperspectival approach which would not just cover the recent years of human history but past centuries as well as the different religions around the globe Therefore the second issue of Global Humanities traces the interrelationship between religion and poverty not only from a historical but also from a sociological religious and artistic perspective

recognizably medieval church **Poverty** Kenneth R. Himes, OFM, Conor M. Kelly, 2018-05-01 The poor will always be with you Jesus said but that doesn't mean Christians have ever figured out how to be with the poor Pope Francis has emphasized a

vision of a Church that is poor and for the poor But growing economic inequality continues to spread across the globe This book takes a fresh look at the role of churches and individual Christians in relating to poverty and the poor among them A strong focus is placed on the biblical and theological roots of the Church's commitment to care for the poor At times praised as a virtue and blessed as a condition poverty easily confuses us and we are often left doing little to nothing to make a difference with and for the poor As a social evil and a burden poverty has elicited many kinds of reactions among the followers of Christ It is time for Christians to figure out what to do about it Contributors include Pope Francis Pheme Perkins Sandra M Schneider and Thomas Massaro SJ This book provides a wonderful provocative theological framework for those of us who minister among our most vulnerable sisters and brothers For anyone who regularly looks into the eyes of suffering this book offers context hope and inspiration DONNA MARKHAM OP President and CEO Catholic Charities USA The authors challenge us to see hear and think differently about the meanings of poverty and to love passionately those whom Jesus loved the poor PROFESSOR M SHAWN COPELAND author of Enfleshing Freedom Body Race and Being As a good Franciscan Ken Himes knows poverty from the inside and has taught well his student Conor Kelly Here they draw together rich resources that call all of us to the poverty we need and to resist needless poverty This book is an ideal resource for conversation THOMAS H GROOME author of What Makes Us Catholic Sharing Faith and many other books Published in cooperation with the Church in the 21st Century Center Boston College
