She also considers the differences and similarities between the New Age and Neopagan movements as well as the antagonistic relationship between these two practices and other religions in America, particularly Christianity. Covering such topics as healing, gender and sexuality, millennialism, and ritual experience, she offers a sympathetic yet critical treatment of religious practices often marginalized yet soaring in popularity. Her book is a rich analysis of these spiritual worlds and social networks and questions why these faiths are flourishing at this point in American history.

Understanding Karmic Complexes Patricia L Walsh, 2009-09-01 While studying Evolutionary Astrology with Jeff Green, regression therapist Patricia Walsh realised that the potent combination of the two disciplines could help to resolve current issues which have their roots in past life experiences. Hocus Pocus Lately with Secret Insert for Bankers Valentino Zubiri, 2014-04-27 This is a Special Edition that includes a SPECIAL SECRET 2 PAGE PROPOSAL which the authors hopes for financial institutions including investment banks, hedge funds and investors to read. ART IS UNREGULATED and it may be the solution to your creative financing problem due to the economic downturn. It focuses on investing in art based on Mr Zubiri's idea that his several memoirs would make his art known and desired by art collectors and investors in the long run so financial institutions would find ways to make his art profitable for them. He proposes an exponential doubling of price in the Special Secret Insert. Psychic healing and psychic surgery are not professional activities that can be turned on and off. It is not like a 9 to 5 job. I never wanted it but for my beloved father who got sick I was willing to do anything. I had seen the impossible decades ago when I met a Filipino psychic surgeon. He taught me how to do it. Maybe I had no choice in the matter.
