E. Peters,2010-11-11 Jesus and Muhammad are two of the best known and revered figures in history each with a billion or more global followers Now in this intriguing volume F E Peters offers a clear and compelling analysis of the parallel lives of Jesus and Muhammad the first such in depth comparison in print Like a detective Peters compiles dossiers of what we do and do not know about the lives and portraits of these towering figures drawing on the views of modern historians and the evidence of the Gospels and the Quran With erudition and wit the author nimbly leads the reader through drama and dogma to reveal surprising similarities between the two leaders and their messages Each had a public career as a semi successful preacher Both encountered opposition that threatened their lives and those of their followers Each left a body of teaching purported to be their very words with an urgent imperative that all must become believers in the face of the approaching apocalypse Both are symbols of hope on the one hand and of God's terrible judgment

on the other They are bringers of peace and the sword There is however a fundamental difference Muslims revere Muhammad ibn Abdullah of Mecca as a mortal prophet Although known as a prophet in his day the Galilean Jew Jesus was and is believed by his followers to have been the promised Messiah indeed the son of God The Quran records revelations received by Muhammad as the messenger of God whereas the revelations of the Gospels focus on Jesus and the events of his life and death A lasting contribution to interfaith understanding Jesus and Muhammad offers lucid intelligent answers to questions that underlie some of the world s most intractable conflicts

A Unified Theory of Justice and Crime Michael J. DeValve, Tammy S. Garland, Elizabeth Q. Wright, 2018-09-15 Despite great effort and some improvements criminal justice today still seems like an oxymoron There are some very good reasons for this feeling catastrophic failures abound and marginal improvements appear revolutionary This book addresses the idea of justice in order to guide society toward a more effective justice system Specifically the authors argue that justice and love are one and the same thing They trace impoverished and accomplished thinking in criminological and justice discourses and show that the historic ills that have plagued humanity tend to evaporate when justice and love are understood to be synonyms

Inventing Southern Literature Michael Kreyling, 2009-11-12 Winner of the 1997 Eudora Welty Prize I take an outward route arguing that the Agrarian project was and must be seen as a willed campaign on the part of one elite to establish and control the South in a period of intense cultural maneuvering The principal organizers of I ll Take My Stand knew full well there were other Souths than the one they touted they deliberately presented a fabricated South as the one and only real thing In Inventing Southern Literature Michael Kreyling casts a penetrating ray upon the traditional canon of southern literature and questions the

modes by which it was created He finds that it was indeed an invention rather than a creation In the 1930s the foundations were laid by the Fugitive Agrarian group a band of poet critics that wished not only to design but also to control the southern cultural entity in a conservative political context From their heyday to the present Kreyling investigates the historical conditions under which literary and cultural critics have invented the South and how they have chosen its representations Through his study of these choices Kreyling argues that interested groups have shaped meanings that preserve a South as the South As the Fugitive Agrarians molded the region according to their definition in *I'll Take My Stand* they professed to have developed a critical method that disavowed any cultural or political intent or content a claim that Kreyling disproves He shows that their torch was taken by Richard Weaver on the Right and Louis D Rubin Jr on the Center Left and that both critics tried to preserve the Fugitive Agrarian credo despite the severe stresses imposed during the era of desegregation As the southern literary paradigm has been attacked and defended certain issues have remained in the forefront Kreyling takes on three reconciling the imperatives of race with the traditional definitions of the South testing the ways white women writers of the South have negotiated space within or outside the paradigm and analyzing the critics use and abuse of William Faulkner the major figure of southern literature as they have relied on his achievement to anchor the total project called Southern Literature
