Foreign Relations of the United States United States. Department of State, 1989 **Imre Nagy** János M. Rainer, 2009-08-30 After nearly three decades of dutiful service to the Communist Party Imre Nagy led the popular uprising against the Soviet authorities during the 1956 Hungarian Revolution Two years later he was disgraced and executed How did the formerly loyal Party servant become one of its most ardent critics How did he reconcile his own beliefs with the demands of the Party for so long and what finally drove him to take a stand And how should we understand his legacy for the modern democracy of Hungary This definitive biography of the Communist leader traces his life from his conventional petty bourgeois childhood in south west Hungary through his tremendous political achievements and ultimate dramatic failure The first complete portrait of this complex and contradictory figure Imre Nagy is vividly brought to life as an enigmatic figure whose actions shaped Hungary's destiny in 1956 and ever since

Make for the Hills Robert Thompson, 1989-06-01 When Robert Thompson left Cambridge to join the Malayan Civil Service in 1938 the sun still shone on the British Empire for 24 hours a day The outbreak of war in the Pacific found him in Hong Kong from which he was obliged to make a hurried and dramatic exit From that point most of his working life was spent in military and political circles as one of the world's leading experts on counterinsurgency measures on which subject he has written a number of highly regarded works Now with wit and modesty he tells the story of his own eventful life After the war during which he served in both operations in Burma he returned to Malaya and it was there during the

Emergency that he gained the experience in anti terrorist operations which was eventually to lead him as special adviser to Vietnam and on to Washington En route he was privileged to meet many of the most influential and controversial figures of his time from Wingate and Templer to Kennedy Nixon and Kissinger His comments on these and many others are candid and revealing Make for the Hills is both a fascinating autobiography and an important addition to the history of the post war world especially that of South East Asia

No Place for Russia William H. Hill, 2018-08-14 The optimistic vision of a Europe whole and free after the fall of the Berlin Wall in 1989 has given way to disillusionment bitterness and renewed hostility between Russia and the West In No Place for Russia William H Hill traces the development of the post Cold War European security order to explain today's tensions showing how attempts to integrate Russia into a unified Euro Atlantic security order were gradually overshadowed by the domination of NATO and the EU at Russia's expense Hill argues that the redivision of Europe has been largely unintended and not the result of any single decision or action Instead the current situation is the cumulative result of many decisions reasonably made at the time that gradually produced the current security architecture and led to mutual mistrust Hill analyzes the United States decision to remain in Europe after the Cold War the emergence of Germany as a major power on the continent and the transformation of Russia into a nation state placing major weight on NATO's evolution from an alliance dedicated primarily to static collective territorial defense into a security organization with global ambitions and capabilities Closing with Russia's annexation of Crimea and war in eastern Ukraine No Place for Russia argues that the post Cold War security order in Europe has been irrevocably shattered to be replaced by a new and as yet undefined order

Do Not Forget This Small Honest Nation Adam Somorjai, OSB and Tibor Zinner, 2013 Cardinal Joseph Mindszenty 1892 1975 was in 1956 71 guest of the American Embassy in Budapest Hungary During these 15 years he wrote a great number of letters and messages transmitted through diplomatic channels to four US Presidents and their Secretaries of State There are only two Presidential answers from Kennedy and from Nixon In general the Department of State instructed the Chargé in Budapest to inform the Cardinal orally his message has been received in the White House State Department This correspondence in his integrity remained buried in 5 archives This book is offered for all those willing to learn the various problems of Cold War and detente periods American diplomacy and the thinking of the great cardinal in his generation hero of freedom for the Hungarians and for the World From the letters of the Cardinal The Treaty of Versailles Trianon has dismembered us and Yalta has created a Soviet satellite out of us October 23 1957 The moral qualifications leave the sinful livers and blood wallowers cold November 8 1957 Today nothing is more important and perhaps it is not too late for mankind than that its leaders and the led should learn what bolshevism is in the way that we its poor wretched satellites have experienced in body and soul This great lesson can equal the Declaration of Independence in its effect June 23 1960 This peace i.e. the peace of Central Europe has been the peace of the graveyard only those who are not imprisoned can be satisfied with a jail August 10 1961 illegality never can become legality as the injustice justice March 13 1964 Rev Adam

Covert Network Eric Thomas Chester,2016-09-16 This book tells the story of the International Rescue Committee IRC the largest nonsectarian refugee relief agency in the world Founded in the 1930s by socialist militants the IRC attracted the support of renowned progressives such as Eleanor Roosevelt Norman Thomas and Reinhold Niebuhr But by the 1950s it had been absorbed into the American foreign policy establishment Throughout the Cold War the IRC was deeply involved in the volatile confrontations between the two superpowers and participated in an array of sensitive clandestine operations The IRC thus evolved from a small organization of committed activists to a global operation functioning as one link in the CIA s covert network

The World Under Capitalism Branko Milanovic,2025-04-07 Branko Milanovic is best known as one of the

world's leading experts on global inequality. But he is also an unusually wide-ranging and penetrating commentator on subjects across economics and beyond in politics, history and culture. This book brings together his most searching, provocative and entertaining articles of recent years, providing an abundance of vital insights into the evolution and dynamics of the world under capitalism. The volume features important ideas about the struggle to achieve a more equal and prosperous world against not only the predictable forces of deregulation and distraction but new ideas about shrinking the economy to protect the environment. Further from Milanovic's speciality, readers will find an extraordinary array of reflections on subjects including migration, globalization, the politics and economics of Russia and China, the crisis of liberal democracy, economic and literary history and the intellectual giants of economics. The pieces are united by Milanovic's distinctive voice: humane, wry and realistic, and by remarkable erudition worn lightly, whether the topic is the fall of Constantinople, Jane Austen or the mores of contemporary soccer. No one can fail to learn from the book while the sparkling prose, unexpected observations and sheer importance of the subjects at hand make it a compelling read from start to finish.
