Reluctant Soloist:

We Will Breathe Again Richard Brock, 2003-10 A macho struggle for supremacy over a barbecue a young boy's daydream carved on a wall a snatched moment of passion in a cramped tunnel deep underground two obsessive genealogists united by a century old tragedy and one man's bizarre newspaper buying habits These unforgettable moments chronicle the lives of a diverse range of characters played out against a backdrop of over 150 years of British industrial history The author explores the effects both protective and oppressive of industrial communities on those who live at the heart of them His lucid prose vividly depicts the humanity of the individual struggling to gain a footing in this world of mass identity and the devastating consequences of the industrial decay of the late Twentieth Century on those whose lives have been built around it This finely crafted short story collection introduces a fresh and youthful new voice in fiction *Elements of Sonata Theory* James Arnold Hepokoski, Warren Darcy, 2011 *Elements of Sonata Theory* is a comprehensive rethinking of the basic principles of sonata form in the decades around 1800 This foundational study outlines a new up to date paradigm for understanding the compositional choices found in the instrumental works of Haydn Mozart Beethoven sonatas chamber music symphonies overtures and concertos **Rabbit's Blues** Con Chapman, 2019-08-01 The first full length biography of Johnny Hodges *Rabbit's Blues* tells the story of one of the premier saxophonists in jazz history who brought the woody tone and bluesy technique of New Orleans music to the hot East Coast jazz of the Ellington orchestra *Zbigniew Preisner's Three Colors Trilogy* Nicholas W. Reyland, 2011-12-16 Director Krzysztof Kieslowski's *Three Colors* trilogy *Blue* 1993 *White* 1993 and *Red* 1994 is one of the great achievements of European film A meditation on liberty equality and fraternity these three films marked the culmination of the director's career as well as the zenith of one of the most important creative collaborations in 20th century cinema between Kieslowski scriptwriter Krzysztof Piesiewicz and composer Zbigniew Preisner Thanks to their close working relationship music for the *Three Colors* trilogy achieves both a focal narrative and philosophical function At times Preisner's music advances the narrative independently of the films other codes at other times it creates a metaphorical space into which the audience is invited in order to read for deeper messages As the first major scholarly treatment of Preisner's music Nicholas Reyland's *Zbigniew Preisner's Three Colors Trilogy A Film Score Guide* fills an important void in film score scholarship In this guide Reyland analyzes the historical context of the film scores the life of the composer the hermeneutic and narrative role of the music within the film and the musical scoring techniques used for the trilogy This volume also draws on an interplay of established classic approaches to analyzing film music and more recent approaches in the exploration of its themes and readings In addition the composer's willingness to be interviewed by Reyland enhances the musicological scholarship of this book giving the reader privileged access into the process of scoring A significant contribution to both film studies and musicological literature this book celebrates one of the great cinematic achievements of the last few decades *All Things Necessary* Marti Rideout, 2013-01-01 This is a complete revision of a detailed resource

Johannes Brahms Jan Swafford,2012-01-11 An illuminating new biography of one of the most beloved of all composers published on the hundredth anniversary of his death brilliantly written by a finalist for the 1996 National Book Critics Circle Award Johannes Brahms has consistently eluded his biographers Throughout his life he attempted to erase traces of himself wanting his music to be his sole legacy Now in this masterful book Jan Swafford critically acclaimed as both biographer and composer takes a fresh look at Brahms giving us for the first time a fully realized portrait of the man who created the magnificent music Brahms was a man with many friends and no intimates who experienced triumphs few artists achieve in their lifetime Yet he lived with a relentless loneliness and a growing fatalism about the future of music and the world The Brahms that emerges from these pages is not the bearded eminence of previous biographies but rather a fascinating assemblage of contradictions Brought up in poverty he was forced to play the piano in the brothels of Hamburg where he met with both mental and physical abuse At the same time he was the golden boy of his teachers who found themselves in awe of

a stupendous talent a miraculous young composer and pianist poised between the emotionalism of the Romantics and the rigors of the composers he worshipped Bach Mozart Beethoven In 1853 Robert Schumann proclaimed the twenty year old Brahms the savior of German music Brahms spent the rest of his days trying to live up to that prophecy ever fearful of proving unworthy of his musical inheritance We find here more of Brahms s words his daily life and joys and sorrows than in any other biography With novelistic grace Swafford shows us a warm blooded but guarded genius who hid behind jokes and prickliness rudeness and intractability with his friends as well as his enemies but who was also a witty drinking companion and a consummate careerist skillfully courting the powerful This is a book rich in secondary characters as well including Robert Schumann declining into madness as he hailed the advent of a new genius Clara Schumann the towering pianist tormented personality and great love of Brahms s life Josef Joachim the brilliant self lacerating violinist the extraordinary musical amateur Elisabet von Herzogenberg on whose exacting criticism Brahms relied Brahms s rival and shadow the malevolent genius Richard Wagner and Eduard Hanslick enemy of Wagner and apostle of Brahms at once the most powerful and most wrongheaded music critic of his time Among the characters in the book are two great cities the stolid North German harbor town of Hamburg where Johannes grew up which later spurned him and glittering fickle music mad Vienna where Brahms the self proclaimed vagabond finally settled to find his sweetest triumphs and his most bitter failures Unique to this book is the way in which musical scholarship and biography are combined in a style refreshingly free of pretentiousness Jan Swafford takes us deep into the music from the grandeur of the First Symphony and the intricacies of the chamber work to the sorrow of the German Requiem allowing us to hear these familiar works in new and often surprising ways This is a clear eyed study of a remarkable man and a vivid portrait of an era in transition Ultimately Johannes Brahms is the story of a great backward looking artist who inspired musical revolutionaries of the following generations yet who was no less a prophet of the darkness and violence of our century A biographical masterpiece at once wholly original and definitive
