Remaking America

Louis DeSipio, Rodolfo O. de la Garza

Remaking America:

Remaking America John Bodnar, 2020-07-21 In a compelling inquiry into public events ranging from the building of the Vietnam Veterans Memorial through ethnic community fairs to pioneer celebrations John Bodnar explores the stories ideas and symbols behind American commemorations over the last century Such forms of historical consciousness he argues do not necessarily preserve the past but rather address serious political matters in the present *Remaking America* Joe

Soss, Jacob S. Hacker, Suzanne Mettler, 2007-11-08 Over the past three decades the contours of American social economic and political life have changed dramatically The post war patterns of broadly distributed economic growth have given way to stark inequalities of income and wealth the GOP and its allies have gained power and shifted U S politics rightward and the role of government in the lives of Americans has changed fundamentally *Remaking America* explores how these trends are related investigating the complex interactions of economics politics and public policy *Remaking America* explains how the broad restructuring of government policy has both reflected and propelled major shifts in the character of inequality and democracy in the United States The contributors explore how recent political and policy changes affect not just the social standing of Americans but also the character of democratic citizenship in the United States today Lawrence Jacobs shows how partisan politics public opinion and interest groups have shaped the evolution of Medicare but also how Medicare itself restructured health politics in America Kimberly Morgan explains how highly visible tax policies created an opportunity for conservatives to lead a grassroots tax revolt that ultimately eroded of the revenues needed for social welfare programs Deborah Stone explores how new policies have redefined participation in the labor force as opposed to fulfilling family or civic obligations as the central criterion of citizenship Frances Fox Piven explains how low income women remain creative and vital political actors in an era in which welfare programs increasingly subject them to stringent behavioral requirements and monitoring Joshua Guetzkow and Bruce Western document the rise of mass incarceration in America and illuminate its unhealthy effects on state social policy efforts and the civic status of African American men For many disadvantaged Americans who used to look to government as a source of opportunity and security the state has become increasingly paternalistic and punitive Far from standing alone their experience reflects a broader set of political victories and policy revolutions that have fundamentally altered American democracy and society Empirically grounded and theoretically informed *Remaking America* connects the dots to provide insight into the remarkable social and political changes of the last three decades **Remaking America** John E. Bodnar, 1992 **Remaking America (Classic Reprint)** Jay

Franklin, 2015-07-07 Excerpt from *Remaking America* About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing

page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Remaking America Is Up to You!**

George Lopac Jr.,2019-11-19 Remaking America Is Up to You The Future Is Outside the Box By George Lopac Jr Today s America is a crippled republic that has fallen victim to political parties a lack of common sense and insanity doing the same thing over and over and expecting to create improvements Author George Lopac Jr believes America is in a desperate time that calls for desperate measures Lopac declares that before designing the future we must learn from the past and understand the present Remaking America is a critical look at America today with thoughtful ideas and plans to shape it into something better Lopac tackles issues including the Electoral College the federal debt the election process universal free education and health care alternate sources of funding and above all using a new paradigm for common sense as a guide

Remaking America Richard McCormack,2013-07-10 **Latinos** Marcelo M. Suárez-Orozco,Mariela Páez,2008 Latinos brings together the most sophisticated thinking on the changing intellectual complexion of America Henry Louis Gates Jr author of Thirteen Ways of Looking at a Black Man **Remaking America** Jay Franklin,1942 Making Americans, Remaking America Louis DeSipio,Rodolfo O. de la Garza,1998-03-20 In a historical overview of U S immigration the authors examine legislative and legal battles being waged over immigration policy whether minority issues can be resolved by developing a more explicit settlement policy and whether the contract between state and immigrant would change if we fully understood the immigrant s legitimate needs *Survival and Revival of the American Dream* Ernst G. Frankel,2013-11-12 This book is about the criticism of the American economic strategy *Noncitizen Voting and American Democracy* Stanley A. Renshon,2009-08-16 Continuing large scale migration to the United States raises the question of how best to integrate new immigrants into the American national community Traditionally one successful answer has been to encourage immigrants to learn our language culture history and civic traditions New immigrants would then be invited become citizens and welcomed as full members of the community However a concerted effort is underway to gain acceptance for and implement the idea that the United States should allow new immigrants to vote without becoming citizens It is mounted by an alliance that brings together progressive academics law professors local and state political leaders and community activists all working to decouple voting from American citizenship Their effort show signs of success but is it really in America s best interests to allow new immigrants to have the vote Their proposals have been much advocated but little analyzed Neither a polemic nor a whitewash Stanley A Renshon provides a careful analysis of the arguments put forward by advocates of this position on the basis of fairness increasing democracy civic learning and moral necessity and asks Do they really help immigrants become Americans **The Immigration Crisis** Armando Navarro,2008-11-16 Immigration remains one of the most pressing and polarizing issues in the United States In The Immigration Crisis the political scientist and social activist Armando Navarro takes a hard look at 400 years of immigration into the territories that now form the United States

paying particular attention to the ways in which immigrants have been received The book provides a political historical and theoretical examination of the laws personalities organizations events and demographics that have shaped four centuries of immigration and led to the widespread social crisis that today divides citizens non citizens regions and political parties As a prominent activist Navarro has participated broadly in the Mexican American community s responses to the problems of immigration and integration and his book also provides a powerful glimpse into the actual working of Hispanic social movements In a sobering conclusion Navarro argues that the immigration crisis is inextricably linked to the globalization of capital and the American economy s dependence on cheap labor

America Dinesh D'Souza,2014-06-02 1 New York Times Bestseller Is America a source of pride as Americans have long held or shame as Progressives allege Beneath an innocent exterior are our lives complicit in a national project of theft expropriation oppression and murder or is America still the hope of the world Dinesh D Souza says these questions are no mere academic exercise It is the Progressive view that is taught in our schools that is preached by Hollywood and that shapes the policies of the Obama administration If America is a force for inequality and injustice in the world its power deserves to be diminished if traditional America is based on oppression and theft then traditional America must be reformed and the federal government can do the reforming In America Imagine a World without Her D Souza offers a passionate and sharply reasoned defense of America knocking down every important accusation made by Progressives against our country Provocative in its analysis stunning in its conclusions Dinesh D Souza s America is a new classic

Making, Unmaking and Remaking America Loretta Valtz Mannucci,2000

Returning to America Mark Dean,2007-09 In this work Dean discusses ways for the American public to have a stronger voice than its politicians how to end political corruption in a year and how to end competition with low paid foreign worker Christian

Rebirth of a Nation Joel Edward Goza,2024-09-24 Joel Edward Goza dismantles the deep seated myths that perpetuate white supremacy and makes the case that reparations are necessary to heal America s racial wounds and live up to our democratic ideals Like many well intentioned white people Goza once believed that he could support Black America s struggle for equality without supporting reparations Reparations he thought were altogether irrelevant to the real work of racial justice This is a book about why he was wrong In fact any effort to heal our nation s wounds will fail without reparations In Rebirth of a Nation Goza exposes lesser known aspects of racism in American history and how Black people have consistently been depicted as responsible for their own oppression to justify slavery Jim Crow mass incarceration and gross inequality Goza s iconoclastic and incisive account exposes how revered figures like Thomas Jefferson and Abraham Lincoln embedded white supremacy deep into our nation s consciousness and how Ronald Reagan manipulated this ideology so that society cheered as he advanced a set of policies that wounded our nation and intensified Black America s suffering But Rebirth of a Nation is not merely about accountability It is also about hope A reparations process is not a utopian dream Goza offers a practical path toward closing the racial wealth gap Rebirth of a Nation shows readers how they can join the

reparative process working toward the creation of a more perfect union **America in the Seventies** Beth L. Bailey, 2004
The seventies witnessed economic decline in America coupled with a series of foreign policy failures events that created an air of unease and uncertainty This volume examines the ways in which Americans responded to a changing world and sought to redefine themselves **The Immigration Debate** John Isbister, 1996 Attempts to debunk some of the myths surrounding immigrants and their place in the work force arguing that their advantage lies in their work ethic The Brooklyn Bridge Richard Haw, 2005 Bringing together more than sixty images of the bridge that over the years have graced postcards magazine covers and book jackets and appeared in advertisements cartoons films and photographs Haw traces the diverse and sometimes jarring ways in which this majestic structure has been received adopted and interpreted as an American idea Haw s account is not a history of how the bridge was made but rather of what people have made of the Brooklyn Bridge in film music literature art and politics from its opening ceremonies to the blackout of 2003 BOOK JACKET Getting Immigration Right David Coates, 2009 Experts address the most vexing questions of the immigration debate

Thank you for reading **Remaking America**. Maybe you have knowledge that, people have look numerous times for their chosen readings like this Remaking America, but end up in infectious downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they are facing with some malicious bugs inside their desktop computer.
