Muster,2013-03-15 Combining behind the scenes coverage of an often besieged religious group with a personal account of one woman s struggle to find meaning in it Betrayal of the Spirit takes readers to the center of life in the Hare Krishna movement Nori J Muster joined the International Society of Krishna Consciousness ISKCON the Hare Krishnas in 1978 shortly after the death of the movement s spiritual master and worked for ten years as a public relations secretary and editor of the organization s newspaper the ISKCON World Review In this candid and critical account Muster follows the inner workings of the movement and the Hare Krishnas progressive decline Combining personal reminiscences published articles and internal documents Betrayal of the Spirit details the scandals that beset the Krishnas drug dealing weapons stockpiling deceptive fundraising child abuse and murder within ISKCON as well as the dynamics of schisms that forced some 95 percent of the group s original members to leave In the midst of this institutional disarray Muster continued her personal search for truth and religious meaning as an ISKCON member until disillusioned at last with the movement s internal divisions she quit her job and left the organization In a new preface to the paperback edition Muster discusses the personal circumstances that led her to ISKCON and kept her there as the movement s image worsened She also talks about the darkest secret child abuse in the ISKCON parochial schools that was covered up by the public relations office where she worked Reality/The Inconceivable Truth Michael Duncan,2014-01-16 This books aim is to impart the ultimate purpose of human existence and that goal is called self realization it is to restore our lost connection with our divine friend who is and has always been situated within the core of our hearts The conscious effort of reviving one s relationship with the Lord s localized feature is also known as the dovetailing process The author Mike Duncan seeks to imbue to his readers a taste of the stunning truth about God a taste said to be so sweet that it is sure to motivate the sincere truth seeking soul to investigate the eternal transcendental science

by which one can come to know everything about Him The author concludes that this science of self realization established personally by God is the eternally approved method of approaching Him It is the only means by which one can rise above the illusory bodily conception of life to the spiritual platform the platform of reality on which everything is known In the present degraded age of Kali the age of quarrel there is a special potency which is available to persons who accept the descending spiritual authority His Divine Grace Srila Prabhupada is the latest descendant from the spiritual world who is authorized by the Lord to present Him to the inhabitants of this mortal world His Grace is instructing as follows One who is ignorant of the scientific knowledge of the soul does not look inside the body to find happiness in the soul The living being covered by the material body does not see the happiness within himself but runs after happiness in the material world When one understands his real identity as spiritual being he can understand the supreme spiritual being Krishna and the real happiness exchanged between Krishna and one s self SB 7 13 29 *Truth Be Known* Jananivasa dasa,2018-04-05 It is said that truth is stranger than fiction but this opinion is due only to incomplete knowledge Relative to the eternal spiritual reality nothing is stranger than a world whose people are uneducated in conclusive spiritual truth Lacking the qualifications required for reception of perfect knowledge most people of this world are totally oblivious to the nature of spiritual subject matters much less have they a clue of the identity of God Spiritual understanding is lacking because the object of understanding is unknown Indeed most people of this illusory world would not know the Supreme Spiritual Person even if He were standing before them It is instructed by the Vedic authority that the first qualification for reception of perfect spiritual truth and knowledge is simply to admit our bewildered condition Because it is only the Absolute Truth who can save this world from certain destruction this book was written to give people a chance to see what they do not know References from the Vedic scriptures are provided as proof but the real fool proof approach to Absolute Spiritual Truth is to receive the knowledge directly from the Vedas It is due to divine design that the Eternal Spiritual Reality has until now until this dawning age of enlightenment remained unknown to the conditioned residents of this criminal world As instructed in the Aquarian Gospel of Jesus the Christ There are many mysteries in Christ consciousness but there are no mysteries in God consciousness
