Reminiscences Of Tolstoy Chekhov Andre:

Reminiscences of Tolstoy, Chekhov, and Andreev Maksim Gorky, 1948 **Tolstoy or Dostoevsky** George Steiner, 2013-04-16 The first book of criticism from the acclaimed author of *After Babel* a provocative and probing look at Russian literature's most influential writers The New York Times Literary criticism writes Steiner should arise out of a debt of love Abiding by his own rule Tolstoy or Dostoevsky is an impassioned work inspired by Steiner's conviction that the legacies of these two Russian masters loom over Western literature By explaining how Leo Tolstoy and Fyodor Dostoevsky differ from each other Steiner demonstrates that when taken together their work offers the most complete portrayal of life and the tension between the thirst for knowledge on one hand and the longing for mystery on the other An instant classic for scholars of Russian literature and casual readers alike Tolstoy or Dostoevsky explores two powerful writers and their opposing modes of approaching the world and the enduring legacies wrought by their works **Freedom from Violence and Lies** Michael C. Finke, 2021-11-11 An enlightening nuanced and accessible introduction to the life and work of one of the greatest writers of short fiction in history Anton Chekhov's stories and plays endure far beyond the Russian context as outstanding modern literary models In a brief remarkable life Chekhov rose from lower class provincial roots to become a physician leading writer and philanthropist all in the face of a progressive fatal disease In this new biography Michael C Finke analyzes Chekhov's major stories plays and nonfiction in the context of his life both fleshing out the key features of Chekhov's poetics of prose and drama and revealing key continuities across genres as well as between his lesser studied early writings and the later works An excellent resource for readers new to Chekhov this book also presents much original scholarship and is an accessible comprehensive overview of one of the greatest modern dramatists and writers of short fiction in history *Postcolonial Memoir in the Middle East* Norbert Bugeja, 2012-11-27 This book reconsiders the notion of liminality in postcolonial critical discourse today By visiting Mashriqi writers of memoir Bugeja offers a unique intervention in the understanding of in between and threshold states in present day postcolonialist thought His analysis situates liminal space as a fraught form of consciousness that mediates between conditions of historical contingency and the memorializing present Within the present Mashriqi memoir form liminal spaces may be read as articulations of representational spaces narrative spaces that based as they are within the histories of local communities are nonetheless redolent with memorial and imaginary elements Liminal consciousness today Bugeja argues is a direct consequence of the impact of volatile present day memories on the re conception of the open wounds of history Incisive readings of life writings by Mourid Barghouti Amin Maalouf Orhan Pamuk Amos Oz and Wadad Makdisi Cortas demonstrate the double edged representational chasm that opens up when present acts of memorializing are brought to bear upon the elusive histories of the early twentieth century Mashriq Sifting through the wide ranging theoretical literature on liminality and challenging received views of the concept this book proposes a nuanced materialist and original rethinking of the liminal as a more vigilant outlook onto the political literary and

historical predicaments of the contemporary Middle East Katherine Mansfield and Continental Europe Gerri Kimber, Janka Kascakova, 2015-02-03 This volume offers new interpretations of Katherine Mansfield's work by bringing together recent biographical and critical theoretical approaches to her life and art in the context of Continental Europe. It features chapters on Mansfield's reception in several European countries together with her own translations of other European writers **Orthodoxy, Modernity, and Authenticity** Heather Bailey, 2020-10-21 Ernest Renan was one of the most renowned European intellectuals of the second half of the nineteenth century. Yet the impact of his most popular work *Life of Jesus* has been underestimated when not altogether ignored. While commonplace now, the idea that Jesus was merely human was at one time a novelty with significant socio-political, cultural, and religious implications. A case study in the Russian encounter with modernity, *Orthodoxy, Modernity, and Authenticity: The Reception of Ernest Renan's Life of Jesus in Russia* demonstrates that Renan's book has had long-lasting and broad appeal in Russia because it presents an alternative to a strictly materialist worldview on the one hand and an Orthodox worldview on the other. Renan offered his readers the possibility to accept the tenets of modernity while still retaining both an admiration for the importance of religion in history and a sense of religious feeling or even belief in a higher religious ideal. Assessments of Renan's alternative belief system, whether positive, negative, or mixed, were often simultaneously evaluations of the moral, socio-political, and spiritual condition of European society in general and Russian society in particular. The interpretive history of Renan's *Life of Jesus* in Russia reveals a persistent disillusionment with a strictly materialist interpretation of history and of life Recollections Ivan Bunin, 2024-07-15 In this edited translation of famed writer Ivan Bunin's *Recollections*, translator Thomas Gaiton Marullo provides an intimate look at leading political, social, cultural, and literary figures from late imperial Russia through the First World War and the revolutions of 1905 and 1917 to the birth of the Russian diaspora and the rise of the Soviet state. Through engaging, colorful, and often idiosyncratic vignettes, Bunin (1870-1953) details his admiration for Leo Tolstoy, Anton Chekhov, Sergei Rachmaninov, and Fyodor Chaliapin. He shares his love-hate relationships with Maxim Gorky, Alexei Tolstoy, and Alexander Kuprin. In addition, Marullo's translation reveals Bunin's hatred of avant-gardists, particularly Vladimir Mayakovsky, as well as his thoughts and experiences on war, revolution, and exile. Bunin's work led in the end to his bittersweet reception of the Nobel Prize in Literature (1933) in Stockholm, making him the first Russian and the first writer in exile ever to receive this award. *Recollections* reveals the author's feelings toward this unprecedented event. Bunin's *Recollections* stands not only as a stark summa of his passage through literature and life but also as an equally bold apologia as to his place in both.

Translation as Collaboration Claire Davison, 2014-06-16 This study focuses on the considerable but neglected body of works translated by S S Kotliansky in collaboration with Virginia Woolf and Katherine Mansfield *The Cambridge Introduction to Chekhov* James N. Loehlin, 2010-10-07 Chekhov is widely acknowledged as one of the most influential literary figures of modern times Russia's preeminent playwright he played a significant role in revolutionizing the modern theatre His impact on prose fiction writing is incalculable he helped define the modern short story Beginning with an engaging account of Chekhov's life and cultural context in nineteenth century Russia this book introduces the reader to this fascinating and complex personality Unlike much criticism of Chekhov it includes detailed discussions of both his fiction and his plays The Introduction traces his concise impressionistic prose style from early comic sketches to mature works such as *Ward No 6* and *In the Ravine* Examining Chekhov's development as a dramatist the book considers his one act vaudevilles and early works while providing a detailed act by act analysis of the masterpieces on which his reputation rests *The Seagull Uncle Vanya Three Sisters and The Cherry Orchard* *Reminiscence of Tolstoy, Chekhov and Andreev* Maksim Gorky, 1934 Wonder Confronts Certainty Gary Saul Morson, 2023-05-16 A noted literary scholar traverses the Russian canon exploring how realists idealists and revolutionaries debated good and evil moral responsibility and freedom Since the age of Tolstoy Dostoevsky and Chekhov Russian literature has posed questions about good and evil moral responsibility and human freedom

with a clarity and intensity found nowhere else In this wide ranging meditation Gary Saul Morson delineates intellectual debates that have coursed through two centuries of Russian writing as the greatest thinkers of the empire and then the Soviet Union enchanted readers with their idealism philosophical insight and revolutionary fervor Morson describes the Russian literary tradition as an argument between a radical intelligentsia that uncompromisingly followed ideology down the paths of revolution and violence and writers who probed ever more deeply into the human condition The debate concerned what Russians called the accursed questions If there is no God are good and evil merely human constructs Should we look for life s essence in ordinary or extreme conditions Are individual minds best understood in terms of an overarching theory or as Tolstoy thought by tracing the tiny alternations of consciousness Exploring apologia for bloodshed Morson adapts Mikhail Bakhtin s concept of the non alibi the idea that one cannot escape or displace responsibility for one s actions And throughout Morson isolates a characteristic theme of Russian culture how the aspiration to relieve profound suffering can lead to either heartfelt empathy or bloodthirsty tyranny What emerges is a contest between unyielding dogmatism and open minded dialogue between heady certainty and a humble sense of wonder at the world s elusive complexity a thought provoking journey into inescapable questions Everyman's Encyclopaedia Ernest Franklin Bozman,1967 **The Western Canon**

Harold Bloom,2020-06-11 The literary critic defends the importance of Western literature from Chaucer and Shakespeare to Kafka and Beckett in this acclaimed national bestseller **NOMINATED FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD** Harold Bloom s **The Western Canon** is more than a required reading list it is a heroically brave formidably learned defense of the great works of literature that comprise the traditional Western Canon Infused with a love of learning compelling in its arguments for a unifying written culture it argues brilliantly against the politicization of literature and presents a guide to the essential writers of the western literary tradition The New York Times Book Review Placing William Shakespeare at the center of the canon Bloom examines the literary contributions of Dante Alighieri John Milton Jane Austen Emily Dickenson Leo Tolstoy Sigmund Freud James Joyce Pablo Neruda and many others Bloom s book much discussed and praised in publications as diverse as The Economist and Entertainment Weekly offers a dazzling display of erudition and passion An impressive work deeply rightly passionate about the great books of the past Michel Dirda The Washington Post Book World

Russia's Dangerous Texts Kathleen F. Parthe,2008-10-01 Russia s Dangerous Texts examines the ways that writers and their works unnerved and irritated Russia s authoritarian rulers both before and after the Revolution Kathleen F Parth identifies ten historically powerful beliefs about literature and politics in Russia which include a view of the artistic text as national territory and the belief that writers must avoid all contact with the state Parth offers a compelling analysis of the power of Russian literature to shape national identity despite sustained efforts to silence authors deemed subversive No amount of repression could prevent the production distribution and discussion of texts outside official channels Along with tragic stories of lost manuscripts and persecuted writers there is ample evidence of an unbroken thread of political discourse

through art The book concludes with a consideration of the impact of two centuries of dangerous texts on post Soviet Russia

Reading Backwards Muireann Maguire, Timothy Langen, 2021-06-18 This book outlines with theoretical and literary historical rigor a highly innovative approach to the writing of Russian literary history and to the reading of canonical Russian texts Anticipatory plagiarism is a concept developed by the French Oulipo group but it has never to my knowledge been explored with reference to Russian studies The editors and contributors to the proposed volume a blend of senior and beginning scholars Russians and non Russians offer a set of essays on Gogol Dostoevsky and Tolstoy which provocatively test the utility of AP as a critical tool relating these canonical authors to more recent instances some of them decidedly non canonical The senior scholars who are the editors and most of the contributors are truly distinguished The volume is likely to receive serious attention and to be widely read I recommend it with unqualified enthusiasm William Mills Todd III Harry Tuchman Levin Professor of Literature Harvard University As the founder of the notion of plagiarism by anticipation which was stolen from me in the sixties by fellow colleagues I am delighted to learn that my modest contribution to literary theory will be used to better understand the interplay of interferences in Russian literature Indeed one would have to be naive to think that the great Russian authors would have invented everything In fact they were able to draw their ideas from their predecessors but also from their successors testifying to the open mindedness that characterizes the Slavic soul This book restores the truth Pierre Bayard Professor of Literature University of Paris 8 This edited volume employs the paradoxical notion of anticipatory plagiarism developed in the 1960s by the Oulipo group of French writers and thinkers as a mode for reading Russian literature Reversing established critical approaches to the canon and literary influence its contributors ask us to consider how reading against linear chronologies can elicit fascinating new patterns and perspectives Reading Backwards An Advance Retrospective on Russian Literature re assesses three major nineteenth century authors Gogol Dostoevsky and Tolstoy either in terms of previous writers and artists who plagiarized them such as Raphael Homer or Hall Caine or of their own depredations against later writers from J M Coetzee to Liudmila Petrushevskaja Far from suggesting that past authors literally stole from their descendants these engaging essays contributed by both early career and senior scholars of Russian and comparative literature encourage us to identify the contingent and familiar within classic texts By moving beyond rigid notions of cultural heritage and literary canons they demonstrate that inspiration is cyclical influence can flow in multiple directions and no idea is ever truly original This book will be of great value to literary scholars and students working in Russian Studies The introductory discussion of the origins and context of plagiarism by anticipation alongside varied applications of the concept will also be of interest to those working in the wider fields of comparative literature reception studies and translation studies
