Renaissance Religion In Urban Scotland:

Renaissance Religion in Urban Scotland: The Dominican Order, 1450-1560 Janet P. Foggie, 2021-10-25 In both detail and broad perspective this is a ground breaking study It is the first book to be written on the Dominican Order in Scotland Set in the early modern era it opens with the place of the Dominicans within the political history of the realm arguing that the Dominicans had an independent and self consciously Scottish identity Then various aspects of their work are covered universities law courts prayers for the dead Manuscripts of anniversary foundations reveal the urban patrons of the order from whom the friars were it is argued recruited Fresh examination of the antifraternal literature in Scotland sets it in its historical context for the first time and is brought to bear on the works of John Knox Renaissance Religion in Urban Scotland Janet P. Foggie, 2003-01-01 In this volume hitherto unused manuscript material brings to light the history of the Dominican Order in one of Scotland s most turbulent periods Issues of reform and Reformers literature and religious practice are set out with a fresh perspective **Death, life, and religious change in Scottish towns c. 1350-1560** Mairi Cowan, 2021-06-15 Death life and religious change in Scottish towns c 1350 1560 examines lay religious culture in Scottish towns between the Black Death and the Protestant Reformation It looks at what the living did to influence the dead and how the dead were believed to influence the living in turn it explores the ways in which townspeople asserted their individual desires in the midst of overlapping communities and it considers both continuities and changes highlighting the Catholic Reform movement that reached Scottish towns before the Protestant Reformation took hold Students and scholars of Scottish history and of medieval and early modern history more broadly will find in this book a new approach to the religious culture of Scottish towns between 1350 and 1560 one that interprets the evidence in the context of a time when Europe experienced first a flourishing of medieval religious devotion and then the sterner discipline of early modern Reform Scotland's Long Reformation John McCallum, 2016-09-12 Exploring processes of religious change in early modern Scotland this collection of essays takes a long term perspective to consider developments in belief identity church structures and the social context of religion from the late fifteenth century through to the mid seventeenth century The volume examines the ways in which tensions and conflicts with origins in the mid sixteenth century continued to impact upon Scotland in the often violent seventeenth century while also tracing deep continuities in Scotland s religious cultural and intellectual life The essays the fruits of new research in the field are united by a concern to appreciate fully the ambiguity of religious identity in post Reformation Scotland and to move beyond simplistic notions of a straightforward and unidirectional transition from Catholicism to Protestantism **Early Modern Religious Communities in East-Central Europe** István Keul, 2009-06-02 Conceived as another chapter in the European history of religions Europäische Religionsgeschichte this book deals with the intense dynamics of the overlapping political ethnic and denominational constellations in Reformation and post Reformation Transylvania Navigating along multiple narrative tracks and attempting to treat the religious history of an entire region over

a limited time period in a differentiated polyfocal way the book represents a departure from the master narratives of any singularly oriented religious history At the same time the present work seeks to contribute to laying the groundwork at the micro and meso contextual level of East Central European confessionalization processes and to developing interpretive models for these processes in the region

Sacred Signs in Reformation Scotland Stephen Mark Holmes,2015-10-01 Sacred Signs in Reformation Scotland is the first study of how public worship was interpreted in Renaissance Scotland and offers a radically new way of understanding the Scottish Reformation It first defines the history and method of liturgical interpretation using the methods of medieval Biblical exegesis to explain worship then shows why it was central to medieval and early modern Western European religious culture The rest of the book uses Scotland as a case study for a multidisciplinary investigation of the place of liturgical interpretation in this culture Stephen Mark Holmes uses the methods of book history to discover the place of liturgical interpretation in education sermons and pastoral practice and also investigates its impact on material culture especially church buildings and furnishings A study of books and their owners reveals networks of clergy in Scotland committed to the liturgy and Catholic reform especially the Aberdeen liturgists Holmes corrects current scholarship by showing that their influence lasted beyond 1560 and suggests that they created the distinctive religious culture of North East Scotland later a centre of Catholic recusancy Episcopalianism and Jacobitism The final two chapters investigate what happened to liturgical interpretation in Scottish religious culture after the Protestant Reformation of 1559 60 showing that while it declined in importance in Catholic circles a Reformed Protestant version of liturgical interpretation was created and flourished which used exactly the same method to produce both an interpretation of the Reformed sacramental rites and an anti commentary on Catholic liturgy The book demonstrates an important continuity across the Reformation divide arguing that the Scottish Reformation is best seen as both Catholic and Protestant with the reformers on both sides having more in common than they or subsequent historians have allowed

[The Burghs and Parliament in Scotland, C. 1550-1651](#) Alan R. MacDonald,2007 Existing studies of early modern Scotland tend to focus on the crown the nobility and the church Yet from the sixteenth century a unique national representative assembly of the towns the Convention of Burghs provides an insight into the activities of another key group in society Drawing extensively on local and national sources this book sheds new light upon the way in which parliament acted as a point of contact a place where legislative business was done relationships formed and status affirmed

The origins of the Scottish Reformation Alec Ryrie, 2013-07-19 The Scottish Reformation of 1560 is one of the most controversial events in Scottish history and a turning point in the history of Britain and Europe Yet its origins remain mysterious buried under competing Catholic and Protestant versions of the story Drawing on fresh research and recent scholarship this book provides the first full narrative of the question Focusing on the period 1525-60 in particular the childhood of Mary Queen of Scots it argues that the Scottish Reformation was neither inevitable nor predictable A range of different Reformations were on offer in the sixteenth century which could have taken Scotland and Britain in dramatically different directions This is not a religious or a political narrative but a synthesis of the two paying particular attention to the international context of the Reformation and focusing on the impact of violence from state persecution through terrorist activism to open warfare Going beyond the heroic certainties of John Knox this book recaptures the lived experience of the early Reformation a bewildering dangerous and exhilarating period in which Scottish and British identity was remade

Town, Country, and Regions in Reformation Germany Tom Scott, 2005-04-01 This collection of essays covers relations between town and country regional economic systems and historical regional studies in late medieval and early modern Germany in particular how these bear upon social and religious change in the age of the Reformation Starting from case studies of South West Germany Switzerland and Alsace the essays broaden out to consider the formation of economic landscapes the development of urban territories and the survival of forms of serfdom throughout Germany as a whole While issues of economic and social structure take pride of place they are accompanied by analysis of regional mentalities and cultural identities as well With an Introduction by Tom Brady

Gender, Kabbalah, and the Reformation Yvonne Petry, 2004-01-01 This study examines the thought of Guillaume Postel 1510-1581 a French religious thinker who relied on Jewish Kabbalah and its mystical understanding of gender to argue that a female messiah had arrived who would heal the political and religious conflicts of sixteenth century Europe

The Seven Deadly Sins Richard Newhauser, 2007 These essays examine the seven deadly sins as cultural constructions in the Middle Ages and beyond focusing on the way concepts of the sins are used in medieval communities the institution of the Church and by secular artists and authors

Christian Humanism A. Alasdair A. MacDonald, Zweder R. W. M. von Martels, Jan Riepke Veenstra, 2009 It is a misconception that Christianity and Humanism are in any way in conflict with each other The present book shows that through many centuries and especially in the Renaissance the two stood in a relation that was mutually complementary The contributions in this volume treat aspects and manifestations of this cultural symbiosis and they throw

new light on authors and texts both more and less familiar The subject areas discussed include religion history philosophy literature and education The age of Renaissance and Reformation is the central focus but earlier and later periods are also featured The contributions comprise a Festschrift for Professor Arjo Vanderjagt whose work deals centrally with both Christianity and Humanism Contributors are Fokke Akkerman István P Bejczy Alexander Broadie Christoph Burger Marcia L Colish Albrecht Diem Stephen Gersh Berndt Hamm Volker Honemann Adrie van der Laan Alasdair A MacDonald Peter Mack Zweder von Martels Matthieu van der Meer Hans Mooij Simone Mooij Valk Just Niemeijer John North Willemien Otten Jan Papy Detlev P tzold Rob Pauls Marc van der Poel Burcht Pranger Peter Raedts Han van Ruler Rudolf Suntrup Jan R Veenstra and Ronald Witt Art and Architecture of Late Medieval Pilgrimage in Northern Europe and the British Isles, 2022-07-18
