Blair, Jonathan M. Bloom, 1996-09-25 They discuss for example how the universal caliphs of the first six centuries gave way to regional rulers and how in this new world order Iranian forms techniques and motifs played a dominant role in the artistic life of most of the Muslim world the one exception was the Maghrib an area protected from the full brunt of the Mongol invasions where traditional models continued to inspire artists and patrons By the sixteenth century say the authors the eastern Mediterranean under the Ottomans and the area of northern India under the Mughals had become more powerful and the Iranian models of early Ottoman and Mughal art gradually gave way to distinct regional and imperial styles

Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people's political culture and expectations of government The book demonstrates the Circle's relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism **The Performing Arts in Medieval Islam** Li Guo, 2012 Drawing on medieval Arabic sources and earlier scholarship this book is a study of the life and work of Ibn D niy l d 1310 It also presents the first full English translation of his shadow play The Phantom

Shahnama Robert Hillenbrand, 2017-07-05 Shahnama The Visual Language of the Persian Book of Kings presents the first comprehensive examination of the interplay between text and image in the celebrated Persian national epic the Shahnama

written by the poet Firdausi of Tus The Shahnama is one of the longest poems ever composed and recounts the history of Iran from the dawn of time to the Muslim Arab conquests of the seventh century AD There is no Persian text in prose or poetry which has been so frequently and lavishly illustrated Offering fresh insights through a range of varied art historical approaches to the Shahnama the essays in this volume reveal how the subtle alterations in text and image serve to document changes in taste and style and can be understood as reflections of the changing role of the national epic in the imagination of Iranians and the equally changing messages often political in nature which the familiar stories were made to convey over the centuries
