Ferguson**

Researching Womens Lives From A Feminist Perspective:

Researching Women's Lives From A Feminist Perspective Mary Maynard University of York; June Purvis University of Portsmouth.,2013-10-11 Women s studies is a rapidly expanding field with a tremendous growth in the number of London courses available As a result of this there has been increasing debate about the nature of feminist research Can a specifically feminist methodology be identified Which research methods are most appropriate in feminist work What is the difference between a feminist approach and other forms of scholarship Researching Women s Lives explores these issues by focusing on the dynamics of doing research rather than engaging in a theoretical discussion about research techniques Feminists are now involved in exploring a whole range of wider issues concerned with practical political and ethical matters in undertaking research In addition to issues such as violence sexuality political activity and popular culture contributors also examine the impact of race class sexual orientation and age *The SAGE Handbook of Qualitative Research* Norman K. Denzin (ed),Yvonna S. Lincoln,2005 A thoroughly revised updated edition this volume includes new chapters on auto ethnography critical race theory queer theory testimonies **Researching Women and Sport** Gill Clarke,Barbara Humberstone,2016-07-27 This book aims to fill an important gap in feminist literature In so doing it addresses critical issues in feminist research around women sport physical activity and PE All too frequently women s presence in the sporting arena is marginalised and rarely are women s experiences heard and analysed Drawing on a diversity of women s perspectives and theoretical standpoints this book focuses upon the neglected process of research with women about sport All contributors to this collection have drawn on their research to illuminate and illustrate the dilemmas and issues involved in researching women s lives Feminist Research Practice Sharlene Nagy Hesse-Biber,2013-07-18 The fully revised and updated Second Edition of *Feminist Research Practice A Primer* edited by Sharlene Nagy Hesse Biber draws on the expertise of a stellar group of interdisciplinary scholars who cover cutting edge research methods and explore research questions related to the complex and diverse issues that deeply impact women s lives This text offers a unique hands on approach to research by featuring engaging and relevant exercises as well as behind the scenes glimpses of feminist researchers at work The in depth examples cover the range of research questions that feminists engage with including issues of gender inequality violence against women body image issues and the discrimination of other marginalized groups Written in a clear concise manner that invites students to explore and practice a wide range of research the Second Edition offers seven new chapters that reflect the latest scholarship in the field a stronger focus on ethics new examples that bring concepts to life effective learning tools and more The Emotional Nature of Qualitative Research Kathleen Gilbert,2000-09-28 This book focuses on the place sand purpose of emotions in the research process and explores the appropriate boundaries Designed to explore how to manage the emotional content of research the text service as a supplemental to qualitative research method courses and is an excellent reference for the professional as well Handbook of Feminist Research Sharlene Nagy Hesse-Biber,2007 The topic

feminist research has too often been neglected in standard research methods books. The Handbook of Feminist Research represents the establishment of a new tradition or paradigm in viewing how the research process is implemented. Feminist researchers bring unique epistemological and methodological perspectives to the research process. Feminists approach to methodology allows for new types of questions about women's lives and those of other marginalized groups to be addressed within their respective fields of research. This Handbook stresses the interconnections between epistemology, methodology, and methods. They are not de-linked from each other but work together in dynamic ways to produce new knowledge, and this openness itself is also characteristic of how feminist researchers approach their work. Feminists engage synergistically with all three aspects of the research process: epistemology, methodology, and method. Through a synergistic connection between these elements of research, epistemology, methodology, and method, we find that feminist research often shapes new research endeavors that are greater than the sum of their parts. In other words, while traditional research employs these components of research, the synergistic engagement of these components in feminist research questions the status quo, aiming to raise our consciousness about how we do research. Looking at the selections provided in this Handbook, we are able to look at feminist research, its implementation of synergistic use of epistemology, methodology, and method, and the resulting qualities of feminist research in practice.

Researching Sexual Violence against Women Martin D. Schwartz, 1997-02-24. As the backlash against feminist research continues unabated, this important volume signals no retreat. Bringing together the foremost international researchers in the area of violence against women, *Researching Sexual Violence Against Women* offers excellent assessments of the dimensions of date rape, particularly on college campuses. Reasons why this form of violence against women has provoked such intense responses, as well as new methodologies, are thoroughly explored. Finally, the work examines the impact this research has on those who do it and calls for more work on women's victimization and the links between it and other forms of discrimination. Meda Chesney-Lind, Women's Studies Program, University of Hawaii Manoa. A remarkable introduction to research in the field, *Researching Sexual Violence Against Women* provides cutting-edge information on the various studies conducted on North American campuses. This compelling book not only provides a strong overview of the entire field but also simultaneously offers an answer to backlash critics who claim that feminists exaggerate their statistics. Several of the best-known researchers describe their own work and that of others to illustrate both large-scale and local studies. The contributors also take a compelling look into the emotions of sexual assault research by discussing their own emotional experiences of working with rape research, including experiences of harassment by subjects or disrespect by colleagues. In addition, several scholars peruse empirical and epistemological questions and arrive at surprising conclusions on feminist participatory research, into lesbian battering, reflexivity in studying prostitutes, the gendered nature of research interviews, and white women studying battered women of color. Including chapters on very hot topics and celebrating feminist research methodology, *Researching Sexual Violence Against Women* speaks to a broad

audience including researchers academics professionals and students in the areas of interpersonal violence social work sociology criminology women s studies psychology family studies and counseling as well as college administrators and mental health practitioners

Qualitative Research in Criminology (1999) Fiona Brookman, Lesley Noaks, Emma Wincup, 2017-12-15
Published in 1999 this text brings together detailed reflexive accounts of authors experiences of conducting research on a variety of criminological topics The broad aim of the book is to critically review how qualitative methods can be effectively deployed in the area of criminology The conclusions reached in the text are diverse reflecting the range of qualitative methods considered and the particular criminological topics to which they are applied A common theme throughout is that whilst qualitative research can help to provide valid and meaningful information on criminological issues researchers need to carefully reflect upon both the methodological and ethical dimensions of their work The book will appeal to those who wish to understand the experience of conducting qualitative research on aspects of crime and criminal justice This will include undergraduate and postgraduate students undertaking research for the first time as well as experienced researchers and teachers This book was originally published as part of the Cardiff Papers in Qualitative Research series edited by Paul Atkinson Sara Delamont and Amanda Coffey The series publishes original sociological research that reflects the tradition of qualitative and ethnographic inquiry developed at Cardiff The series includes monographs reporting on empirical research edited collections focussing on particular themes and texts discussing methodological developments and issues

Social Science Research Ethics for a Globalizing World Keerty Nakray, Margaret Alston, Kerri Whittenbury, 2015-10-14
Research in the humanities and social sciences thrives on critical reflections that unfold with each research project not only in terms of knowledge created but in whether chosen methodologies served their purpose Ethics forms the bulwark of any social science research methodology and it requires continuous engagement and reengagement for the greater advancement of knowledge Each chapter in this book will draw from the empirical knowledge created through intensive fieldwork and provide an account of ethical questions faced by the contributors placing them in the context of contemporary debates surrounding the theory and practice of ethics The chapters have been thematically organized into five sections Feminist Ethics Cross Cultural Reflections and Its Implications for Change Researching Physical and Sexual Violence in Non Academic Settings A Need for Ethical Protocols Human Agency Reciprocity Participation and Activism Meanings for Social Science Research Ethics Emotions Conflict and Dangerous Fields Issues of Safety and Reflective Research and Social Science Education Training in Ethics or Ethical Training and Ethical Publicizing This inter disciplinary volume will interest students and researchers in academic and non academic settings in core disciplines of Anthropology Sociology Law Political Science International Relations Geography or inter disciplinary degrees in Development Studies Health Studies Public Health Policy Social Policy Health Policy Psychology Peace and Conflict studies and Gender Studies The book features a foreword by His Holiness The Dalai Lama

Women's Studies Linda Krikos, Cindy Ingold, 2004-08-30
This truly monumental work maps the literature of

women s studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts This definitive guide to the literature of women s studies is a must purchase for academic libraries that support women s studies programs and it is a useful addition to any academic or public library that endeavors to represent the field A team of subject specialists has taken on the immense task of documenting publications in the area of women s studies in the last decades of the 20th century The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999 Intended as a reference and collection development tool this bibliography provides a guide for women s studies information for each title along with a detailed often evaluative review The annotations summarize each work s content its importance or contribution to women s studies and its relationship to other titles on the subject Most reviews cite and describe similar and contrasting titles substantially extending the coverage Core titles and titles that are out of print are noted and reviews indicate which titles are appropriate as texts or supplemental texts Taking up where the previous volume by Loeb Searing and Stineman left off this is the definitive guide to the literature of women s studies It is a must purchase for academic libraries that support women s studies programs and a welcome addition to any academic or public library that endeavors to represent the field

Ethics in Qualitative Research Melanie L. Mauthner,Maxine Birch,Julie Jessop,Tina Miller,2002 It is a book worth reading because of the centrality of ethics in all research It is useful for those of us who serve on ethics committees as it makes us think beyond and question the formal guidelines Qualitative Research Journal The problems described in this book would certainly be extremely interesting to researchers who are about to investigate highly sensitive areas such as abused women children etc From this perspective it is a valuable tool for feminist researchers their detailed discussion of potentially problematic situations contributes to the debate about ethical issues in feminist research Nursing Ethics This book examines the theoretical and practical aspects of ethical dilemmas in qualitative research To many researchers ethics has been associated with following ethical guidelines and gaining ethics approval from academic bodies However the complexities of researching private lives and placing accounts in the public arena increasingly raise ethical issues which are not easily solved by rules and guidelines This book addresses the gap between research practice and ethical principles that inform it focusing on responsibility and accountability in applied feminist research practice The book explores ethical issues in research from a range of angles including Access and informed consent Negotiating participation Rapport The intentions of feminist research Epistemology and data analysis Tensions between being a professional researcher and a caring professional The book includes practical guidelines to aid ethical

decision making rooted in feminist ethics of care Ethics in Qualitative Research is designed for academics professionals and students carrying out research and is a timely teaching text for ethics in research across the social sciences Encyclopedia of Case Study Research Albert J. Mills, Gabrielle Durepos, Elden Wiebe, 2010 This is the authoritative reference work in the field An interdisciplinary set it investigates the extensive history design and methods of case study research *Practice and Research in Social Work* Barbara Fawcett, 2000 Although postmodernist theory has been related to and explored in sociology and social policy this book is amongst the first to apply the theories to social work and relate them to current debates Contributors come from the UK Australia South Africa and Canada and many have professional experience as social workers They appraise the key issues in the contested field of postmodernism and feminism and focus on their applications to practice research and education in social work **Developing Focus Group Research** Jenny Kitzinger, Rosaline Barbour, 1999-02-22 This book critically examines the potential of and suggests ways forward in harnessing a versatile and powerful method of research focus groups The book challenges some of the emerging orthodoxies and presents accessible insightful and reflective discussions about the issues around focus group work The contributors an impressive group of experienced researchers from a range of disciplines and traditions discuss different ways of designing conducting and analyzing focus group research They examine sampling strategies the implications of combining focus groups with other methods accessing views of minority groups their contribution to participatory or feminist research use of software packages discourse anal Research Training for Social Scientists Dawn Burton, 2000-03-15 With indispensable advice for students from all social science backgrounds this handbook provides the core conceptual and practical skills to embark on successful research The organization of the book reflects the knowledge that is required in order to become a competent and effective researcher It follows the life cycle of the research project it begins with a discussion of ethical and philosophical issues presents guides to both quantitative and qualitative data collection and analysis provides help on using computers in research and includes advice on how to write up and present a research project Based on the UK Economic and Social Research Council advice on the training which students should undertake in preparation for postgraduate research this book will be invaluable for all beginning researchers **Women's Work** Ellen Cole, Esther D Rothblum, Donna M Ashcraft, 2013-04-03 While most women s studies texts function topically as readings for courses and general use Women s Work A Survey of Scholarship By and About Women takes a broad spectrum of women s disciplines psychological artistic religious and philosophical and gives you a diverse interdisciplinary view of this important and ever expanding field of study in one accessible volume You ll see that women are leading the world into the twenty first century in such areas as education business health and science You ll also find your appreciation for the current developments in women s studies increase as you see how far reaching and multifaceted this crucial discipline really is Women s Work avoids the compilations of topical readings that tend to bog down typical women s studies courses and explores the different disciplines that continue to make

this field central to the development of the academic world community You ll find your perspective on women s studies expand and take on new meaning as you delve into these and other areas feminist approaches to research the lack of women in science and feminist critiques of science women and health psychology and discussions on sex differences sex similarities and gender roles communication differences between men and women women in literature art history and metaphysics Judeo Christian religions and goddess religions This comprehensive compendium has something for everyone interested in the massive contribution that women have made and will continue to make in all areas of human development All readers especially women s studies scholars professors students and informed members of the general public looking for an excellent up to date resource concerning the general direction of feminist disciplines today will definitely want a copy of Women s Work

Understanding Research for Social Policy and Social Work Saul Becker, Alan Bryman, Harry Ferguson, Thomas Harold Ferguson, 2012-03-14 Thoroughly revised and expanded this new edition of Understanding Research for Social Policy and Social Work shows readers the importance of research how to interpret it and how to effectively carry out and report research of their own This landmark textbook is an essential guide to the methods approaches and debates that are required knowledge for students policymakers and practitioners Understanding Research for Social Policy and Social Work (Second Edition) Saul Becker, Alan Bryman, Harry Ferguson, 2012-03-14 0

The Landscape of Qualitative Research Norman K. Denzin, 2008 The Landscape of Qualitative Research Third Edition attempts to put the field of qualitative research in context Part I provides background on the field starting with history then action research and the academy and the politics and ethics of qualitative research Part II isolates what we regard as the major historical and contemporary paradigms now structuring and influencing qualitative research in the human disciplines The chapters move from competing paradigms positivist postpositivist constructivist critical theory to specific interpretive perspectives feminisms racialized discourses cultural studies sexualities and queer theory Part III considers the future of qualitative research This text is designed for graduate students taking classes in social research methods and qualitative methods as well as researchers throughout the social sciences and in some fields within the humanities *Doing Qualitative Community Research: Lessons For Faculty, Students And Communities* Ernest Quimby, 2012 This text describes important considerations for conceptualizing designing and carrying out qualitative research in community settings The book covers various research aspects with respect to teaching learning practicing and assessing Readers will gain insights into qualitative methodology as a vital stand alone approach and find it to be an illuminating supplement to quantitative methodology and a core component of mixed methods studies Some key questions answered by the book are What s in it for us What are collaborations and partnerships How can knowledge and skills to achieve mean

Researching Womens Lives From A Feminist Perspective Introduction

In today's digital age, the availability of Researching Womens Lives From A Feminist Perspective books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Researching Womens Lives From A Feminist Perspective books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Researching Womens Lives From A Feminist Perspective books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Researching Womens Lives From A Feminist Perspective versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Researching Womens Lives From A Feminist Perspective books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Researching Womens Lives From A Feminist Perspective books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Researching Womens Lives From A Feminist Perspective books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the

Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Researching Womens Lives From A Feminist Perspective books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Researching Womens Lives From A Feminist Perspective books and manuals for download and embark on your journey of knowledge?

FAQs About Researching Womens Lives From A Feminist Perspective Books

1. Where can I buy Researching Womens Lives From A Feminist Perspective books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
