Margaret Fuller, *Wandering Pilgrim* Meg McGavran Murray, 2012-07-01. How is it that I seem to be this Margaret Fuller, the pioneering feminist journalist and political revolutionary, asked herself as a child? What does it mean? Filled with new insights into the causes and consequences of Fuller's lifelong psychic conflict, this biography chronicles the journey of an American Romantic pilgrim as she wanders from New England into the larger world and then back home under circumstances that Fuller herself likened to those of both the prodigal child of the Bible and Oedipus of Greek mythology. Meg McGavran Murray discusses Fuller's Puritan ancestry, her life as the precocious child of a preoccupied grieving mother and of a tyrannical father who took over her upbringing, her escape from her loveless home into books and the unorthodox and influential male and female role models to which her reading exposed her. Murray also covers Fuller's authorship of *Woman in the Nineteenth Century*, her career as a New York Tribune journalist, first in New York and later in Rome, her pregnancy out of wedlock, her witness of the fall of Rome in 1849 during the Roman Revolution, and her return to the land of her birth where she knew she would be received as an outcast. Other biographies call Fuller a Romantic. *Margaret Fuller, Wandering Pilgrim* illustrates how Fuller internalized the lives of the heroes and heroines in the ancient and modern Romantic literature that she had read as a child and adolescent, as well as how she used her Romantic imagination to broaden women's roles in *Woman in the Nineteenth Century*, even as she wandered the earth in search of a home.

From Head to Hand David Levi Strauss, 2010-02-11. In his third book, Strauss delves into the mysterious process whereby an idea is born in the mind and materialized through the hand in the expression of an artwork. How exactly does this happen? It's a question so basic, an act so fundamental to art making that it has rarely received attention. It makes an ideal topic for Strauss, a writer with an exceptional ability to animate art's philosophical dimensions in a clear, persuasive manner. During this time when craft and the direct manipulation of materials by the artist appear to be in eclipse, Strauss comes to their defense in a spirited *cri de coeur*. Featuring over 35 illustrations, the book examines a wide variety of media and individual examples. It explores the works of sculptors Martin Puryear, Ursula von Rydingsvard, and Donald Lipski; painters Leon Golub and Ron Gorchov; and writers Robert Duncan, Robert Kelly, Guy Davenport, John Berger, and Leo Steinberg. In addition, there are essays on Joseph Beuys's 7000 Oaks in Ireland, contemporary Haida carvers Reg Davidson and Jim Hart, Cecilia Vicuña's memory of the fingers, and the influence of curators Harald Szeemann and Walter Hopps on the staging of contemporary art exhibitions. Known primarily for his writings on photography and politics, Strauss here focuses on the least mediated arts: painting, sculpture, and writing. His claims are supported by a

series of close readings which succeed in recovering the immediacy of the hand and revitalizing contemporary art's connection to the past Catullus Aubrey Burl,2010-02-15 Catullus tells the story of the poet Gaius Valerius Catullus and his awe inspiring poetry set against the background of years of unrest violence and death in ancient Rome *Doing Ethnography* Charlene Elizabeth Miall,Dorothy Pawluch,William Shaffir,2005 *Doing Ethnography* is an essential text for courses in ethnography research methods qualitative emphasis applied sociology and related subjects across Canada This unique volume first considers the merits of qualitative research profiles interviewing strategies and discusses the relationships to respondents and how to write about social life The second portion of *Doing Ethnography* contains three sections constructing perspectives constructing identities as well as doing and relating Case studies and original research are featured throughout The editors Dorothy Pawluch William Shaffir and Charlene Miall emphasize the importance of studying social interaction In truth any question about society big or small is ultimately about people interacting with each other Whether the issue is changing gender relationships corporate deeds and misdeeds class structures or the school performance of children from cultural minorities it all comes down to one thing people doing things together **Synopsis:**

Roman Receptions of Sappho Thea S. Thorsen, Stephen Harrison, 2018-12-17 Sappho a towering figure in Western culture is an exemplary case in the history of classical receptions There are three prominent reasons for this Firstly Sappho is associated with some of the earliest poetry in the classical tradition which makes her reception history one of the longest we know of Furthermore Sappho s poetry promotes ideologically challenging concepts such as female authority and homoeroticism which have prompted very conspicuous interpretative strategies to deal with issues of gender and sexuality revealing the values of the societies that have received her works through time Finally Sappho s legacy has been very well explored from the perspective of reception studies important investigations have been made into responses both to her as poet figure and to her poetry from her earliest reception through to our own time However one of the few eras in Sappho s longstanding reception history that has not been systematically explored before this volume is the Roman period The omission is a paradox Receptions of Sappho can be traced in more than eighteen Roman poets among them many of the most central authors in the history of Latin literature Surely few other Greek poets can rival the impact of Sappho at Rome This important fact calls out

for a systematic approach to Sappho's Roman reception which is the aim of *Roman Receptions of Sappho* that focuses on the poetry of the central period of Roman literary history from the time of Lucretius to that of Martial
