**Will Bagley**

## **Sarah Royce And The American West:**

Sarah Royce and the American West Sarah Royce, 1996 A journal account of a wealthy educated pioneer woman who with her husband joined the goldrush to California and raised a family in the American West

**Religion and the American West** Jessica Lauren Nelson, 2023-09-01 Religion and the American West offers a lavishly illustrated and comprehensive overview of the ways religion has shaped the idea of the American West and how the region has influenced broader religious and racial categories Starting when the concept of the American West emerged in the early 1800s and continuing the analysis through modern times Religion and the American West explores the interplay between a wide range of American belief systems from established world religions to new spiritual innovations A stunning selection of material and print culture illustrates the varied range of religious expressions across the history of the American West Taken as a whole the contributors challenge longstanding definitions of the American West and provide a new narrative that recenters our attention on the lived experiences of diverse peoples and communities It also serves as the companion publication for the exhibition Acts of Faith opening fall 2023 at the New York Historical Society Religion and the American West is a story of vibrant innovation and tragic conflict showcasing how historical actors and modern day readers wrestle with the meaning of religious belief in the American West

**Dark Tourism in the American West** Jennifer Dawes, 2019-08-12 This edited collection expands scholarly and popular conversations about dark tourism in the American West The phenomenon of dark tourism traveling to sites of death suffering and disaster for entertainment or educational purposes has been described and on occasion criticized for transforming misfortune and catastrophe into commodity The impulse however continues particularly in the American West a liminal and contested space that resonates with stories of tragedy violent conflict and disaster Contributions here specifically examine the mediation and shaping of these spaces into touristic destinations The essays examine Western sites of massacre and battle such as Sand Creek Massacre National Historic Site and the Waco Siege sites of imprisonment such as Japanese American internment camps and Alcatraz Island areas devastated by ecological disaster such as Martin s Cove and the Salton Sea and unmediated sites those sites left to the touristic imagination with no interpretation of what occurred there such as the Bennet Arcane camp

**Across the Plains** Sarah Royce, 2009-06-07 On April 30 1849 Sarah Bayliss Royce along with her husband Josiah and their daughter Mary left her home in Tipton Iowa and headed for California in a covered wagon Along the way she kept a diary which nearly thirty years later served as the basis for a memoir she titled Across the Plains That book has been freshly transcribed by Jennifer Dawes Adkison from Royce s original handwritten document and this new edition is faithful to the original restoring several passages that were omitted from the previous edition In a new introduction Adkison reveals Across the Plains to be far more than a simple narrative of one pioneer woman s journey west She explains that Royce wrote the book at the request of her son Josiah Royce a well known professor of philosophy at Harvard University with motives of his own She crafted the narrative that her son wanted

an argument for spiritual faith and fortitude as foundational to California's history. Yet the narrative itself, in addition to offering a window into a world that has long lacked close documentation, gives us the opportunity to study the ways in which nineteenth-century western women asserted this primacy of faith and crafted their experience into stories with larger cultural and social resonance. Scholars have long used *Across the Plains* to mold and support an iconic image of the resolute pioneer woman. However, until now, no one has considered Royce's own self-conscious creation of this persona. Readers will discover that in many ways, Sarah Royce's careful construction of this cultural portrait deepens our respect for her and our delight in her travels, travails, and triumphs.

*A History of Western American Literature* Susan Kollin, 2015-12-11 The American West is a complex region that has inspired generations of writers and artists. Often portrayed as a quintessential landscape that symbolizes promise and progress for a developing nation, the American West is also a diverse space that has experienced conflicting and competing hopes and expectations. While it is frequently imagined as a place enabling dreams of new beginnings for settler communities, it is likewise home to long-standing indigenous populations as well as many other ethnic and racial groups who have often produced different visions of the land. This history encompasses the intricacy of Western American literature by exploring myriad genres and cultural movements from ecocriticism, settler colonial studies, and transnational theory to race, ethnic, gender, and sexuality studies. Written by a host of leading historians and literary critics, this book offers readers insight into the West as a site that sustains canonical and emerging authors alike and as a region that exceeds national boundaries in addressing long-standing global concerns and developments.

*A Companion to the Literature and Culture of the American West* Nicolas S. Witschi, 2014-02-03 A Companion to the Literature and Culture of the American West presents a series of essays that explore the historic and contemporary cultural expressions rooted in America's western states. Offers a comprehensive approach to the wide range of cultural expressions originating in the west. Focuses on the intersections, complexities, and challenges found within and between the different historical and cultural groups that define the west's various distinctive regions. Addresses traditionally familiar icons and ideas about the west, such as cowboys, wide open spaces, and violence, and their intersections with urbanization and other regional complexities. Features essays written by many of the leading scholars in western American cultural studies.

*Reading Aridity in Western American Literature* Jada Ach, Gary Reger, 2020-12-14 In literary and cinematic representations, deserts often betoken collapse and dystopia. *Reading Aridity in Western American Literature* offers readings of literature set in the American Southwest from ecocritical and new materialist perspectives. This book explores the diverse epistemologies, histories, relationships, futures, and possibilities that emerge from the representation of American deserts in fiction, film, and literary art, and traces the social, cultural, economic, and biotic narratives that foreground deserts, prompting us to reconsider new provocative modes of human, nonhuman engagement in arid ecogeographies.

*I Have Seen the Fire* Robert V. Hine, 2008 Pioneer Sarah Royce comes alive in this vividly imagined biographical novel.

**Literature Connections to American History K6** Lynda G.

Adamson,1997-09-15 Identifying thousands of historical fiction novels biographies history trade books CD ROMs and videotapes this book helps you locate resources on American history for students Each book presents information in two sections In the first part titles are listed according to grade levels within eras and further organized according to product type The books cover American history from North America Before 1600 and The American Colonies 1600 1774 to The Mid Twentieth Century 1946 1975 and Since 1975 The second section has annotated bibliographies that describe each title and includes publication information and awards won The focus is on books published since 1990 and all have received at least one favorable review Some books with more illustration than text will be valuable for enticing slow or reticent readers An index helps users find resources by author title or biographical subject *New Women in the Old West* Winifred

Gallagher,2022-07-19 A riveting and previously untold history of the American West as seen by the pioneering women who advocated for their rights amidst challenges of migration and settlement and transformed the country in the process Between 1840 and 1910 hundreds of thousands of men and women traveled deep into the underdeveloped American West lured by adventure opportunity and the spirit of Manifest Destiny These settlers soon realized that survival in a new society required women to compromise eastern sensibilities and take on some of their husbands responsibilities At a time when women had very few legal or economic much less political rights these women soon proved just as essential as men to westward expansion During the mid nineteenth century the traditional domestic model of womanhood shifted to include public service with the women of the West becoming town mothers who established schools churches and philanthropies while also coproviding for their families They claimed their own homesteads and graduated from new free coeducational colleges that provided career alternatives to marriage In 1869 the men of the Wyoming Territory gave women the right to vote partly to persuade more of them to move west but with this victory in hand western suffragists fought relentlessly until the rest of the region followed suit By 1914 western women became the first American women to vote a right still denied to women in every eastern state In *New Women in the Old West* Winifred Gallagher brings to life the riveting history of the little known women the White Black and Asian settlers and the Native Americans and Hispanics they displaced who played monumental roles in one of America s most transformative periods Drawing on an extraordinary collection of research Gallagher weaves together the striking legacy of the persistent individuals who not only created homes on weather wracked prairies but also played a vital unrecognized role in the women s rights movement and forever redefined the American woman *With Golden Visions*

*Bright Before Them* Will Bagley,2012-10-01 During the mid nineteenth century a quarter of a million travelers men women and children followed the road across the plains to gold rush California This magnificent chronicle the second installment of Will Bagley s sweeping *Overland West* series captures the danger excitement and heartbreak of America s first great rush for riches and its enduring consequences With narrative scope and detail unmatched by earlier histories *With Golden Visions Bright Before Them* retells this classic American saga through the voices of the people whose eyewitness testimonies vividly

evoke the most dramatic era of westward migration Traditional histories of the overland roads paint the gold rush migration as a heroic epic of progress that opened new lands and a continental treasure house for the advancement of civilization Yet according to Bagley the transformation of the American West during this period is more complex and contentious than legend pretends The gold rush epoch witnessed untold suffering and sacrifice and the trails and their trials were enough to make many people turn back For America s Native peoples the effect of the massive migration was no less than ruinous The impact that tens of thousands of intruders had on Native peoples and their homelands is at the center of this story not on its margins Beautifully written and richly illustrated with photographs and maps With Golden Visions Bright Before Them continues the saga that began with Bagley s highly acclaimed award winning So Rugged and Mountainous Blazing the Trails to Oregon and California 1812 1848 hailed by critics as a classic of western history

**Books Children Love (Revised Edition)** Elizabeth Laraway Wilson, 2002-10-30 A love for reading is one of the most precious gifts that we can give children It nurtures their imagination and creativity lets them explore other worlds and opens their minds to new truths and knowledge in appealing inspiring ways But how can we sort through thousands of children s books to discover the really worthwhile ones Elizabeth Wilson offers us a newly revised comprehensive guide to the very best in children s literature Just as in the original volume she comments on the tone and content of excellently written captivating books in over two dozen subject areas Hundreds of new titles have been added while retaining timeless classics and modern favorites all of which respect traditional values So that no matter what the children s ages are or whether they love fact or fiction you can trust these books to share things that you can believe in and kids will delight in

**Across the Plains** Sarah Royce, 2009-06-07 On April 30 1849 Sarah Bayliss Royce along with her husband Josiah and their daughter Mary left her home in Tipton Iowa and headed for California in a covered wagon Along the way she kept a diary which nearly thirty years later served as the basis for a memoir she titled Across the Plains That book has been freshly transcribed by Jennifer Dawes Adkison from Royce s original handwritten document and this new edition is faithful to the original restoring several passages that were omitted from the previous edition In a new introduction Adkison reveals Across the Plains to be far more than a simple narrative of one pioneer woman s journey west She explains that Royce wrote the book at the request of her son Josiah Royce a well known professor of philosophy at Harvard University with motives of his own She crafted the narrative that her son wanted an argument for spiritual faith and fortitude as foundational to California s history Yet the narrative itself in addition to offering a window into a world that has long lacked close documentation gives us the opportunity to study the ways in which nineteenth century western women asserted this primacy of faith and crafted their experience into stories with larger cultural and social resonance Scholars have long used Across the Plains to mold and support an iconic image of the resolute pioneer woman However until now no one has considered Royce s own self conscious creation of this persona Readers will discover that in many ways Sarah Royce s careful construction of this cultural portrait deepens our respect for her and our

delight in her travels travails and triumphs     A History of California Literature Blake Allmendinger, 2015-05-19 This History explores the historical periods literary genres and cultural movements of California     *Heart of the Trail* Mary Barmeyer O'Brien, 2017-05-01 Updated and expanded for its twentieth anniversary the beloved book that tells the stories of the women who traveled West In *Heart of the Trail* Mary Barmeyer O'Brien beautifully captures the triumphs and tribulations of women who crossed the American frontier by wagon during the great Western migration of the mid nineteenth century While their stories are widely different each of these remarkable women was inspiring courageous and resourceful From the successes of mountaineer Julia Anna Archibald to the grueling trials of Mary Powers these stories reflect the adventure and hardship experienced by the thousands of women who took to the trails The legacy of their letters and diaries most written on the trail is a fascinating addition to understanding the history of the West Mary Barmeyer O'Brien's books on the pioneer experience include *The Promise of the West* Jeannette Rankin Bright *Star in the Big Sky* *Outlasting the Trail* *The Story of a Woman's Journey West* *May The Hard Rock Life of Pioneer May Arkwright Hutton* and *Across Death Valley* She lives in Polson Montana     **The Horn Book Guide to Children's and Young Adult Books** ,1996     Gold Rushes and Mining Camps of the Early American West Vardis Fisher, Opal Laurel Holmes, Opal Laurel Fisher, 1968 Distributed by the University of Nebraska Press for Caxton Press Vardis Fisher and Opal Laurel Holmes bring together the stories of all of the remarkable men and women and all of the violent contrasts that made up one of the most enthralling chapters in American history Fisher a respected scholar and versatile creative writer devoted three years to the writing of this book     Making San Francisco American Barbara Berglund, 2007 Focuses on the 19th century transformation in San Francisco from Gold Rush to earthquake to show how the city's diverse residents created a modern American city through everyday cultural frontiers such as restaurants hotels and annual fairs and expositions among others     **Commercial West** ,1928     *Surveying the Record* Edward Carlos Carter, 1999 Papers given at a conference on Scientific Exploration in North America to 1930 with topics including Cartography Oceanic Exploration Art Anthropology Lewis and Clark and the West This book adds much to our quest for knowledge of who and where we are by illuminating such themes as the role of maps and mapmaking in defining our national identity the origins of Western exploration the cultural clash found in the best selling account of a 19th century physician explorer with Arctic peoples the role of art in the service of science in bringing these newly discovered places and peoples into the American parlor and the impact of Mormon farming techniques on John Wesley Powell's famed 1878 Arid Region Report Black and white maps and illus
