Training Your Board of Directors ArLyne Diamond, Ph.D.,2015-06-04 The role of the Board of Directors is critical to the health and growth of both for profit and not for profit organizations Although there are some differences in organizational roles and responsibilities similarities far outweigh the differences This manual is designed for Chief Executive Officers CEOs Board Chairs Board Directors Administrators Executive Directors and those contemplating serving on boards in the future Although the manual works best as an interactive document for a group of people working together with a well trained facilitator it can be used as an educational and motivational guide for any interested individual willing to improve his or her participation on boards committees or groups of any kind

Corporate Governance Post-Sarbanes-Oxley Zabihollah Rezaee,2007-10-05 Corporate Governance Post Sarbanes Oxley introduces a corporate governance structure consisting of

seven interrelated mechanisms of oversight managerial compliance audit advisory assurance and monitoring The book begins with a discussion of the new requirements for corporate governance and financial reporting brought about by Sarbanes Oxley and then shows how a well balanced functioning of the seven mechanisms produces a responsible corporate governance structure that ensures quality financial reporting and credible audit services Each chapter includes checklists real world case studies and best practice tips Corporate Board of Directors Ismail Lahlou,2018-12-26 Corporate governance a subject that a few decades ago escaped the attention of all but a handful of academics and shareholders has gradually become a central concern worldwide This book contributes to the existing literature on the structure and effectiveness of corporate boards It comprises three topics that address distinct research questions on board structure the deployment of board resources to monitoring and advisory duties and the use of equity based incentives in the compensation packages of directors Firstly the book provides strong new evidence on the importance of corporate board functions in value creation Secondly it provides some evidence of the potential conflict between the two primary functions of corporate boards The results indicate that while the board s advising quality weakens when the board is principally devoted to monitoring duties the presence of advisory directors on the board does not have any impact on the effectiveness of board oversight which offers a more complete view on the tradeoffs between the board s two major functions Finally the results suggest that the closer directors compensation is tied to the firm s stock the more consistent corporate acquisition decisions are with shareholder interests
