Sarmiento And His Argentina

Adriana Brodsky, Raanan Rein

Sarmiento And His Argentina:

Sarmiento and His Argentina Joseph Criscenti, Joseph T. Criscenti, 1993 Domingo Faustino Sarmiento president of Argentina from 1868 to 1874 is best known as an educator and as the author of *Civilization and Barbarism* The Life of Juan Facundo Quiroga generally referred to as El Facundo The contributors to this volume call attention to other facets of Sarmiento's life and to the results of the programs he encouraged Borges and Translation Sergio Gabriel Waisman, 2005 This book studies how Borges constructs a theory of translation that plays a fundamental role in the development of Argentine literature and which in turn expands the potential for writers in Latin America to create new and innovative literatures through processes of re-reading, rewriting and mis-translation The book analyzes Borges's texts in both an Argentine and a transnational context thus incorporating Borges's ideas into contemporary debates about translation and its relationship to language and aesthetics Latin American culture and identity tradition and originality and center periphery dichotomies Furthermore a central objective of this book is to show that the study of the importance of translation in Borges and of the importance of Borges for translation studies need not be separated Furthermore translation studies has much to gain by the inclusion of Latin American thinkers such as Borges while literary studies has much to gain by in-depth considerations of the role of translation in Latin American literatures Sergio Waisman is an Assistant Professor of Spanish at The George Washington University Sarmiento's Travels in the United States in 1847 Domingo Faustino Sarmiento,

Sarmiento's Travels in the U.S. in 1847 Michael Aaron Rockland, 2015-03-08 Domingo Faustino Sarmiento 1811-1888 Argentine educator, statesman and writer self-educated after the model of Benjamin Franklin was not a man but a nation in the words of Mrs Horace Mann Like De Tocqueville this remarkable man visited the United States in its early years and wrote a detailed account of this new phenomenon Full of shrewd social commentary and unique vignettes of the America of this period of Boston for instance where Sarmiento met the Horace Manns and later Emerson and Longfellow Travels should take its place among the important commentaries on the United States written during the last century by foreign visitors Professor Rockland's introductory essay provides the broader context in which Travels must be seen its place in Sarmiento's life and career and its importance as testimony to forgotten lines of influence between North and South America Originally published in 1970 The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Annual Report** Carnegie Endowment for International Peace, 1925 *Report* Carnegie Endowment for International Peace, 1925 The New Jewish Argentina Adriana Brodsky, Raanan Rein, 2012-09-28 Congratulations to Adriana Brodsky and Raanan Rein whose edited volume has been

chosen as the winner of the 2013 Latin American Jewish Studies Association Book Prize The New Jewish Argentina aims at filling in important lacunae in the existing historiography of Jewish Argentines Moving away from the political history of the organized community most articles are devoted to social and cultural history including unaffiliated Jews women and gender criminals printing presses and book stores These essays written by scholars from various countries consider the tensions between the national and the trans national and offer a mosaic of identities which is relevant to all interested in Jewish history Argentine history and students of ethnicity and diaspora This collection problematizes the existing image of Jewish Argentines and looks at Jews not just as persecuted ethnics idealized agricultural workers or as political actors in Zionist politics This book is a must read for students and scholars interested in immigration to Latin America Ethnic History and Jewish Studies but its readership could extend to anybody who is interested in this chapter of social and cultural history Ariana Huberman Haverford College

Argentine Serialised Radio Drama in the Infamous Decade, 1930-1943

Lauren Rea, 2016-04-15 In her study of key radio dramas broadcast from 1930 to 1943 Lauren Rea analyses the work of leading exponents of the genre against the wider backdrop of nation building intellectual movements and popular culture in Argentina During the period that has come to be known as the infamous decade radio serials drew on the Argentine literary canon with writers such as Hector Pedro Blomberg and Jos Andr s Gonz lez Pulido contributing to the nation building project as they reinterpreted nineteenth century Argentina and repackaged it for a 1930s mass audience Thus a historical romance set in the tumultuous dictatorship of Juan Manuel de Rosas reveals the conflict between the message transmitted to a mass audience through popular radio drama and the work of historical revisionist intellectuals writing in the 1930s Transmitted at the same time Gonz lez Pulido s gauchesque series evokes powerful notions of Argentine national identity as it explores the relationship of the gaucho with Argentina s immigrant population and advocates for the ideal contribution of women and the immigrant population to Argentine nationhood Rea grounds her study in archival work undertaken at the library of Argentores in Buenos Aires which holds the only surviving collection of scripts of radio serials from the period Rea s book recovers the contribution that these products of popular culture made to the nation building project as they helped to shape and promote the understanding of Argentine history and cultural identity that is widely held today

The Oxford Book of Latin American Short Stories Roberto Gonzalez Echevarria, 1999-07-15 This collection brings together 53 stories that span the history of Latin American literature and represent the most dazzling achievements in the form It covers the entire history of Latin American short fiction from the colonial period to present

The Rio de la Plata from Colony to Nations Fabrício Prado, Viviana L. Grieco, Alex Borucki, 2021-05-20 This edited volume brings together essays that examine recent scholarship on the history of the Rio de la Plata region present day Argentina Paraguay Uruguay and southern Brazil from the colonial period to the nineteenth century It illustrates new themes and historical methods that have transformed the historiography of Rio de la Plata including the use of new sources digital methodologies and techniques and innovative approaches to the

already well studied themes of gender race commerce the slave trade indigenous history and economic political and military history Contributions privilege trans national and Atlantic approaches to the Rio de la Plata emphasizing the inter connections of processes beyond imperial and national lines and aiming at uncovering the history of Africans and Amerindians popular classes women urban groups as well as the partnerships created across the Spanish and Portuguese imperial borders which also involved other agents from Britain the Netherlands and the United States Furthermore each chapter offers historiographical introductions covering scholarship produced in the twenty first century This book will be an indispensable and unique tool for English speaking students of colonial and nineteenth century Rio de la Plata and for those with a broader interest in Latin American and Atlantic History Reconfiguring Institutions Across Time and Space D. Galvan,R. Sil,2007-03-19 This book examines how novel institutional forms emerge when actors creatively reinterpret and reconfigure imported or imposed institutional models using case studies from East Asia the Middle East Africa and Latin America *Culture and Management in the Americas* Alfredo Behrens,2009-04-02 Latin Americans are culturally different from North Americans in ways that so far have been inaccurately portrayed in the management literature In *Culture and Management in the Americas* Alfredo Behrens argues that these differences merit a substantial overhaul of management theory and practice to make the best of the significantly untapped Latin American potential for creativity innovation and teamwork This applies in organizations with North American ownership and management whether they are based in the U S or Latin America Behrens a management consultant and academic who has studied taught and practiced in South and North America and Europe explains why the use of traditional North American research methods to capture cultural traits in the multi cultural workforce is inappropriate This practice produces a false picture of the cultural attributes and capabilities of Latin American managers and key staff And this in turn leads to serious shortcomings in the development of appropriate motivation and leadership strategies and of appraisal and control instruments Rather than relying on standardized surveys for measuring cultural attributes to underpin and develop such strategies and tools the author suggests that managers look to the arts particularly literature and cinema for a richer and more useful alternative He illustrates his points by reference to literary icons such as Argentina s Martin Fierro Brazil s Macunaima and America s Captain Ahab He uses a variety of case studies to demonstrate what we can learn from these iconographic characters and what we can expect of each other when we apply these lessons whether we are leading following or working in self directed teams This readable and enjoyable book will be an invaluable engaging and practical tool for anyone charged with managing at any level in workforce that combines both North American and Latin American cultures **The Arena** ,1906 **The Literature of Spain and Latin America** Britannica Educational Publishing,2010-04-01 From the whimsical idealism of Miguel de Cervantes Don Quixote to the magical realism of Gabriel Garc a M rquez s 100 Years of Solitude Spanish language literature has substantially enriched the global literary canon This volume examines the vibrant prose and dynamic range of both Spanish and Latin American authors

whose narratives are informed as much by their imaginations as the turbulent histories of these native lands Influenced by a plethora of diverse cultures these tales truly tell a global story **Argentina and the United States 1810-1960** Harold F. Peterson,1964-01-01 Dr Peterson s book is the first in English or Spanish to encompass the entire sweep of Argentine American relations from the time of Argentina s revolt against Spain in 1810 to the close of its 150th year of independence Through comprehensive analysis and narrative this study illuminates one of the most enigmatic areas of Western Hemisphere relationships From what would seem to be a bewildering array of incidents Professor Peterson isolates the basic undercurrents which mold Argentine policies Internally Argentina s path to stability is shown to be marred by developing social stratification and conflict economic mismanagement and the deep uncertainty of shifts from dictatorship to democracy Internationally the germs of discord with the United States are found in nationalism anticolonialism desire for hemispheric leadership and economic competition Discussed too are the fascinating crucial weaknesses and errors of human leadership in both countries Argentina and the United States 1810 1960 makes an important contribution to an understanding of current as well as historical affairs it greatly helps to explain why in the twentieth century the government and people of the United States frequently face an Argentine problem *The Michigan Alumnus* ,1968 In volumes1 8 the final number consists of the Commencement annual **The Invention of Argentina** Nicolas Shumway,2023-04-28 The nations of Latin America came into being without a strong sense of national purpose and identity In *The Invention of Argentina* Nicholas Shumway offers a cultural history of one nation s efforts to determine its nature its destiny and its place among the nations of the world His analysis is crucial to understanding not only Argentina s development but also current events in the Argentine Republic The nations of Latin America came into being without a strong sense of national purpose and identity In *The Invention of Argentina* Nicholas Shumway offers a cultural history of one nation s efforts to determine its nature its destiny and its pl
