Sartre And Camus Literature Of Existence:

Sartre and Camus: Literature of Existence Leo Pollmann,1970 **Sartre and Camus** Jean-Paul Sartre,Albert Camus,2004-03 In a series of highly publicized articles in 1952 Jean Paul Sartre engaged Albert Camus in a bitter public confrontation over the ideas Camus articulated in his renowned work *This volume contains English translations of the five texts constituting this famous philosophical quarrel* It also features a biographical and critical introduction plus two essays by contemporary scholars reflecting on the cultural and philosophical significance of this confrontation **Existentialism Is a Humanism** Jean-Paul Sartre,2007-07-24 A fresh translation of two seminal works of existentialism To understand Jean Paul Sartre is to understand something important about the present time Iris Murdoch Sartre matters because so many fundamental points of his analysis of the human reality are right and true and because their accuracy and veracity entail real consequences for our lives as individuals and in social groups Benedict O Donohoe Philosophy Now It was to correct common misconceptions about his thought that Jean Paul Sartre the most dominant European intellectual of the post World War II decades accepted an invitation to speak on October 29 1945 at the Club Maintenant in Paris The unstated objective of his lecture *Existentialism Is a Humanism* was to expound his philosophy as a form of existentialism a term much bandied about at the time Sartre asserted that existentialism was essentially a doctrine for philosophers though ironically he was about to make it accessible to a general audience The published text of his lecture quickly became one of the bibles of existentialism and made Sartre an international celebrity The idea of freedom occupies the center of Sartre s doctrine Man born into an empty godless universe is nothing to begin with He creates his essence his self his being through the choices he freely makes existence precedes essence Were it not for the contingency of his death he would never end Choosing to be this or that is to affirm the value of what we choose In choosing therefore we commit not only ourselves but all of mankind This book presents a new English translation of Sartre s 1945 lecture and his analysis of Camus s *The Stranger* along with a discussion of these works by acclaimed Sartre biographer Annie Cohen Solal This edition is a translation of the 1996 French edition which includes Arlette Elka m Sartre s introduction and a Q A with Sartre about his lecture **Sartre and Camus** Leo Pollmann,1970 **The Cambridge Introduction to Theatre and Literature of the Absurd** Michael Y. Bennett,2015-10-26 This accessible Introduction provides an in depth overview of absurdism and its key figures in theatre and literature from Samuel Beckett and Harold Pinter to Tom Stoppard Essential reading for students this book provides the necessary tools to develop the study of some of the twentieth century s most influential works *The Originality and Complexity of Albert Camus's Writings* E. Vanborre,2012-10-19 Fifty years after Camus s untimely death his work still has a tremendous impact on literature From a twenty first century vantage point he offers us coexisting ideas and principles by which we can read and understand the other and ourselves Yet Camus seems to guide us without directing us strictly his fictions do not offer clear cut solutions or doctrines to follow This complexity is what demands that the oeuvre be read and

reread The wide ranging articles in this volume shed light concentrate on the original aspects of Camus writings and explore how and why they are still relevant for us today **A Critique of Jean-Paul Sartre's Ontology** M.A. Natanson,2012-12-06

Why is my pain perpetual and my wound incurable which refuseth to be healed Jeremiah Existentialism today refers to faddism decadentism morbidity the philosophy of the graveyard to words like fear dread anxiety anguish suffering aloneness death to novelists such as Jean Paul Sartre Dostoievski Camus Kafka to philosophers like Kierkegaard Heidegger Marcel Jaspers and Sartre and because it refers to and is concerned with all of these ideas and persons existentialism has lost any clearer meaning it may have originally possessed Because it has so many definitions it can no longer be defined As Sartre writes Most people who use the word existentialism would be embarrassed if they had to explain it since now that the word is all the rage even the work of a musician or painter is being called existentialist A gossip columnist signs himself The Existentialist so that by this time the word has been so stretched and has taken on so broad a meaning that it no longer means anything at all 2 This state of definitional confusion is not an accidental or negligible matter An attempt will be made in this introduction to account for the confusion and to show why any definition of existentialism involves us in a tangle First however it is necessary to state in a tentative and very general manner what points of view are here intended when reference is made to existentialism **Solitude and its Ambiguities in Modernist Fiction** E. Engelberg,2016-04-30 In

this study of solitude in high modernist writing Edward Engelberg explores the ways in which solitude functions thematically to shape meaning in literary works as well as what solitude as a condition has contributed to the making of a trope Selected novels are analyzed for the ambiguities that solitude injects into their meanings The freedom of solitude also becomes a burden from which the protagonists seek liberation Although such ambiguities about solitude exist from the Bible and the Ancients through the centuries following they change within the context of time The story of solitude in the twentieth century moves from the self's removal from society and retreat into nature to an extra social position within which the self confronts itself A chapter is devoted to the synoptic analysis of solitude in the West with emphasis on the Renaissance to the twentieth century and another chapter analyzes the ambiguities that set the stage for modernism Defoe's Robinson Crusoe Selected works by Woolf Mann Camus Sartre and Beckett highlight particular modernist issues of solitude and how their authors sought to resolve them **Humanistic Existentialism** Hazel Estella Barnes,1959-01-01 Click for larger cover scan

Humanistic Existentialism The Literature of Possibility Paper 1959 X 419 CIP LC 59 11732 ISBN 0 8032 5229 3 Price 29 95 University of Nebraska Press This study in humanistic existentialism is highly informative as well as entertaining It is a scholarly detailed analysis of the literary art the philosophical ideas and the psychologies of Albert Camus Jean Paul Sartre and Simone de Beauvoir It is also a competent effort to explain the positive implications for the theory of freedom and possibility which lie half buried under this literature of nothingness alienation and absurdity Miss Barnes makes thoroughly enjoyable reading of a subject matter which might have seemed forbidding Herbert W Schneider Journal of Philosophy

Recommended unqualifiedly as the most thorough and reliable exposition of the works of Sartre Camus and de Beauvoir to have appeared in this country Willard Colston Chicago Sun Times Those who want a real understanding of existentialism instead of the usual superficial generalizations are certain to gain it from this book Walter Kaufmann The American Scholar The book captures much of the forlorn dark grandeur of the existentialist vision of the human condition Yale Review The philosophy of Sartre is presented accurately and with rare elegance and simplicity The section on psychoanalysis compares Sartre to Freud then to Horney and Fromm then to the phenomenologists The treatment is fair minded and careful Robert Champigny L Esprit Crateur

Finite Transcendence Steven A. Burr, 2014-05-01 Absurdity time death each poses a profound threat to Being compelling us to face our limits and our finitude Yet what does it mean to fully realize and experience these threats Finite Transcendence Existential Exile and the Myth of Home presents a thoughtful and thorough examination of these challenges and questions arguing the universality of the realization of finitude in the experience of exile By tracing the historical presence and experience of notions of faith and exile in Western thought from the Ancient Greeks to the present Steven A Burr demonstrates the character of each as fundamental constitutive components of what it means to be human The book discusses essential elements of each culminating in a compelling account of existential exile as a definitive name for the human experience of finitude Burr follows with a comprehensive analysis of the writings of Albert Camus demonstrating an edifying articulation of engagement with and reconciliation of the condition of existential exile Finally based on the model suggested in Camus s approach Burr discusses responses to exile and articulates the meaning of home as the transcendence of exile Finite Transcendence is a work that will be of great value to anyone working in or studying existentialism philosophy of religion hermeneutics and social theory as well as to anyone interested in questions of faith and society religion or secularity

A Bibliographical Life Jean-Paul Sartre, 1974-06 Destiny, the Inward Quest, Temporality and Life Anna-Teresa Tymieniecka, 2011-04-20 There is no greater gift to man than to understand nothing of his fate declares poet philosopher Paul Valery And yet the searching human being seeks ceaselessly to disentangle the networks of experiences desires inward promptings personal ambitions and elevated strivings which directed his her life course within changing circumstances in order to discover his sense of life Literature seeks in numerous channels of insight the dominant threads of the sense of life the inward quest the frames of experience in reaching the inward sources of what we call destiny inspired by experience and temporality which carry it on This unusual collection reveals the deeper generative elements which form sense of life stretching between destiny and doom They escape attention in their metamorphic transformations of the inexorable irreversibility of time which undergoes different interpretations in the phases examining our life Our key to life has to be ever discovered anew

Studies in Ontology in Twentieth Century Literature Doris Enright-Clark Shoukry, 2018-06-11 This book is a study of literary concern with ontology throughout the twentieth century It consists of ten essays each of which focuses on one or various writers absorption with the nature of man and his being in this world The

volume discusses Gertrude Stein Virginia Woolf Franz Kafka Thomas Stearns Eliot Milan Kundera Eug ne Ionesco Albert Camus Marguerite Duras Toni Morrison and Nathalie Sarraute as reflecting ontological concerns These writers although not subscribing to the Sartrean proclamation that existence precedes essence did consider the related existential questions concerning man s freedom and responsibility for his being living in Stein s terminology Their works are symptomatic of modern man s preoccupation with understanding the self as a source of wisdom These essays were written over many years and represent the author s own findings and thoughts over that time assembled here between the covers of one book In addition to fulfilling that function and their pertinence when they were written they offer the reader a nostalgic journey to the twentieth century s literary adventures and creativity A new novel was born and the breakdown of the rigid distinctions between genres made it possible for a novelist to write poetry and for a poet or playwright to explore a common theme with a novelist while they all shared with contemporary philosophers an obsession with the nature of man s being in this world This book therefore throws light on the intellectual preoccupations of this era Sartre und Camus. Literatur Der Existenz Leo Pollmann,1967 *The Cambridge Companion to Existentialism* Steven Crowell,2012-02-16 These essays demonstrate the contemporary vitality of existential thought engaging critically with the main concepts and figures of existentialism

Essays on Camus's Exile and the Kingdom Judith D. Suther,1980 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1972 **Samuel Beckett in Context** Anthony Uhlmann,2013-02-28 Provides a comprehensive exploration of Beckett s historical cultural and philosophical contexts offering new critical insights for scholars and general readers **The Bloomsbury Companion to Existentialism** Felicity Joseph,Jack Reynolds,Ashley Woodward,2014-09-25 The Bloomsbury Companion to Existentialism is the definitive guide to this key area of modern European philosophy Now available in paperback the book covers the fundamental questions asked by existentialism providing valuable guidance for students and researchers to some of the many important and enduring contributions of existentialist thinkers Chapters from an international team of experts explore existentialism s relationship to philosophical method ontology politics psychoanalysis ethics religion literature emotion feminism and sexuality emotions authenticity and the self its significance in Latin American culture and its contribution to the development of post structuralism and cognitive science In addition five short chapters summarize the status of canonical figures Kierkegaard Nietzsche Heidegger Sartre and de Beauvoir delineating the historical approach to their work while pointing to new directions contemporary research is now taking Featuring a series of indispensable research tools such as an A to Z glossary a timeline of key events texts and thinkers in existentialism a list of resources and an annotated guide to further reading this Companion is an essential resource to help the new reader navigate through the heart of Existentialism and modern European philosophy

Existence, Meaning, Excellence Andrius Bielskis,2017-10-17 This book addresses the perennial question of the meaning of life from the point of view of a novel interpretation of Aristotle s teleology Beginning with the premise that at the

core of modernity and modern moral imagination are the entropy of meaning and the sense of meaninglessness the author critically engages with the work of the post war existentialists chiefly that of Albert Camus and Martin Heidegger to argue that their analyses are unconvincing and that the question of the meaning of being should therefore be approached using different assumptions based on the notion of flourishing life From this Aristotelian outlook Existence Meaning Excellence employs Alasdair MacIntyre s critique of modernity together with his conceptions of practice and the narrative unity of life and tradition to provide a novel philosophical account of existence meaning and excellence an account which is used to contribute to debates between Kantian and Nietzschean perspectives on the nature of art and genius with Mozart s genius being used by way of illustration A fascinating and powerfully argued engagement with existentialist thought that draws on the virtue tradition to explore questions of meaning as well as wider questions within philosophy this book will appeal to philosophers and social theorists with interests in existentialism moral philosophy and accounts of the good based on the notions of human flourishing

Enjoying the Tune of Expression: An Psychological Symphony within **Sartre And Camus Literature Of Existence**

In a global eaten by displays and the ceaseless chatter of instant conversation, the melodic splendor and psychological symphony developed by the published term usually fade into the back ground, eclipsed by the persistent sound and distractions that permeate our lives. Nevertheless, situated within the pages of **Sartre And Camus Literature Of Existence** an enchanting literary value full of raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, that interesting masterpiece conducts viewers on a psychological journey, skillfully unraveling the concealed songs and profound influence resonating within each cautiously constructed phrase. Within the depths of this touching assessment, we can examine the book is main harmonies, analyze their enthralling writing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
