Sartres Concept Of A Person An Analytic Approach

Sebastian Gardner

Sartre's Concept Of A Person An Analytic Approach:

Sartre's Concept of a Person Phyllis Sutton Morris, 1976 A revision of the author's thesis University of Michigan 1969 Bibliography p 154 161 Includes index

The Concept of Freedom and the Development of Sartre's Early Political Thought Bernard Merkel, 2019-04-15 This book first published in 1987 is a study of the development of Sartre's political thought from the late 1920s to the liberation of France in 1944 concentrating particularly upon his concept of freedom It is argued that the evolution of Sartre's thinking can be regarded as constituting a series of problematics each of which has a corresponding notion of freedom and these problematics are elucidated in turn

The Existentialism of Jean-Paul Sartre Jonathan Webber, 2009-01-13 Webber argues for a new interpretation of Sartrean existentialism On this reading Sartre is arguing that each person's character consists in the projects they choose to pursue and that we are all already aware of this but prefer not to face it Careful consideration of his existentialist writings shows this to be the unifying theme of his theories of consciousness freedom the self bad faith personal relationships existential psychoanalysis and the possibility of authenticity Developing this account affords many insights into various aspects of his philosophy not least concerning the origins structure and effects of bad faith and the resulting ethic of authenticity This discussion makes clear the contributions that Sartre's work can make to current debates over the objectivity of ethics and the psychology of agency character and selfhood Written in an accessible style and illustrated with reference to Sartre's fiction this book should appeal to general readers and students as well as to specialists

Sartre's 'Being and Nothingness' Sebastian Gardner, 2009-02-26 Jean Paul Sartre's Being and Nothingness marked the beginning of the rise of French existentialism in the twentieth century In this work Sartre offers a complex and profound defense of human freedom The topics discussed by Sartre range from traditional problems of metaphysics and epistemology to the roots of human motivation and the nature of human relationships It is a hugely important text in a long and distinguished tradition of philosophical reflection going back to Kant Sartre's Being and Nothingness A Reader's Guide is an invaluable companion to the study of this influential philosophical text

Feminist Interpretations of Jean-Paul Sartre Julien S. Murphy, 2010-11-01 While Sartre was committed to liberation struggles around the globe his writing never directly addressed the oppression of women Yet there is compatibility between his central ideas feminist beliefs In this first feminist collection on Sartre philosophers reassess the merits of Sartre's radical philosophy of freedom for feminist theory Contributors are Hazel E Barnes Linda A Bell Stuart Z Charmé Peter Diers Kate Edward Fullbrook Karen Green Sarah Lucia Hoagland Sonia Kruks Guillermine de Lacoste Thomas Martin Phyllis Sutton Morris Constance Mui Iris Marion Young

Existentialist Ontology and Human Consciousness William L. McBride, 2013-09-13 Existentialist Ontology and Human Consciousness The majority of the distinguished scholarly articles in this volume focus on Sartre's early philosophical work which dealt first with imagination and the emotions then with the critique of Husserl's notion of a transcendental ego and finally with systematic ontology presented in his best known book

Being and Nothingness In addition since his preoccupation with ontological questions and especially with the meanings of ego self and consciousness endured throughout his career other essays discuss these themes in light of later developments both in Sartre's own thought and in the phenomenological hermeneutic and analytic traditions **Aquinas and Sartre**

Stephen Wang, 2009 Thomas Aquinas and Jean Paul Sartre are usually identified with completely different philosophical traditions intellectualism and voluntarism In this original study Stephen Wang shows instead that there are some profound similarities in their understanding of freedom and human identity **Sartre and Marxist Existentialism** Thomas R.

Flynn, 1986-10-15 In this important book Thomas R Flynn reinterprets and evaluates Sartre's social and political philosophy arguing that the existential ethics of Sartre's early phase is consistent with the Marxist inspired views of his later writings Displaying his mastery of Sartre's entire corpus Flynn reconstructs Sartre's social ontology with its sensitive balance of the existentialist's respect for moral responsibility and the Marxist's sense of social causation Flynn focuses on the issue of collective responsibility as a particularly apt test case for assessing any proposed union of existentialist and Marxist perspectives The study begins with an examination of the uses of responsibility in Being and Nothingness and in several postwar essays Flynn then concentrates on the Critique of Dialectical Reason offering a thorough analysis of the remarkable social theory Sartre constructs there A masterful contribution to Sartre scholarship Sartre and Marxist Existentialism will be of great interest to social and political philosophers involved in the debate over collective responsibility **Kant and Sartre**

S. Baiasu, 2011-08-26 This book challenges the view of the relationship between Kant's and Sartre's practical philosophies arguing that Kant was one of Sartre's most significant predecessors The book identifies several fundamental theses of Sartre's practical philosophy and shows Sartre to be closer to Kant in this respect than many contemporary Kantian theories are

Pre-reflective Consciousness Sofia Miguens, Gerhard Preyer, Clara Bravo Morando, 2015-10-16 Pre reflective Consciousness Sartre and Contemporary Philosophy of Mind delves into the relationship between the current analytical debates on consciousness and the debates that took place within continental philosophy in the twentieth century and in particular around the time of Sartre and within his seminal works Examining the return of the problem of subjectivity in philosophy of mind and the idea that phenomenal consciousness could not be reduced to functional or cognitive properties this volume includes twenty two unique contributions from leading scholars in the field Asking questions such as Why we should think that self consciousness is non reflective Is subjectivity first personal Does consciousness necessitate self awareness Do we need pre reflective self consciousness Are ego disorders in psychosis a dysfunction of pre reflective self awareness How does the Cartesian duality between body and mind fit into Sartre's conceptions of consciousness **The**

Power of Consciousness and the Force of Circumstances in Sartre's Philosophy Thomas W. Busch, 1989-11-22

Displaying a masterful grasp of the texts the author shows how otherness forces itself upon the existentialist Sartre gradually constraining him to modify his understanding of consciousness as omnipotent The issue is Sartre's discovery of the social and

its conceptual assimilation into his individualistic consciousness oriented philosophy Thomas R Flynn This very successful and accessible scholarly book is simultaneously a succinct and clear overview of Sartre s philosophical works and a fresh consideration of Sartre s body of work Choice Busch s admirably clear and compact discussion is essential reading for Sartre scholars since it powerfully addresses many issues dividing them Ethics a useful overview of the evolution of Sartre s thought Review of Politics a thought provoking reassessment of Sartre s philosophical career Man and World succinct richly documented survey International Studies in Philosophy *Sartre and Analytic Philosophy* Talia Morag,2023-12-01 This book explores the relevance of Sartre s work in various areas of contemporary philosophy including the imagination philosophy of language scepticism social ontology logic film practical rationality emotions and psychoanalysis Unlike other collections focused on Sartre this book is not intended as a book of Sartre scholarship or interpretation The volume s contributors trained in analytic philosophy engage with Sartre s work in new refreshing ways which does not require seeing him as primarily belonging to the continental philosophical traditions of phenomenology or existentialism Instead this book aims to make available and fruitfully explore the unheralded insights of Sartre to creatively re appropriate or rationally reconstruct certain fruitful ideas or approaches of Sartre and confront them with or make them available to contemporary philosophy in general Sartre thereby emerges from this book as a versatile philosopher with a stake in a large variety of philosophical concerns Sartre and Analytic Philosophy will appeal to Sartre scholars who are interested in his relevance to contemporary philosophical debates as well as philosophers who are interested in exploring new ways of doing philosophy which are neither stereotypically analytic nor continental **Ethics of an Artificial Person** Elizabeth Hankins Wolgast,1992 We can freely cross disciplinary boundaries as well as the line between theory and practice and allow practices to cast their light back on the theory and show us its deficiencies In short this approach reorients some much discussed issues of professional business and military ethics and reveals them as variations on one deeply rooted theme The author does not treat current institutions as final and unalterable If these arrangements frustrate moral evaluation she finds that an argument for change To make intelligent changes however we need a clear view of the reasoning that makes them seem natural and inevitable That is what this book attempts to do In the process the author also reexamines the concept of person Not all cultures put so much stress on the idea as Western and particularly American cultures do If we wish to keep this emphasis then here is another argument for change Canonical Authors in Consumption Theory Soren Askegaard,Benoit Heilbrunn,2017-12-14 Canonical Authors in Consumption Theory is the first work to compile the contributions of the greatest social thinkers in the global conversation about consumption and consumer culture A prestigious reference work it offers original chapters by the world s most prominent thought leaders and surveys how the work of historical theorists has influenced and shaped consumption theory both through history and at the cutting edge of research Consumption is at the core of contemporary lifestyles of political successes and failures and of discussions around sustainability and environmental change Contemporary

consumer culture shapes modern identities and is the engine of the globalizing capitalist economy Still most social theorizations over the last century and a half have addressed production processes rather than consumption processes This is about to change Studies of consumption play an increasing role as a topic and a domain of study in marketing anthropology sociology and cultural studies Currently there is no single compilation that systematically links scholarly work published by the greatest social thinkers of the last 150 years to the understanding of contemporary consumer society This book provides a solid framework for understanding the relevance of these canonical authors in social theory to facilitate analysis of consumer culture and to act as a comprehensive reference point for consumer researchers doctoral students and practitioners

The Routledge Companion to Phenomenology Sebastian Luft, Søren Overgaard, 2013-07-03

Phenomenology was one of the twentieth century's major philosophical movements and continues to be a vibrant and widely studied subject today The Routledge Companion to Phenomenology is an outstanding guide and reference source to the key philosophers topics and themes in this exciting subject and essential reading for any student or scholar of phenomenology Comprising over fifty chapters by a team of international contributors the Companion is divided into five clear parts main figures in the phenomenological movement from Brentano to Derrida main topics in phenomenology phenomenological contributions to philosophy phenomenological intersections historical postscript Close attention is paid to the core topics in phenomenology such as intentionality perception subjectivity the self the body being and phenomenological method An important feature of the Companion is its examination of how phenomenology has contributed to central disciplines in philosophy such as metaphysics philosophy of mind moral philosophy aesthetics and philosophy of religion as well as disciplines beyond philosophy such as race cognitive science psychiatry literary criticism and psychoanalysis

Sartre and his Predecessors William Ralph Schroeder, 2019-04-15

This study first published in 1984 presents an explanation and critical examination of the theories of Sartre Heidegger Husserl and Hegel on the fundamental relationships between persons It also synthesizes the results into a new conception of one's relation to other people Sartre's famous discussion of the Look in his early treatise Being and Nothingness is the point of departure and central text Since Sartre critically responds to his three famous predecessors these thinkers are given an independent hearing The book demonstrates various ways in which persons are internally related to one another shows that one's access to other people typically does not compare unfavourably with one's access to oneself and establishes the importance of a prior comprehension of the status of other people for an adequate treatment of knowing them

Ontological Landscapes Vesselin Petrov, 2013-05-02

In the last decades ontology has been successfully developed in many directions and has fostered various approaches for depicting the contemporary ontological landscapes An important task is to outline recent thought on the conceptual interfaces between science and philosophy The present volume opens up a view onto the plurality of different ontological schemes The papers collected here discuss the interfaces between ontology and empirical research that are created by the notions of a whole a

thought a number a quality an ability a kind notions of causation dynamicity and social objects the application of relevant logical tools for the reconsideration of ontological paradigms as well as the investigation of the consequences in cognitive sciences on the development of ontology *The Bodily Nature of Consciousness* Kathleen V. Wider, 2018-05-31 In this work Kathleen V Wider discusses Jean Paul Sartre s analysis of consciousness in Being and Nothingness in light of recent work by analytic philosophers psychologists and neuroscientists She brings together phenomenological and scientific understandings of the nature of consciousness and argues that the two approaches can strengthen and support each other Work on consciousness from two very different philosophical traditions the continental and analytic contributes to her explanation of the deep seated intuition that all consciousness is self consciousness *Phenomenological Approaches to Moral Philosophy* J.J. Drummond, Lester Embree, 2013-03-14 Against the background of the recent revival of ethics this handbook aims to show the great fertility of the phenomenological tradition for the study of ethics and moral philosophy by collecting a set of papers on the contributions to ethical thought by major phenomenological thinkers Twenty one chapters in the book are articles by experts who explore the thought of the major ethical thinkers in the first two generations of the phenomenological tradition and direct the reader toward the most relevant primary and secondary materials The final three chapters of the book sketch more recent developments in various parts of the world and the first three chapters investigate the relations between phenomenology and the dominant normative approaches in contemporary moral philosophy *Philosophy as Passion* Karen Vintges, 1996-11-22 Philosophy as Passion refutes the commonly held view of Simone de Beauvoir as no more than an acolyte of Jean Paul Sartre Karen Vintges delineates Beauvoir s independent original ethics and philosophy drawing on the moral philosophical treatises of the 1940 s and 1950 s along with The Second Sex her novel The Mandarins and autobiographical works

Sartres Concept Of A Person An Analytic Approach Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sartres Concept Of A Person An Analytic Approach has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sartres Concept Of A Person An Analytic Approach has opened up a world of possibilities. Downloading Sartres Concept Of A Person An Analytic Approach provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sartres Concept Of A Person An Analytic Approach has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sartres Concept Of A Person An Analytic Approach. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sartres Concept Of A Person An Analytic Approach. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sartres Concept Of A Person An Analytic Approach, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sartres Concept Of A Person An Analytic Approach has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing

online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Sartres Concept Of A Person An Analytic Approach Books

What is a Sartres Concept Of A Person An Analytic Approach PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Sartres Concept Of A Person An Analytic Approach PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Sartres Concept Of A Person An Analytic Approach PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Sartres Concept Of A Person An Analytic Approach PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Sartres Concept Of A Person An Analytic Approach PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
