Special Force Alastair MacKenzie,2011-10-30 The exploits of the British Army's elite 22nd Special Air Service Regiment the regiment of the SAS that forms part of the Regular army are shrouded in mystery and myths abound about its members But what is the truth behind the public facade of clinical professionalism How has such a small regiment attracted so many weighty legends And what is the purpose of the SAS in the 21st century Special Force provides an original and unusually critical overview of the activities of the SAS from the Malayan Emergency of 1950 to the present day In the context of a detailed and often controversial analysis of the post war activities of the Regiment MacKenzie establishes that the Regiment's almost legendary professional competence is often not backed up by reality Far from being part of a structured deployment of strategic military assets MacKenzie argues that the use of the SAS in recent years has been primarily driven by the

entrepreneurial actions of a few SAS commanding officers Special Force not only offers a revelatory history of the SAS in the modern period it is also a disturbing expose of the truth behind the myth It will be essential reading for anyone with an interest in the British military past present and future *Shadow Warriors* Tom Clancy,Carl Stiner,Tony Koltz,2003-02-04
