Saskatchewan The Roots Of Discontent And Protest:

Saskatchewan John W. Warnock, 2004 In celebration of its centennial in 2005 here is the story of Saskatchewan

Perspectives of Saskatchewan Jene M. Porter, 2008-11-01 At the turn of the nineteenth century Saskatchewan was one of the fastest growing provinces in the country In the early 1900s it revolutionized the Canadian political landscape and gave rise to socialist governments that continue to influence Canadian politics today It was the birthplace of Canada's publicly funded health care system and home to a thriving arts and literary community that helped define western Canadian culture In Perspectives of Saskatchewan twenty one noted scholars present an in depth look at some of the major developments in the province's history including subjects such as art literature demographics politics northern development and religion It lays the foundations for a greater understanding of Saskatchewan's unique history identity and place in Canada

Saskatchewan Politics Howard A. Leeson, 2009 Accompanied by DVD videodisc entitled The 2006-08 throne and budget debates between NDP leader Lorne Calvert and Saskatchewan Party leader Brad Wall in jewel case New Directions in Saskatchewan Public Policy David McGrane, 2011 In this new scholarly compilation by David P McGrane established and emerging trends in Saskatchewan public policy are the foundation for setting new directions for the province in the 21st century In what direction should Saskatchewan be headed in the 21st century To answer this question academics from various disciplines at the University of Regina and University of Saskatchewan have come together to produce New Directions in Saskatchewan Public Policy the first edited book exclusively devoted to public policy in the province with chapters discussing taxation immigration agriculture urban affairs poverty reduction the social economy labour aging Aboriginal public administration and climate change The authors provide an analysis and description of the current policies of the Wall government and also look back to explore what the Romanow and Calvert governments did in these areas The overarching theme of the book is that despite the province's robust economic growth significant public policy challenges remain for the Saskatchewan provincial government The lesson is that economic growth does not magically solve entrenched societal problems and that economic prosperity will dissipate if worrisome social trends are left unchecked While many scholarly books shy away from prescription the authors of this book include sections in their chapters that set out new directions for policy development As such the book not only contains solid analysis of the present policy situation but also offers concrete ideas for future policy makers *The Prairie Agrarian Movement Revisited* Kenneth Murray Knuttila, 2007 The formation of the Territorial Grain Growers Association in 1901 was not the only important event in the early history of what has come to be known broadly as the agrarian movement in the Canadian prairies but it was a defining moment in some respects Arguably it signalled the formation of an agrarian class but at least it was an indicator of an awakening of a democratic consciousness among family farmers Ultimately the Association provided a venue for analysis and critique the development of strategies and tactics and of course the nurturing of leadership and organizational forms that would have a

profound influence upon politics and the state in the three prairie provinces and the Dominion as well as the creation of co-operatives and other forms of direct action These eighteen essays honouring the 100th anniversary in 2001 of the formation of the TGGGA explore important aspects of the historical legacy of the agrarian movement and contemplate their relevance to the current setting for the rural prairies pub desc *The Power of Persuasion* Kirsten Kozolanka, 2007 Explores the relationship between the politics of the New Right the media and democracy *The Struggle for Legitimacy* Andrea Sterzuk, 2011-11-11 This book examines the experiences of Indigenous students in settler schools by using the example of a Canadian school as a window into the relationship between colonial discourses indigenized English language varieties racialized identities and the biased educational practices of settler schools The book aims to develop awareness of the colonial past and its present day influences on settler schools to take a close look at the effects of present day settler nationalism on constructions of race and language in settler schools and to explore what could be done differently to lessen present day and future educational inequity The book will have great appeal to education students educators teacher educators and educational researchers in settler contexts Province with a Heart Randy Boswell, Lynn McAuley, 2005

In Search of Canadian Political Culture Nelson Wiseman, 2011-11-01 What do we really mean by phrases such as western Canadian political culture the centrist political culture of Ontario Red Toryism in the Maritimes or Prairie socialism What historical geographical and sociological factors came into play as these cultures were forged In this book Nelson Wiseman addresses many such questions offering new ways of conceiving Canadian political culture The most thorough review of the national political ethos written in a generation In Search of Canadian Political Culture offers a bottom up regional analysis that challenges how we think and write about Canada Big Worlds Jared J. Wesley, 2016-01-01 **Canada Since 1960: A People's History** Cy Gonick, 2016-04-18 When Winnipeg's Cy Gonick started the magazine Canadian Dimension in 1963 to provide a home for the thinking and analysis of mostly young leftists engaged in Canadian economic social cultural artistic and political issues he had no grand plan But Canadian Dimension was welcomed by intellectuals scholars and students and it proved enduring Hundreds of Canada's leading figures of the left have contributed to its pages over the years writing about every major topic in Canadian public life This book offers an account of the most important developments in Canadian history from the sixties until today as seen and interpreted by scholars and writers on the pages of Dimension Each chapter reviews a major theme such as Canada's relationship to the U S the development of our health care system the dynamics of Aboriginal non-Aboriginal relations and the role of Canadian cultural work in shaping Canadian society Taken together the book provides a unique and broad perspective on virtually every significant event and development in recent Canadian history Readers who know the magazine will find this book a compelling summary of how Canada changed in the past five decades and how the Left saw those changes and challenged them Readers who discover Canadian Dimension through this book will find a multitude of compelling voices who challenge the dominant neoliberal thinking of mainstream Canadian

Natural Resources and Government Revenue: Recent Trends in Saskatchewan John W. Warnock, 2005 Since the expansion of democracy and the election of the CCF Government in 1944 the people of Saskatchewan have consistently felt that natural resources should be developed for the benefit of all In Canada today and in many other countries economic rent from resource extraction and use is considered to be the difference between the basic international price of a commodity less all the costs of production including exploration development of the extraction process operating the system the capital invested and the transportation costs Economic rent under this definition would include the excess profits captured by the corporations as well as the special taxes fees and royalties which are used by governments to try to appropriate a share of the rent for the general public the legal owners of the natural resources The theory is that the private company responsible for the extraction owes royalties to the owners of the resource the general public and this should be considered a basic cost of production For example in 2004 5 there was a major increase in the price of oil and natural gas unrelated to the cost of extraction and the monopoly rent was captured by the private corporations and their owners Inside the NDP War Room James S. McLean, 2012-11-01 The federal election campaign of 2005 06 offered the usual mix of lofty rhetoric competing interests and skullduggery Nonetheless this campaign laid the foundation for a major shift in Canadian politics bringing the Conservative Party to power and changing the balance of opposition parties Inside the NDP War Room takes readers behind the scenes to investigate the nature of credibility in the complex communicative game of election campaigns James McLean considers the ways in which the idea of credibility is used to explain how messages are crafted and articulated how journalists are implicated and what the Canadian public needs to know about what is at stake in the competition for votes He talks to insiders about their communication practices and strategies and reflects upon the grand narratives and small opportunistic moments brought before the Canadian public when power is up for grabs A vivid first hand account of campaign strategizing Inside the NDP War Room offers insights into the NDP breakthroughs of 2011 the full meaning of Quebec s orange wave and the future of a party preparing for a new reality

Writing in Dust Jenny Kerber, 2011-03-17 Writing in Dust is the first sustained study of prairie Canadian literature from an ecocritical perspective Drawing on recent scholarship in environmental theory and criticism Jenny Kerber considers the ways in which prairie writers have negotiated processes of ecological and cultural change in the region from the early twentieth century to the present The book begins by proposing that current environmental problems in the prairie region can

be understood by examining the longstanding tendency to describe its diverse terrain in dualistic terms either as an idyllic natural space or as an irredeemable wasteland It inquires into the sources of stories that naturalize ecological prosperity and hardship and investigates how such narratives have been deployed from the period of colonial settlement to the present It then considers the ways in which works by both canonical and more recent writers ranging from Robert Stead W O Mitchell and Margaret Laurence to Tim Lilburn Louise Halfe and Thomas King consistently challenge these dualistic landscape myths proposing alternatives for the development of more ecologically just and sustainable relationships among people and between humans and their physical environments Writing in Dust asserts that reading environmentally can help us to better understand a host of issues facing prairie inhabitants today including the environmental impacts of industrial agriculture resource extraction climate change shifting urban rural demographics the significance of Indigenous understandings of human nature relationships and the complex often contradictory meanings of eco cultural metaphors of alien invasiveness hybridity and wildness

Ours by Every Law of Right and Justice Sarah Carter,2020-11-01 Many of Canada s most famous suffragists from Nellie McClung and Cora Hind to Emily Murphy and Henrietta Muir Edwards lived and campaigned in the Prairie provinces the region that led the way in granting women the right to vote and hold office In *Ours by Every Law of Right and Justice* award winning author Sarah Carter challenges the myth that grateful male legislators simply handed western settler women the vote in recognition that they were equal partners in the pioneering process Suffragists worked long and hard to overcome obstacles persuade doubters and build allies But their work also had a dark side Even as settler suffragists pressured legislatures to grant their sisters the vote they often approved of that same right being denied to foreigners and Indigenous men and women By situating the suffragists struggle in the colonial history of Prairie Canada this powerful and passionate book shows that the right to vote meant different things to different people political rights and emancipation for some domination and democracy denied for others

Transforming Provincial Politics Bryan M. Evans,Charles W Smith,2015-03-27 Over the past thirty five years Canada s provinces and territories have undergone significant political changes Abandoning mid century Keynesian policies governments of all political persuasions have turned to deregulation tax reduction and government downsizing as policy solutions for a wide range of social and economic issues *Transforming Provincial Politics* is the first province by province analysis of politics and political economy in more than a decade and the first to directly examine the turn to neoliberal policies at the provincial and territorial level Featuring chapters written by experts in the politics of each province and territory *Transforming Provincial Politics* examines how neoliberal policies have affected politics in each jurisdiction A comprehensive and accessible analysis of the issues involved this collection will be welcomed by scholars instructors and anyone interested in the state of provincial politics today

Work in Tumultuous Times Vivian Shalla,Wallace Clement,2007-03-12 Using a progressive approach to political economy contributors propose alternative policies and practices that might secure more decent livelihoods for workers and

their families *Decolonizing Education* Marie Battiste, 2019-01-31 Drawing on treaties international law the work of other Indigenous scholars and especially personal experiences Marie Battiste documents the nature of Eurocentric models of education and their devastating impacts on Indigenous knowledge Chronicling the negative consequences of forced assimilation racism inherent to colonial systems of education and the failure of current educational policies for Aboriginal populations Battiste proposes a new model of education arguing the preservation of Aboriginal knowledge is an Aboriginal right Central to this process is the repositioning of Indigenous humanities sciences and languages as vital fields of knowledge revitalizing a knowledge system which incorporates both Indigenous and Eurocentric thinking Growing Resistance Emily Eaton, 2013-05-15 In 2004 Canadian farmers led an international coalition to a major victory for the anti GM movement by defeating the introduction of Monsanto's genetically modified wheat Canadian farmers' strong opposition to GM wheat marked a stark contrast to previous producer acceptance of other genetically modified crops By 2005 for example GM canola accounted for 78 percent of all canola grown nationally So why did farmers stand up for wheat In *Growing Resistance* Emily Eaton reveals the motivating factors behind farmer opposition to GM wheat She illustrates wheat's cultural historical and political significance on the Canadian prairies as well as its role in crop rotation seed saving practices and the economic livelihoods of prairie farmers Through interviews with producers industry organizations and biochemical companies Eaton demonstrates how the inclusion of producer interests was integral to the coalition's success in voicing concerns about environmental implications international market opposition to GMOs and the lack of transparency and democracy in Canadian biotech policy and regulation *Growing Resistance* is a fascinating study of successful coalition building of the need to balance local and global concerns in activist movements and of the powerful forces vying for control of food production
