## Satapatha Brahmana Part I The The Sacred Of The East Part Twelve:

**The Sacred Books of the East: The Satapatha-Brahmana, part 3** Friedrich Max Müller, 1894      **The Sacred Books of the East: The Satapatha-Brahmana, part 4** Friedrich Max Müller, 1897      *The Sacred Books of the East: The Satapatha-Brahmana, part 5* Friedrich Max Müller, 1900      ,2018-11-30 The Apocalypse of Enoch and Bhu unda The Apocalypse of Enoch and Bhu unda challenges the underlying assumptions of the classical roots of civilization by restoring the original context of creation mythology In this second volume of A Chronology of the Primeval Gods and the Western Sunrise ancient myths from multiple geographies are correlated to spikes in cosmic rays over the past 120 000 years as documented in ice core data The chronology and content of these myths tell us that the primary forces behind these cataclysms were the most ancient gods hyper nova at the Galactic Center associated with Sgr A The Dragon Sgr West The Beast and Sgr East Hirany ksha and Hiranyakas ipu with secondary supernova seen as the birth of new destructive gods Ancient myth has documented the cataclysmic destruction of the world on at least twenty occasions with four major geo polar migrations which has resulted in a shift of the earth s equator on at least one occasion Multiple myths are shown to represent a view of the sky that can only be seen from the Antarctic region Multiple versions of the myths of Orion are analyzed showing clear linkages between the Vedic myth of Trisanku the Book of Genesis Senmut s Tomb and the myths of Praj pati Daksa representing the oldest version of the Orion myth older than Trishanku and Genesis by 20 000 years The stunning conclusion explains how the Watchers of Enoch were the Vedic descendants of Ila and Ikshvaku These descendants of the seventh Manu had been observing and recording the stars as a source of cataclysm for at least 15 000 years prior to Enoch thus allowing Enoch to prophesize a new heaven That prophecy became the foundation for St John s Book of Revelations which is shown to be a description of a series of cataclysms attributed to Sgr West The book offers a new theory for explaining geo polar migration That theory suggests small shifts in the location of the earth s center of gravity underlie each migration but that there are multiple causes for the shifts      Sacred Books of the East F. Max Muller, 2001-10-26 This is a subset of the Sacred Books of the East Series which includes translations of all the most important works of the seven non Christian religions which have exercised a profound influence on the civilizations of the continent of Asia      Asiatic Review , 1895 Beginning in 1895 includes the Proceedings of the East India Association      Earth Under Fire Paul A. LaViolette, 2005-10-25 An investigation of the connection between ancient world catastrophe myths and modern scientific evidence of a galactic destruction cycle Provides scientific evidence of past Earth wide catastrophes and their galactic superwave origins Decodes the ancient message encrypted in the zodiac constellations and symbolism of the Sphinx Describes how explosions of our Galaxy s core pose a threat to humanity in the future Many ancient myths from around the world tell of catastrophic destruction by fire and flood These ubiquitous legends are so extreme that they are often dismissed as imaginative exaggerations In Earth Under Fire Paul LaViolette connects these myths to recent scientific findings in

astronomy geology and archaeology to reconstruct the details of prehistoric global disasters and to explain how similar tragedies could recur in the near future Compelled by his decryption of an ancient warning hidden in zodiac constellation lore LaViolette worked with information from many scientific sources including astronomical observations polar ice core measurements and other geological data to confirm that our Galaxy s core exploded near the end of the last ice age This explosion unleashed a barrage of cosmic rays and enveloped the solar system in a dense nebula which led to periods of persistent darkness frigid cold severe solar storms searing heat and mountainous floods that plagued mankind for many generations Linking his scientific findings to details preserved in the myths and monuments of ancient civilizations he demonstrates how past civilizations accurately recorded the causes of these cataclysmic events knowledge of which may be crucial for the human race to survive the next catastrophic superwave cycle This information reveals the intelligence and ingenuity of our ancestors who when faced with extinction found the means to warn us that the apocalypse that destroyed them could occur once again      *Accessions, 1876-1886* London univ, libr,1886      **Sotheran's Price Current of**

**Lalla Rookh: An Oriental Romance** Thomas Moore, In the eleventh year of the reign of Aurungzebe Abdalla King of the Lesser Bucharia a lineal descendant from the Great Zingis having abdicated the throne in favour of his son set out on a pilgrimage to the Shrine of the Prophet and passing into India through the delightful valley of Cashmere rested for a short time at Delhi on his way He was entertained by Aurungzebe in a style of magnificent hospitality worthy alike of the visitor and the host and was afterwards escorted with the same splendour to Surat where he embarked for Arabia During the stay of the Royal Pilgrim at Delhi a marriage was agreed upon between the Prince his son and the youngest daughter of the emperor Lalla Rookh a Princess described by the Poets of her time as more beautiful than Leila Shirine Dewild or any of those heroines whose names and loves embellish the songs of Persia and Hindostan It was intended that the nuptials should be

celebrated at Cashmere where the young King as soon as the cares of empire would permit was to meet for the first time his lovely bride and after a few months repose in that enchanting valley conduct her over the snowy hills into Bucharia The day of Lalla Rookh s departure from Delhi was as splendid as sunshine and pageantry could make it The bazaars and baths were all covered with the richest tapestry hundreds of gilded barges upon the Jumna floated with their banners shining in the water while through the streets groups of beautiful children went strewing the most delicious flowers around as in that Persian festival called the Scattering of the Roses till every part of the city was as fragrant as if a caravan of musk from Khoten had passed through it The Princess having taken leave of her kind father who at parting hung a cornelian of Yemen round her neck on which was inscribed a verse from the Koran and having sent a considerable present to the Fakirs who kept up the Perpetual Lamp in her sister s tomb meekly ascended the palankeen prepared for her and while Aurungzebe stood to take a last look from his balcony the procession moved slowly on the road to Lahore Seldom had the Eastern world seen a cavalcade so superb From the gardens in the suburbs to the Imperial palace it was one unbroken line of splendour The gallant appearance of the Rajahs and Mogul Lords distinguished by those insignia of the Emperor s favour the feathers of the egret of Cashmere in their turbans and the small silver rimmed kettledrums at the bows of their saddles the costly armour of their cavaliers who vied on this occasion with the guards of the great Keder Khan in the brightness of their silver battle axes and the massiness of their maces of gold the glittering of the gilt pine apples on the tops of the palankeens the embroidered trappings of the elephants bearing on their backs small turrets in the shape of little antique temples within which the Ladies of Lalla Rookh lay as it were enshrined the rose coloured veils of the Princess s own sumptuous litter at the front of which a fair young female slave sat fanning her through the curtains with feathers of the Argus pheasant s wing and the lovely troop of Tartarian and Cashmerian maids of honour whom the young King had sent to accompany his bride and who rode on each side of the litter upon small Arabian horses all was brilliant tasteful and magnificent and pleased even the critical and fastidious Fadladeen Great Nazir or Chamberlain of the Haram who was borne in his palankeen immediately after the Princess and considered himself not the least important personage of the pageant
