Saturnian Quest John Cowper Powys A Study Of His Prose Works:

The Saturnian Quest George Wilson Knight,1978 Anarchist Seeds beneath the Snow David Goodway,2011-12-12

From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In Anarchist Seeds beneath the Snow David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world **Routledge**

Revivals: Neglected Powers (1971) G. Wilson Knight,2017-11-22 First published in 1971 Professor Knight s book draws analytic attention to poets including Tennyson Masefield and Brooke who are shown to hold a dimension of meaning previously ignored or misunderstood Homage is paid to John Cowper Powys as one of the foremost seers of the modern age A comprehensive review of the work of Francis Berry claims to establish him as our foremost living poet Professor Knight urges and goes far to prove that modern literary criticism up until the 1970s failed to touch upon the richer meanings of contemporary literature he stresses the relation between such acclaimed poets as Yeats and Eliot and the spiritualistic movements of contemporary times Knight regards youth revolts as a sign of a healthy dissatisfaction with an irreligious and directionless culture and believes that hope lies in the neglected powers pressing for acceptance **Presences and**

Absences - Transdisciplinary Essays Katarína Labudova,Nóra Séllei,2013-10-03 This volume discusses the question of presence and or absence from a transdisciplinary perspective and intends to provide insights into how a wide range of disciplines addresses this issue which has been at the centre of philosophical theoretical and critical debates in the past decades As the essays in the volume prove apparently diverse areas can have a lot in common and talk to each other in sometimes surprising ways The topics discussed include modals in various languages and black slave funeral sermons pragmatic markers and the Australian Stolen Generation the transcendental in poems by Ann Bradstreet Arthur Symons and Philip Larkin short stories by Katherine Mansfield generic presences in Virginia Woolf and contemporary journalism haunting presences in fin de si cle ghost stories and in a contemporary horror film mythical structures in John Cowper Powys and Margaret Atwood and gender politics in Pat Barker and Sarah Waters The analyses as they talk to each other create multiple dialogues without imposing closures and ultimate interpretations on the plethora of possible meanings emerging from the juxtaposition of these essays This transdisciplinary volume written in an erudite but reader friendly language will be of great interest to both the academic world as well as a broader readership interested in how linguistic phenomena in general cultural myths of all kinds various cinematic literary and journalistic genres from diverse periods can be approached and opened up to new readings and meanings from the perspective of presences and absences *John Cowper Powys and the*

Afterlife of Romanticism Kim Wheatley, 2025-01-09 This study bridges the chronological divide between the Romantic era and the first six decades of the 20th century interpreting John Cowper Powys 1872-1963 as a major under recognized contributor to the cultural transmission of Romanticism Kim Wheatley's *John Cowper Powys and the Afterlife of Romanticism* uncovers the surprising extent to which this multi faceted Modernist era author reworked key concerns of the Romantic poets Wheatley shows how Powys's prose rewritings of Romantic poetry contribute to the story of the posthumous life of Romanticism especially its environmental legacy In particular the book expands our understanding of the early 20th century reception of William Wordsworth and John Keats Wheatley argues that Powys anticipates and presciently interrogates recent revisionary critical approaches to the Romantics primarily materialist eco critical approaches and therefore invites a fresh environmentalist criticism open to the transcendental and the supernatural Chapters range across Powys's extensive oeuvre investigating his treatment of Wordsworth and Keats in his works of fiction autobiographical writings popular philosophical books and essays of literary appreciation including his *Autobiography* 1934 his four major Wessex novels *Wolf Solent* 1929 *A Glastonbury Romance* 1932 *Weymouth Sands* 1934 and *Maiden Castle* 1936 and his later Welsh historical novels *Owen Glendower* 1941 and *Porius* 1951 Wheatley demonstrates how Powys uniquely combines sense based nature worship the leveling of animate and inanimate and care for disabled human beings along with mystical and magical themes into an all encompassing ecological vision more capacious than any imagined by the Romantics themselves [The Powys Review](#) ,1990

The A to Z of Fantasy Literature Brian Stableford, 2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites [The Oxford Encyclopedia of British Literature](#) David Scott Kastan, 2006-03-03 From folk ballads to film scripts this new five volume encyclopedia covers the entire history of British literature from the seventh century to the present focusing on the writers and the major texts of what

are now the United Kingdom and the Republic of Ireland In five hundred substantial essays written by major scholars the Encyclopedia of British Literature includes biographies of nearly four hundred individual authors and a hundred topical essays with detailed analyses of particular themes movements genres and institutions whose impact upon the writing or the reading of literature was significant An ideal companion to The Oxford Encyclopedia of American Literature this set will prove invaluable for students scholars and general readers For more information including a complete table of contents and list of contributors please visit www.oup.com/us/ebl

International Medievalisms Mary Boyle,2023 Identifies and investigates international medievalism through three distinct strands Internationally Nationalist Someone Else s Past and Activist Medievalism Medievalism the reception of the Middle Ages often invokes a set of tropes generally considered medieval rather than consciously engaging with medieval cultures and societies International medievalism offers an additional interpretative layer by juxtaposing two or more national cultures at least one of which is medieval National can be aspirational it might refer to the area within agreed borders or to the people who live there but it might also describe the people who understand or imagine themselves to constitute a nation And once medieval becomes simply a collection of ideas it can be re formed as desired cast as more geographically than historically specific or function as a gateway to an even more nebulous past This collection explores medievalist media from the textual to the architectural Subjects range from The Green Children of Woolpit to Refugee Tales and from Viking metal to Joan of Arc As the contributors to each section make clear for centuries the medieval has provided material for countless competing causes and cannot be contained within historical political or national borders The essays show how the medieval is repeatedly co opted and recreated formed as much as formative inviting us to ask why and in service of what
