*Saul Bellow and American Transcendentalism* Mohammad A. Quayum,2004 Saul Bellow and American Transcendentalism explores Saul Bellow s moral and philosophical affinity with the writers of American transcendentalism especially Emerson and Whitman Its focus is on the vintage Bellow or his mature novels from Henderson the Rain King 1959 to The Dean s December 1982 In these novels Bellow highlights a moral crisis arising from humankind s despiritualization and dehumanization which he believes is responsible for an ongoing dichotomy in the modern world Bellow describes this as a dichotomy of the Cleans and the Dirties in the context of American culture To rectify this dichotomy and redeem humankind from its current death ridden state Bellow and his protagonists advance a vision of life that corresponds to the transcendental vision of dialogue and double consciousness or coordination and balance Like Emerson they advocate The mid world is best A man is a golden impossibility the line he must walk is a hair s breadth Comparable to Whitman they urge the individual to knit the knot of contrariety and act as an arbiter of the diverse      The Cambridge Companion to Saul Bellow

Victoria Aarons,2017 This book demonstrates the complexity of Bellow s work by emphasizing the ways in which it reflects the changing conditions of American identity      **Saul Bellow Against the Grain** Ellen Pifer,1991-06 Pifer contends that Bellow s fiction is fundamentally radical Going against the grain of contemporary culture and its secular pieties he undermines accepted notions of reality and challenges the orthodoxies created by materialist values and rationalist thought Charged by his belief in the soul his 10 novels test the assumptions of traditional realism Pifer stresses the importance to Bellow of the invisible world the longing for revelation and the capacity to love and to suffer She also shows how Bellow s hero is a man torn between his modern predilection for secular rationalism and a primordial attachment to the soul and how he is led to demolish reigning idols of contemporary thought and culture ISBN 0 8122 8203 5 29 95      **Re-Thinking**

**Theory** Richard Freadman,Seumas Miller,1992-05-07 These deficiencies are ascribed principally to three aspects of modern theoretical schools the commitment to a non referential view of language the rejection of substantive accounts of the individual and a repudiation of moral and aesthetic evaluation The alternative account offered by Professors Freadman and Miller incorporates the values renounced by contemporary literary theory and places a central emphasis on ethical discourse
