## **Savannah A Renaissance Of The Heart:**

*Savannah* Betsy Fancher, 1976-01-01      **The Urban South** Lawrence H. Larsen, 2021-12-14 In this panoramic survey of urbanization in the American South from its beginnings in the colonial period through the Sunbelt era of today Lawrence Larsen examines both the ways in which southern urbanization has paralleled that of other regions and the distinctive marks of southernness in the historical process Larsen is the first historian to show that southern cities developed in layers spreading ever westward in response to the expanding transportation needs of the Cotton Kingdom Yet in other respects southern cities developed in much the same way as cities elsewhere in America despite the constraints of regional racial and agrarian factors And southern urbanites far from resisting change quickly seized upon technological innovations most recently air conditioning to improve the quality of urban life Treating urbanization as an independent variable without an ideological foundation Larsen demonstrates that focusing on the introduction of certain city services such as sewerage and professional fire departments enables the historian to determine points of urban progress Larsen s landmark study provides a new perspective not only on a much ignored aspect of the history of the South but also on the relationship of the distinctive cities of the Old South to the new concept of the Sunbelt city Carrying his story down to the present he concludes that southern cities have gained parity with others throughout America This important work will be of value to all students of the South as well as to urban historians

**The Rise of the Urban South** Lawrence H. Larsen, 2021-12-14 Operating under an outmoded system of urban development and faced by the vicissitudes of the Civil War and Reconstruction southerners in the nineteenth century built a network of cities that met the needs of their society In this pioneering exploration of that intricate story Lawrence H Larsen shows that in the antebellum period southern entrepreneurs built cities in layers to facilitate the movement of cotton First came the colonial cities followed by those of the piedmont the New West the Gulf Coast and the interior By the Civil War cotton could move by a combination of road rail and river through a network of cities for example from Jackson to Memphis to New Orleans to Europe In the Gilded Age building on past practices the South continued to make urban gains Men like Henry Grady of Atlanta and Henry Watterson of Louisville used broader regional objectives to promote their own cities Grady successfully sold Atlanta one of the most southern of cities demographically as a city with a northern outlook Watterson tied Louisville to national goals in railroad building The New South movement did not succeed in bringing the region to parity with the rest of the nation yet the South continued to rise along older lines By 1900 far from being a failure in terms of the general course of American development the South had created an urban system suited to its needs while avoiding the promotional frenzy that characterized the building of cities in the North Based upon federal and local sources this book will become the standard work on nineteenth century southern urbanization a subject too long unexplored      Remaking Wormsloe Plantation Drew A. Swanson, 2012-04 Why do we preserve certain landscapes while developing others without restraint Drew A Swanson s in depth look at Wormsloe plantation located on the salt marshes

outside of Savannah Georgia explores that question while revealing the broad historical forces that have shaped the lowcountry South Wormsloe is one of the most historic and ecologically significant stretches of the Georgia coast It has remained in the hands of one family from 1736 when Georgia's Trustees granted it to Noble Jones through the 1970s when much of Wormsloe was ceded to Georgia for the creation of a state historic site It has served as a guard post against aggression from Spanish Florida a node in an emerging cotton economy connected to far flung places like Lancashire and India a retreat for pleasure and leisure and a carefully maintained historic site and green space Like many lowcountry places Wormsloe is inextricably tied to regional national and global environments and is the product of transatlantic exchanges Swanson argues that while visitors to Wormsloe value what they perceive to be an authentic undisturbed place this landscape is actually the product of aggressive management over generations He also finds that Wormsloe is an ideal place to get at hidden stories such as African American environmental and agricultural knowledge conceptions of health and disease the relationship between manual labor and views of nature and the ties between historic preservation and natural resource conservation Remaking Wormsloe Plantation connects this distinct Georgia place to the broader world adding depth and nuance to the understanding of our own conceptions of nature and history

After Midnight in the Garden of Good and Evil Marilyn J. Bardsley, 2012-12-14 The 1 Wall Street Journal ebook bestseller about the murder that shocked Savannah society and inspired the blockbuster film As a premier antiques dealer in Savannah Jim Williams had it all style culture charisma and sophistication But three decades of hard work came crashing down the night he shot Danny Hansford his wild young lover Jim Williams stood trial four times over the next decade for premeditated murder While Clint Eastwood's movie starring Kevin Spacey and Jude Law and the book *Midnight in the Garden of Good and Evil* by John Berendt portrayed the natives of Savannah as remarkably decadent exotic characters they missed the surprising dark side of Jim Williams himself He was a smooth predator whose crimes could have put him behind bars long before the death of Danny Hansford After *Midnight in the Garden of Good and Evil* is Marilyn Bardsley's continuation of the story which includes crucial testimony recreating the courtroom drama between a gifted prosecutor and a brilliant defense attorney as they battle over the future of a self made aristocrat More than forty photos and revealing insider interviews bring new life to the vivid cast of characters in this unique southern crime story
