

# Saving Children

**Lee Jenkins**

## **Saving Children:**

**Saving the Children** Emily Baughan, 2021-11-23 *Saving the Children* analyzes the intersection of liberal internationalism and imperialism through the history of the humanitarian organization Save the Children from its formation during the First World War through the era of decolonization. Whereas Save the Children claimed that it was saving children to save the world, the vision of the world it sought to save was strictly delimited, characterized by international capitalism and colonial rule. Emily Baughan's groundbreaking analysis across fifty years and eighteen countries shows that Britain's desire to create an international order favorable to its imperial rule shaped international humanitarianism. In revealing that modern humanitarianism and its conception of childhood are products of the early twentieth-century imperial economy, *Saving the Children* argues that the contemporary aid sector must reckon with its past if it is to forge a new future. **Children's**

**Saving** Edmund J.S. Sonuga-Barke, Paul Webley, 2017-12-06 Originally published in 1993, this book presents an alternative approach to the study of the emergence of economic awareness during childhood: a new developmental economic psychology. In the past, attempts to study the emergence of children's economic consciousness have failed to take account of the practical nature of the economic in the history of western cultures. Economic socialisation has been seen as the acquisition of abstract knowledge about the institutions of adult economic culture. The child has been seen as a spectator acquiring knowledge of that culture but never really a part of it. However, economic actions in essence are directed not towards the attainment of knowledge but rather towards the practical solution of problems of resource allocation imposed by constraint. Children, just like adults, are faced with practical problems of resource allocation. Their response to these problems may be different from those of adults but no less economic for that. This realisation forms the heart of this book. In it, children are seen as both inhabitants of their own playground economic subculture and actors in the wider economic world of adults, solving or attempting to solve practical economic problems. In order to highlight this child-centred approach, the authors studied the way children tackle the particular problems posed by limitations of income. How do children learn about the relationship between choices available in the present and the future? b) to spread their limited financial resources over time into the future and c) about the strategies such as banking that allow them to protect those resources from threats and temptations. In short, how do children learn to save? This volume goes some way to answering these and related questions and, in so doing, sets up an alternative framework for the study of the emergence of economic awareness. **Saving Regional Children's Hospital ,**

Psychology Library Editions: Child Development Various, 2021-12-02 *Psychology Library Editions: Child Development* 20 Volume set brings together a diverse number of titles across many areas of developmental psychology, from children's play to language development. The series of previously out-of-print titles originally published between 1930 and 1993, with the majority from the 70s and 80s, includes contributions from many respected authors in the field and charts the progression of the field over this time. **Children's Understanding of Society** Martyn Barrett, Eithne Buchanan-Barrow, 2004-12 A state

of the art review of the research in this area this collection covers children s understanding of family school economics race politics and gender roles Recent changes and trends in research are summarised This is explained in terms of a progression from the Piagetian stages model of development to the current emphasis on socially mediated sources of information socio cultural context and children s own naive theories about societal phenomena Bringing together some of the most prominent and active researchers in this field this volume presents an advanced overview of developments in this under represented area of social psychology

*Children's Rights* John Wall, 2016-10-18 This accessible and authoritative book provides the first systematic overview of the global children s rights movement It introduces both beginners and experts to child and youth rights in all their theoretical historical cultural political and practical complexity In the process the book examines key controversies about globalization cultural relativism social justice power economics politics freedom ageism and more Combining vivid examples with cutting edge scholarship Children s Rights Today s Global Challenge lifts up the rights of the youngest third of humanity as the major human rights challenge of the twenty first century

*Children's Rights and the Developing Law* Jane Fortin, 2009-08-13 Following the implementation of the Human Rights Act 1998 awareness has

increased that we live in a rights based culture and that children constitute an important group of rights holders Now in its third edition *Children's Rights and the Developing Law* explores the way developing law and policies in England and Wales are simultaneously promoting and undermining the rights of children It reflects on how far these developments take account of children's interests using current research on children's needs as a template against which to assess their effectiveness and considering a broad range of topics including medical law education and youth justice A critical approach is maintained throughout particularly when assessing the extent to which the concept of children's rights is being acknowledged by the courts and policy makers and the degree to which the UK fulfils its obligations under for example the UN Convention on the Rights of the Child

**Social Dynamics in Swiss Society** Robin Tillmann, Marieke Voorpostel, Peter Farago, 2018-06-13

Using longitudinal data from the Swiss Household Panel to zoom in on continuity and change in the life course this open access book describes how the lives of the Swiss population have changed in terms of health family circumstances work political participation and migration over the last sixteen years What are the different trajectories in terms of mobility health wealth and family constellations What are the drivers behind all these changes over time and in the life course And what are the implications for inequality in society and for social policy The Swiss Household Panel is a unique ongoing longitudinal survey that has followed a large sample of Swiss households since 1999 The data provide the rare opportunity to go beyond a snapshot of contemporary Swiss society and give insight into the processes in people's lives and in society that lie behind recent developments

**Taking Care of Business** Lee Jenkins, 2001-10-01 Despite trillions of dollars spent and the development of welfare programs poverty has actually gotten much worse Nationally 30% of black families live below the poverty line an increase of 20% since 1969 Lee Jenkins knows that poverty is not corrected by a redistribution of wealth but by the transformation of people In his new book he offers readers comprehensive strategies for setting goals in the areas of family faith friends finances and fitness

**Social Policy for Effective Practice** Rosemary Kennedy Chapin, Melinda Lewis, 2023-03-31 *Social Policy for Effective Practice A Strengths Approach* sharpens students awareness of social welfare policy and offers a considerable array of resources and knowledge foundations to both understand and thrive within a continually evolving policy landscape Throughout the text the authors tell the stories of social workers who impact policy incorporate frameworks for policy analysis center social work values and strengths principles and integrate the series interactive and downloadable cases to demonstrate policy's relevance and application to practice settings and situations in concrete ways Students may use the text as an introduction to social policy a tool for deeper examination of policy topics and as a lifelong companion for their policy relevant practice Now in its sixth edition the textbook is fully updated to reflect substantial changes in policy arenas such as health care family economic support immigration and asylum criminal justice housing reproductive rights substance use disorder mental health treatment and childcare as well as the implications of the evolving COVID 19 pandemic With additional support and extensions available at [www.routledgesw.com](http://www.routledgesw.com) *Social Policy for*

Effective Practice makes policy relevant accessible and meaningful for social work students and is a perfect complement to undergraduate and graduate courses on social policy and practice

Nationalism and Youth in Theatre and Performance  
 Victoria Pettersen Lantz, Angela Sweigart-Gallagher, 2014-07-11 Nationalism and Youth in Theatre and Performance explores how children and young people fit into national political theatre and moreover how youth enact interrogative patriotic and or antagonistic performances as they develop their own relationship with nationhood Children are often seen as excluded from public discourse or political action However this idea of exclusion is false both because adults place children at the center of political debates with the rhetoric of future generations and because children actively insert themselves into public discourse Whether performing a national anthem for visiting heads of state creating a school play about a country's birth or marching in protest of a change in public policy young people use theatre and performance as a means of publicly staking a claim in national politics directly engaging with ideas of nationalism around the world This collection explores the issues of how children fit into national discourse on international stages The authors focus on national performances by for with youth and examine a wide range of performances from across the globe from parades and protests to devised and traditional theatre Nationalism and Youth in Theatre and Performance rethinks how national performance is defined and offers previously unexplored historical and theoretical discussions of political youth performance
