The best place for a sea otter pup is with Mom. But for orphaned or injured otters, help from humans is the next best thing.

Taking care of a little otter is a big job for a sea otter mom. **(left)** She has to feed her baby, keep its fur clean, and protect it from danger. She also has to teach it how to swim, clean itself, and find food.

Sadly, sometimes sea otter moms get separated from their pups. A mom may be injured—perhaps by being bitten by a shark or hit by a boat—or unable to care for her baby.

Right pups can be swept away by strong waves and winds during storms.

Without its mom, a sea otter pup is helpless and can't survive. Read on to see how pups in trouble get a little help from their human friends.
