Saving America Faith Based Services And The Future Of Civil Society:

Saving America? Robert Wuthnow, 2004 The great strength of *Saving America* is its comprehensive vision

Saving America? Robert Wuthnow, 2009-11-06 On January 29 2001 President George W Bush signed an executive order creating the White House Office of Faith Based and Community Initiatives This action marked a key step toward institutionalizing an idea that emerged in the mid 1990s under the Clinton administration the transfer of some social programs from government control to religious organizations However despite an increasingly vocal ideologically charged national debate a debate centered on such questions as What are these organizations doing How well are they doing it Should they be supported with tax dollars solid answers have been few In *Saving America* Robert Wuthnow provides a wealth of up to date information whose absence until now has hindered the pursuit of answers Assembling and analyzing new evidence from research he and others have conducted he reveals what social support faith based agencies are capable of providing Among the many questions he addresses Are congregations effective vehicles for providing broad based social programs or are they best at supporting their own members How many local congregations have formal programs to assist needy families How much money do such programs represent How many specialized faith based service agencies are there and which are most effective Are religious organizations promoting trust love and compassion The answers that emerge demonstrate that American religion is helping needy families and that it is more broadly fostering civil society Yet religion alone cannot save America from the broad problems it faces in providing social services to those who need them most Elegantly written *Saving America* represents an authoritative and evenhanded benchmark of information for the current and the coming debate

The Arc of Faith-Based Initiatives John P. Bartkowski, Susan E. Grettenberger, 2018-05-17 This volume offers an in depth examination of a diverse range of faith based programs implemented in three different geographical locales family support in rural Mississippi transitional housing in Michigan and addiction recovery in the Pacific Northwest Washington Oregon Various types of religious service providers faith intensive and faith related are carefully examined and secular organizations also serve as an illuminating point of comparison Among other insights this book reveals how the three C s of social service provision programmatic content organizational culture and ecological context all combine to shape the delivery of welfare services in the nonprofit world This book warns against simplistic generalizations about faith based organizations Faith based providers exhibit considerable diversity and quite often remarkable resilience in the face of challenging social circumstances An appreciation of these nuances is critical as policies concerning faith based organizations continue to evolve

Faiths, Public Policy and Civil Society A. Dinham, 2009-03-12 This book uses empirical data and theory to explore the role of faiths as public actors their contribution to welfare services how they help build community cohesion and break it down and what it means for them and for others to be involved in new modes of governance

European Societies in Transition Dan Sandu, 2010 The contributions in this volume on social care and welfare disadvantaged groups or individuals

are intended to be useful in the Eastern European social context to those who experienced or study the communist rule The transition in Eastern societies is fast paced sometimes people oppose it or refuse to be involved Rules are firm and imposed according to already established models in Western European countries Society tends to become more ferocious in content but more accessible through media and democratic liberties Changes are very swift and need greater attention because of the fundamental and structural nature of transformations in an age of transition

Religiously Affiliated Agencies:
Oxford Bibliographies Online Research Guide Oxford University Press,2010-05-01 This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In social work as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Social Work a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of social work Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

Follow the New Way Melissa May Borja,2023-02-21 When the US government resettled thousands of Hmong in 1975 the work was done by Christian organizations deputized by the state Exploring the resiliency of tradition amid shaky US commitments to pluralism and secularism Melissa May Borja shows how Hmong Americans developed a new way that blended Christianity with their longstanding practices

Piety and Public Funding
Axel R. Schäfer,2012-06-28 How is it that some conservative groups are viscerally antigovernment even while enjoying the benefits of government funding In Piety and Public Funding historian Axel R Sch fer offers a compelling answer to this question by chronicling how in the first half century since World War II conservative evangelical groups became increasingly adept at accommodating their hostility to the state with federal support Though holding to the ideals of church state separation evangelicals gradually took advantage of expanded public funding opportunities for religious foreign aid health care education and social welfare This was especially the case during the Cold War when groups such as the National Association of Evangelicals were at the forefront of battling communism at home and abroad It was evident too in the Sunbelt where the military industrial complex grew exponentially after World War II and where the postwar right would achieve its earliest success Contrary to evangelicals own claims liberal public policies were a boon for not a threat to their own

institutions and values The welfare state forged during the New Deal and renewed by the Great Society hastened not hindered the ascendancy of a conservative political movement that would in turn use its resurgence as leverage against the very system that helped create it By showing that the liberal state's dependence on private and nonprofit social services made it vulnerable to assaults from the right Piety and Public Funding brings a much needed historical perspective to a hotly debated contemporary issue the efforts of both Republican and Democratic administrations to channel federal money to faith based organizations It suggests a major reevaluation of the religious right which grew to dominate evangelicalism by exploiting institutional ties to the state while simultaneously brandishing a message of free enterprise and moral awakening

Religion and Politics in the United States Kenneth D. Wald, Allison Calhoun-Brown, 2007 Religion and Politics in the United States Fifth Edition offers a comprehensive account of the role of religious ideas institutions and communities in American public life While maintaining that religion is too politically potent to be left out or consigned to the margins in accounts of American politics Wald and Calhoun Brown also argue against the common tendency to treat religion as the dominant force in politics today Early topics include the nature and persistence of religion in the United States its contribution to the Founding and the continuing debate over the role of religion in government and law Following a discussion of how religious factors encourage political action the book concludes by discussing basic political attitudes and behavior among members of mainstream American religious traditions and minority religious communities defined by ethnicity race gender and sexual orientation The new edition greatly expands coverage of various religious minorities with a new chapter on politics and religion among African Americans Latinos Muslim Americans Latter Day Saints Mormons and other faith traditions There is larger focus on how religion influences the politics of local communities To Care for Creation Stephen Ellingson, 2016-08-26 Controversial megachurch pastor Mark Driscoll proclaimed from a conference stage in 2013 I know who made the environment and he's coming back and going to burn it all up So yes I drive an SUV The comment which Driscoll later explained away as a joke highlights what has been a long history of religious anti environmentalism Given how firmly entrenched this sentiment has been surprising inroads have been made by a new movement with few financial resources which is deeply committed to promoting green religious traditions and creating a new environmental ethic To Care for Creation chronicles this movement and explains how it has emerged despite institutional and cultural barriers as well as the hurdles posed by logic and practices that set religious environmental organizations apart from the secular movement Ellingson takes a deep dive into the ways entrepreneurial activists tap into and improvise on a variety of theological ethical and symbolic traditions in order to issue a compelling call to arms that mobilizes religious audiences Drawing on interviews with the leaders of more than sixty of these organizations Ellingson deftly illustrates how activists borrow and rework resources from various traditions to create new meanings for religion nature and the religious person's duty to the natural world **The Routledge International Handbook of Education, Religion and Values** James

Arthur, Terence Lovat, 2013-08-21 The academic fields of religion and values have become the focus of renewed interest in contemporary thinking about human activity and its motivations The Routledge International Handbook of Education Religion and Values explores and expands upon a range of international research related to this revival The book provides an authoritative overview of global issues in religion and values surveying the state of the academic area in contributions covering a wide range of topics It includes emerging controversial and cutting edge contributions as well as investigations into more established areas International authorities Arthur and Lovat have brought together experts from across the world to examine the complexity of the field of study The handbook is organised around four key topics which focus on both the importance of religion and values as broad fields of human enquiry as well as in their application to education inter agency work and cross cultural endeavours The Conceptual World of Religion and Values Religion and Values in Education Religion and Values in Inter agency Work Religion and Values in Cross cultural Work This comprehensive reference work combines theoretical and empirical research of international significance and will be valuable reading for students researchers and academics in the field of education

The Nonprofit Sector Walter W Powell, Patricia Bromley, 2023-05-25 Timely unique and definitive not only chronicles the history of the nonprofit sector but also provides a broad but critical analysis of its current state Vartan Gregorian President Carnegie Corporation of New York The nonprofit sector has changed in fundamental ways in recent decades As the sector has grown in scope and size both domestically and internationally the boundaries between for profit governmental and charitable organizations have become intertwined Nonprofits are increasingly challenged on their roles in mitigating or exacerbating inequality And debates flare over the role of voluntary organizations in democratic and autocratic societies alike The Nonprofit Sector takes up these concerns and offers a cutting edge empirical and theoretical assessment of the state of the field This book now in its third edition brings together leading researchers economists historians philosophers political scientists and sociologists along with scholars from communication education law management and policy schools to investigate the impact of associational life Chapters consider the history of the nonprofit sector and of philanthropy the politics of the public sphere governance mission and engagement access and inclusion and global perspectives on nonprofit organizations Across this comprehensive range of topics The Nonprofit Sector makes an essential contribution to the study of civil society Praise for previous editions Takes a decidedly multidisciplinary approach invaluable Journal of Policy Analysis and Management A major contribution to the field Social Forces

Igniting the Power of Community Paul A. Gaist, 2009-12-04 Igniting the Power of Community The Role of CBOs and NGOs in Global Public Health introduces readers to the pursuit and potential of community based organizations and nongovernmental organizations to transform global public health At a time of unprecedented challenges economic crises social inequalities environmental stressors emerging health threats these organizations are initiating and driving change often being the first to call attention to the issues and increasingly forging significant and sustainable solutions Through concrete examples success

stories and cautionary tales from experienced practitioners Igniting the Power of Community demonstrates why understanding the roles of the diverse organizations of this sector is vital to anyone concerned with improving health and public health today This forward thinking book explains how citizen sector organizations work their immediate and long term impact on public health and the key players and business dynamics involved With an emphasis on innovative approaches it provides an insiders view into practical considerations regarding organizational structure financing and operations A sampling of the coverage The new era of social entrepreneurship and philanthropy Sustainability in international public health NGOs Front line perspectives from both well established and grassroots CBOs Faith based organizations and public health NGOs and the military evolving relationships in conflict and disaster zones Understanding the environmental health movement and its impact Project YEAH a youth AIDS organizations story Whether you are involved in clinical care health research public health programs or policy development and implementation this book provides key insights and skills and will serve as an invaluable resource in working most effectively with and within these dynamic organizations body

Rough Country Robert Wuthnow,2016-04-05 How the history of Texas illuminates America s post Civil War past Tracing the intersection of religion race and power in Texas from Reconstruction through the rise of the Religious Right and the failed presidential bid of Governor Rick Perry Rough Country illuminates American history since the Civil War in new ways demonstrating that Texas s story is also America s In particular Robert Wuthnow shows how distinctions between us and them are perpetuated and why they are so often shaped by religion and politics Early settlers called Texas a rough country Surviving there necessitated defining evil fighting it and building institutions in the hope of advancing civilization Religion played a decisive role Today more evangelical Protestants live in Texas than in any other state They have influenced every presidential election for fifty years mobilized powerful efforts against abortion and same sex marriage and been a driving force in the Tea Party movement And religion has always been complicated by race and ethnicity Drawing from memoirs newspapers oral history voting records and surveys Rough Country tells the stories of ordinary men and women who struggled with the conditions they faced conformed to the customs they knew and on occasion emerged as powerful national leaders We see the lasting imprint of slavery public executions Jim Crow segregation and resentment against the federal government We also observe courageous efforts to care for the sick combat lynching provide for the poor welcome new immigrants and uphold liberty of conscience A monumental and magisterial history Rough Country is as much about the rest of America as it is about Texas

Boundless Faith Robert Wuthnow,2010-10-12 Robert Wuthnow shows that American Christianity is increasingly influenced by globalization and is in turn playing a larger role in other countries and in US policies and programmes abroad

The Religion and Theology Student Writer's Manual and Reader's Guide Joel Hopko, Gregory M. Scott, Stephen M. Garrison,2017-11-02 The Religion Student Writer s Manual and Reader s Guide is a set of instructions and exercises that sequentially develop citizenship academic and professional skills while providing students

with knowledge about a wide range of religious concepts phenomena and information sources Part 1 begins by teaching students about reading and writing in introductory religion It focuses on the crafts of writing and scholarship by providing the basics of grammar style formats and source citation and then introduces students to a variety of rich information resources including the religious journals and the Library of Congress Part 2 prepares students to research read write review and critique religious scholarship Finally Part 3 provides for the practice of religious scholarship in advanced courses such as the history of religion and contemporary approaches to the study of religion *Society Shaped by Theology* Robin Gill,2013 *Society Shaped by Theology* explores the possibility that theological concepts may sometimes still be influential in the modern world It follows in the tradition of Max Weber arguing that theological virtues and debates can at times be transposed wittingly or unwittingly into society at large Gill examines the unusual instance of the public debate about Honest to God in the 1960s but then turns to the current debate about faith and social capital adding fresh and unexpected evidence

Land of Stark Contrasts Manuel Mejido Costoya,2021-04-06 An important new volume showcasing a wide range of faith based responses to one of today s most pressing social issues challenging us to expand our ways of understanding Land of Stark Contrasts brings together the work of social scientists ethicists and theologians exploring the profound role of religion in understanding and responding to homelessness and housing insecurity in all corners of the United States from Seattle San Francisco and Silicon Valley to Dallas and San Antonio to Washington D C and Boston Together the essays of Land of Stark Contrasts chart intriguing ways forward for future initiatives to address the root causes of homelessness In this way they are essential reading for practical theologians congregational leaders and faith based nonprofit organizers exploring how to combine spiritual and material care for homeless individuals and other vulnerable populations Social workers nonprofit managers and policy specialists seeking to understand how to partner better with faith based organizations will also find the chapters in this volume an invaluable resource Contributors include James V Spickard Manuel Mejido Costoya and Margaret Breen Michael R Fisher Jr Laura Stivers Lauren Valk Lawson Bruce Granville Miller Nancy A Khalil John A Coleman S J Jeremy Phillip Brown Paul Houston Blankenship Mar a Teresa D vila Roberto Mata and Sathianathan Clarke Co published with Seattle University s Center for Religious Wisdom and World Affairs **The Rise of Global Civil Society** Don Eberly,2010-01-07 Global news is generally bad news On the surface the story is about war poverty ethnic and sectarian strife Democracy movements advanced by the U S government seem to be stalled or even reversed Yet just below the surface more hopeful trends are brewing A new global awareness of the people at the bottom of the pyramid is summoning forth an unprecedented response to human need and suffering It involves a shift from vertical to horizontal power that official aid agencies are only beginning to comprehend Whereas twenty five years ago government aid accounted for 70 percent of all American outflows today 85 percent of all outflows of resources come from private individuals businesses religious congregations universities and immigrant communities If aid policy in the twentieth century relied on top down bureaucracy

dominated by policy specialists and elites the twenty first century is shaping up as an era in which citizens social entrepreneurs and volunteers link up to solve problems U S military and economic power are basic components of America s presence in the world but in an environment of rampant anti Americanism it is compassion that is America s most consequential export Civil society once the distinctive characteristic of American democracy is now advancing across the globe carrying with it new forms of philanthropy citizenship and volunteerism Tens of thousands of voluntary associations are prying open closed societies from within solving problems in new ways and forming the seedbed for a long term cultivation of democratic norms The Rise of Global Civil Society presents a sweeping overview of the forces now shaping the global debate including citizen led development projects poverty reduction strategies that substitute opportunity for charity and electronically linked movements to combat corruption and autocratic rule

American Evangelicals Today Corwin E. Smidt, 2015-02-03 American Evangelicals Today assesses the contemporary social religious and political characteristics of evangelical Protestants today and it does so in light of 1 whether these characteristics are similar to or different from the corresponding characteristics of adherents of other major faith traditions in American religious life and 2 the extent which these particular characteristics among evangelicals may have changed over the past four decades In addition it analyzes the extent which evangelicals are divided today and it does so within the framework of four potential factors that might shape such divisions racial ethnic differences generational differences educational differences and religious differences American Evangelicals Today is designed to serve as an accessible but scholarly overview of American evangelicals one that is appealing to all scholars students and laity alike Smidt offers a discussion of the nature of evangelical Protestantism highlights the particular analytical issues at play when one seeks to determine just who are to be classified as evangelicals and reveals some of the contradictory findings that can emerge through the use of these different analytical frameworks for defining evangelicals The volume not only analyzes the current characteristics of evangelicals in light of those exhibited by other religious traditions as well as how evangelicals have changed over time but it looks toward the future addressing generational differences and other possible factors for change among evangelical Protestants

As recognized, adventure as capably as experience not quite lesson, amusement, as with ease as conformity can be gotten by just checking out a book **Saving America Faith Based Services And The Future Of Civil Society** along with it is not directly done, you could resign yourself to even more approximately this life, something like the world.

We provide you this proper as with ease as easy quirk to acquire those all.
