The Saxon Savior G. Ronald Murphy, 1995 This study is an interpretation and appreciation of the art of the Heliand the 9th century Saxon epic poem in which the Christian Gospel of the four evangelists is reexpressed in Germanic terms Murphy examines in detail the ingenious and sensitive poetic analogies through which familiar texts the Nativity the Sermon on the Mount the Beatitudes and the Lord's Prayer the Passion and Resurrection are transformed into Germanic settings and concepts The first book in English on the Heliand this study offers a new socio political explanation of the possible motives of the unknown Heliand author in undertaking this enormous and brilliantly realized poetic task *Saving Paradise* Rita

Nakashima Brock, Rebecca Ann Parker, 2008 *Saving Paradise* offers a fascinating new lens on the history of Christianity asking how its early vision of beauty evolved into a vision of torture and what changes in society and theology marked that evolution **Early Germanic Literature and Culture** Brian Murdoch, Malcolm Kevin Read, 2004 A collection of fresh essays examining the wide scope and significance of early Germanic culture and literature The first volume of this set views the development of writing in German with respect to broad aspects of the early Germanic past drawing on a range of disciplines including archaeology anthropology and philology in addition to literary history The first part considers the whole concept of Germanic antiquity and the way in which it has been approached examines classical writings about Germanic origins and the earliest Germanic tribes and looks at the two great influences on the early Germanic world the confrontation with the Roman Empire and the displacement of Germanic religion by Christianity A chapter on orality the earliest stage of all literature provides a bridge to the earliest Germanic writings The second part of the book is devoted to written Germanic rather than German materials with a series of chapters looking first at the Runic inscriptions then at Gothic the first Germanic language to find its way onto parchment in Ulfilas's Bible translation The topic turns finally to what we now understand as literature with general surveys of the three great areas of early Germanic literature Old Norse Old English and Old High and Low German A final chapter is devoted to the Old Saxon Heliand Contributors T M Andersson Heinrich Beck Graeme Dunphy Klaus Dörmann G Ronald Murphy Adrian Murdoch Brian Murdoch Rudolf Simek Herwig Wolfram Brian

how King Alfred adapted Bede in the ninth century how both exerted an effect on Archbishop Wulfstan in the eleventh and how Old English poetry speaks to images of race      Jesus Christ in World History Jan A. B. Jongeneel, 2009 Based on the author's thesis Th D Leiden University 1971      **The Gothic Screen** Jacqueline E. Jung, 2012-12-28 This book reveals how Gothic choir screens through both their architecture and sculpture were vital vehicles of communication and shapers of community within the Christian church      **Saved from Sacrifice** Mark S. Heim, 2006-08-10 The cross has long been not only a scandal but also a profound paradox filled with saving significance and power it is at the same time a sobering tragedy In *Saved from Sacrifice* theologian Mark Heim takes on this paradox asserting that the cross must be understood against the whole history of human scapegoating violence In order to highlight the dimensions of his argument Heim carefully and critically draws on the groundbreaking work of French theorist and biblical scholar Ren Girard Yet Heim goes beyond Girard to develop a comprehensive theology of the atonement and the cross through his fresh readings of well known biblical passages and his exploration of the place of the victim      **Barbarian Queens and the Conversion of Europe** Burnam W. Reynolds, 2024-11-19 The conversion of the Roman Empire to Christianity occurring in the golden glint of the sunset of the Ancient World was not a concluding chapter but an opening one The sequential conversion of the barbarian tribal invaders of the Empire and the subsequent conversion of those beyond the old imperial limes was the making of European culture a prototypical Christendom The process has been well studied from the perspective of kings popes and missionaries by some of the finest historians of our era But the missing component in this civilizational change is that of the decisive influence of barbarian queens Christian women who led their royal husbands in the dangerous journey from one religion to another In recent years much has been done to illuminate queenship in general but a study focusing specifically on the queen's role in conversion is lacking This book seeks to remedy that and provide a missing piece in women's history      **Narration and Hero** Victor Millet, Heike Sahm, 2014-07-28 By the early middle ages vernacular aristocratic traditions of heroic narration were firmly established in Western and Northern Europe Although there are regional linguistic and formal differences one can observe a number of similarities Oral literature disseminates a range of themes that are shared by narratives in most parts of the continent In all the European regions this tradition of heroic narration came into contact with Christianity which led to modifications Similar processes of adaptation and transformation can be traced everywhere in this field of early European vernacular narrative But with the increasing specialization of academic fields over the last half century interdisciplinary dialogue has become increasingly difficult The volume is a contribution to renew the interdisciplinary dialogue about common themes topics and motifs in Nordic Roman Anglo Saxon and Germanic literature and about the different methodologies to explore them      The Chinese Face of Jesus Christ: Volume 3b Roman Malek, 2022-11-12 This collection in five volumes tries to realize the desideratum of a comprehensive interdisciplinary work on the manifold faces and images of Jesus in China which unites the Sinological mission historical theological art historical and other aspects The first three

**Cross Purposes** Anthony Bartlett,2018-09-20 This seminal study of the Christian theory of the atonement examines the story of Christian violence In *Cross Purposes* Anthony Bartlett claims that the key Western doctrines of atonement have been dominated by a logic of violence and sacrifice as a means of salvation Subsequently the graphic suffering of the crucified in images and narrative has served to unleash a prolonged sacrificial crisis in which there is always a potential need to displace blame These doctrines of atonement have sanctioned wide spread violence in the name of Christ throughout history But Bartlett argues that a minority tradition also exists He contends that the tradition of the compassion of Christ provides the possible way out of Christian violence Bartlett s study gives this tradition a dynamic new reading showing how it undoes both divine and human violence and offers a powerfully transformative version of atonement for the contemporary world *Cross Purposes* provides a rich historical and theological overview of the evolution of various atonement theories using literature art and philosophy to provide a creative and provocative reading of Christian atonement Anthony Bartlett is engaged in post doctoral research and is an instructor in Religion at Syracuse University For Seminarians clergy graduate students professors

*Converting the Saxons* Joshua M. Cragle,2023-10-06 Utilizing a crusading ethos from 772 to 804 AD Charlemagne King of the Franks waged war against the

continental Saxons to integrate them within the growing Frankish Empire and facilitate their conversion to Christianity. While substantial research has been produced concerning various components of Carolingian history, this work offers a unique examination of Charlemagne's Saxon Wars as a case study for understanding methods of conversion used in the Christianization of Europe as well as their significance for subsequent conversion strategies employed around the globe. Converting the Saxons builds on prior scholarly research, is grounded in primary sources, and is contextualized with a robust historical introduction. Throughout the text, particular emphasis is given to Christian encounters with paganism and the way paganism was interpreted, confronted, and transformed. Within those encounters, we observe myriad forces of coercion and incentivization used in societal religious conversion, demonstrating the need for a serious reconsideration of the standard narratives surrounding Christian missions. This book provides a scholarly and accessible resource for students and researchers interested in transhistorical methods of conversion, the history of Christianity, Early Medieval paganism, Colonial religious encounters, and the nature of religious conversion.

Heresy and Dissent in the Carolingian Empire Matthew Bryan Gillis, 2017-02-09. Heresy and Dissent in the Carolingian Empire recounts the history of an exceptional ninth-century religious outlaw, Gottschalk of Orbais. Frankish Christianity required obedience to ecclesiastical superiors, voluntary participation in reform, and the belief that salvation was possible for all baptized believers. Yet Gottschalk, a mere priest, developed a controversial Augustinian-based theology of predestination, claiming that only divine election through grace enabled eternal life. Gottschalk preached to Christians within the Frankish empire, including bishops, and to non-Christians beyond its borders, scandalously demanding they confess his doctrine or be revealed as wicked reprobates. Even after his condemnations for heresy in the late 840s, Gottschalk continued his activities from prison, thanks to monks who smuggled his pamphlets to a subterranean community of supporters. This study reconstructs the career of the Carolingian Empire's foremost religious dissenter in order to imagine that empire from the perspective of someone who worked to subvert its most fundamental beliefs. Examining the surviving evidence, including his own writings, Matthew Gillis analyzes Gottschalk's literary and spiritual self-representations, his modes of argument, his prophetic claims to martyrdom and miraculous powers, and his shocking defiance to bishops as strategies for influencing contemporaries in changing political circumstances. In the larger history of medieval heresy and dissent, Gottschalk's case reveals how the Carolingian Empire preserved order within the church through coercive reform. The hierarchy compelled Christians to accept correction of perceived sins and errors while punishing as sources of spiritual corruption those rare dissenters who resisted its authority.

*Arthurian Literature and Christianity* Peter Meister, 2013-05-13. Intended as the other bookend to Jessie Weston's work, some eighty years earlier, this essay collection provides a careful overview of recent scholarship on possible overlap between Arthurian literature and Christianity.
