Salvation Book Three JT Hume, 2025-07-30 Humanity's last survivors aboard the starship Salvation are at the end of a 3 000 year journey and are orbiting their new home when an unknown force lashes out and destroys a key satellite. This act of possible war sets in motion a series of events that includes the disappearance of crewmates, an internal battle to find a mass murderer, and the shocking reality that Humans are not alone in the universe. Will the crew land on their new home or be forced away? Their final decisions will determine the ultimate fate of Mankind. The *Serving Salvation* series has been called a grand space opera oeuvre blending political drama, character relationships, and human survival themes. One reviewer noted that it has many fascinating and diverse characters with several subplots including political intrigue, sociological upheaval, and even a little romance, while another said, "The novels bring out the nature of humans as they try and place themselves into the different classes of humanity, some wanting to do their best and others who are the type of people trying to control an outcome and everyone in between." The writing and dialogue are good, as well as the mysteries and murder to solve. Spies are everywhere it seems. If you enjoy character-rich sci-fi with layered political intrigue, you'll likely find the *Serving Salvation* trilogy compelling. Join Captain Devereaux, Engineer Joro, and the Pope as they try to find their way home.

Serving Time Too Rosalind Boone Williams, 2019-05-29 *Serving Time Too: A Memoir of My Son's Prison Years* is the universally accessible story of a mother and son, what she knew about him, what she will never understand, how she helped him, and when she needed to let him go. But Rosalind Williams' memoir is unique because her unconditional love for Marell persisted after his conviction for murder. During his sixteen years in prison and for two and a half years after his release, every aspect of Rosalind's life was affected by her fidelity to him and by the failures of a penal system tinged with racial and class inequities. Rosalind tells a personal story with enormous significance to society. She is an unflinchingly fair, sometimes self-critical narrator who reflects upon the enticements of violence and crime, especially for African American young men, despite the values they are taught at home. Her experiences demonstrate the damage that crime and punishment inflict upon those good people who stand by loved ones during and after incarceration. This memoir will comfort anyone related to the 2.3 million people behind bars in the United States. Others will hear a call to reform, and more importantly, they will feel compassion for the offender's family and the offender. No other book in print takes Rosalind's perspective on the problems of crime and incarceration.
