Magowan, 2007-02-13 Beginning in the early 1980s readers advisory services were a widely discussed topic in North American public libraries By 2005 almost every public library in the United States and Canada offered some form of readers advisory service The services offered have changed significantly in ways perhaps disadvantageous to adult North American library patrons This book provides a critical history of readers advisory philosophy and offers a new perspective on the evolution of the service The book analyzes the debate that shaped readers advisory and discusses how the service has assumed its present form The study follows readers advisory through its three prominent stages of development beginning with the period 1870 to 1916 when the service was still a subject of much crucial debate about its meaning and purpose During the second phase 1917 to 1962 readers advisory systematically committed itself to meaningful adult education through serious and purposeful reading The book argues however that during the most recent phase of readers advisory from 1963 until the present contemporary public libraries have turned their backs on the rich heritage of readers advisory services by valorizing the reading of entertainment oriented and commodified genre titles and bestsellers Historical analysis case studies and statistical charts augment the book's central argument *Journal of Library History, Philosophy, and Comparative Librarianship*, 1984

To Amend the Older Americans Act of 1965 United States. Congress. House. Committee on Education and Labor. Select Subcommittee on Education,1972 Public Libraries and Their Communities Kay Ann Cassell,2021-04-02 Public Libraries and Their Communities An Introduction provide an overview of public librarianship today It covers library organization policy development staffing fiscal organization including funding sources and budgets the legal framework relationships with local and state governments advocacy services and service development for different age groups and for different groups of users development of programming and outreach collection development promotion and marketing and current issues and trends In addition to context and concepts the book uses many examples from both large and small public libraries to bring principles to life Examples include real library policies case studies strategic planning organization charts and library budgets Many think that public libraries are not complicated to run This book aims to show that public libraries

are very complicated and require much skill on the part of the director staff and Board of Trustees to meet the needs of their local users Advocacy and marketing have become important parts of the work of public libraries Funding is always challenging so public libraries must constantly be making the local government and its citizens aware of the public library its programs collections and services This book s focus is on how public libraries reach beyond the walls of their buildings and touch the lives of their citizens Meeting community interests and needs is essential for 21st century public libraries For students the book offers discussion questions at the end of each chapter These questions also provide discussion starters for public library staff development
