Seven Days A Week Women And Domestic Service In Industrializing America

Donna L. Franklin, Angela D. James

Seven Days A Week Women And Domestic Service In Industrializing America:

Seven Days a Week David M. Katzman, 1981 Recasting American Liberty Barbara Young Welke, 2001-08-13 Through courtroom dramas from 1865 to 1920 of men forced to jump from moving cars when trainmen refused to stop of women emotionally wrecked from the trauma of nearly missing a platform or street and women barred from first class ladies cars because of the color of their skin Barbara Welke offers a dramatic reconsideration of the critical role railroads and streetcars played in transforming the conditions of individual liberty at the dawn of the twentieth century The three part narrative focusing on the law of accidental injury nervous shock and racial segregation in public transit captures Americans journey from a cultural and legal ethos celebrating manly independence and autonomy to one that recognized and sought to protect the individual against the dangers of modern life Gender and race become central to the transformation charted here as much as the forces of corporate power modern technology and urban space Working in the Service Society Cameron Lynne Macdonald, Carmen Sirianni, 1996 Essays and case studies on the problems of organizing and new models of unionism in the context of women s work culture multiracial workplaces contingent and part time work and participatory innovations to improve service and experience of work simultaneously Back cover **Making the American Home** Marilyn Ferris Motz, Pat Browne, 1988 The transformation of a house into a home has been in our culture a traditional task of women The articles examine this process as they reflected the role of American middle class women as homemakers in the years 1840 1940 **Migration and Domestic Work** Helma Lutz, 2016-04-22 Domestic work has become highly relevant on a local and global scale Until a decade ago domestic workers were rare in European households today they can be found working for middle class families and single people for double or single parents as well as for the elderly Performing the three C s cleaning caring and cooking domestic workers offer their woman power on a global market which Europe has become part of This global market is now considered the largest labour market for women world wide and it has triggered the feminization of migration This volume brings together contributions by European and US based researchers to look at the connection between migration and domestic work on an empirical and theoretical level The contributors elaborate on the phenomenon of domestic work in late modern societies by discussing different methodological and theoretical approaches in an interdisciplinary setting The volume also looks at the gendered aspects of domestic work it asks why the re introduction of domestic workers in European households has become so popular and will argue that this phenomenon is challenging gender theories This is a timely book and will be of interest to academics and students in the fields of migration gender and European studies **Women and Work** Sonia Carreon, Amy Cassedy, Kathryn Borman, Paula J. Dubeck, 2013-11-26 Focuses on vital contemporary issues Women in the work force today are still subjected to the glass ceiling sexual discrimination income inequality stereotyping and other obstacles to equal employment and professional advancement Now a collection of 150 original articles written for this handbook explores the challenges and career blocks that today s women face in the

workplace discuss important contemporary issues and offers a wide range of facts and data on women's employment. Offers insights and information. The Handbook answers hundreds of questions as it illuminates current achievements and obstacles to success for women in the marketplace. Drawing upon a growing body of research in the social and behavioral sciences, the articles provide insights into such issues as the sex segregation of occupations comparable with women in traditionally male occupations, career plans of college women, gender bias in job evaluations and personnel decisions, sexual harassment, the gendered culture of organizations, the effects of maternal employment on children and child care, and more. The articles draw on extensive research and studies on women in the workplace across the U.S. and around the world. A valuable research aid. This handbook presents the reader with a broadly based understanding of women's work experiences and provides a useful set of sources for in-depth research. It is a valuable reference for professors, librarians, researchers, guidance counselors, and students who need reliable up-to-date information. The handbook includes a subject and name index. [Reading the Irish Woman](#) Gerardine Meaney, Mary O'Dowd, Bernadette Whelan, 2013-07-31. The first analysis of the Enlightenment and Irish women and the most comprehensive study to date of Irish women and American emigration. Irish women negotiated selected and at times defied the representations of womanhood presented to them in official and commercially sponsored media.

Domestic Service in the Soviet Union Alissa Klots, 2024-05-02. This innovative study is the first to explore the evolution of domestic service in the Soviet Union set against the background of changing discourses on women labour and socialist living. Even though domestic service conflicted with the Bolsheviks' egalitarian message, the regime embraced paid domestic labor as a temporary solution to the problem of housework. Analyzing sources ranging from court cases to oral interviews, Alissa Klots demonstrates how the regime both facilitated and thwarted domestic workers' efforts to reinvent themselves as equal members of Soviet society. Here a desire to make maids and nannies equal participants in the building of socialism clashed with a gendered ideology where housework was women's work. This book serves not only as a window into class and gender inequality under socialism but as a vantage point to examine the power of state initiatives to improve the lives of household workers in the modern world. **Maid in the USA** Mary Romero, 2016-05-13. This is a classic work in the fields of Women's Studies and Sociology. On its 10th Anniversary, it is still a vital and moving study of the lives of immigrant domestic workers and is constantly cited in the research. Romero's new introduction will offer a fresh look at the material, including more recent events, proving that the issues discussed in the book are still very relevant to today's world. **The Gendered**

West Gordon Morris Bakken, Brenda Farrington, 2013-09-13. First Published in 2001. This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history, a field frequently ignored or misunderstood by the New Western historians. From first contact, American Indians knew that Europeans did not understand the gendered nature of America. Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century. The journal articles that follow give readers a true

sense of the gendered West Racial and ethnic heritage played a role in female experience whether Hispanic Japanese or Irish Women s work was part western history but women did not confine themselves to plow handles or brothels Women were very much a part of most occupations or in the process of breaking down barriers of access They worked in the fields for wages as well as for family welfare and prosperity Women demanded access to the professions whether teaching or law accounting or medicine The process of eliminating barriers varied in time and space but the struggle was constant Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history Because of their beliefs and practices these women suffered at the hands of the federal government and persevered *No Turning Back* Estelle Freedman,2007-12-18 Repeatedly declared dead by the media the women s movement has never been as vibrant as it is today Indeed as Stanford professor and award winning author Estelle B Freedman argues in her compelling new book feminism has reached a critical momentum from which there is no turning back A truly global movement as vital and dynamic in the developing world as it is in the West feminism has helped women achieve authority in politics sports and business and has mobilized public concern for once taboo issues like rape domestic violence and breast cancer And yet much work remains before women attain real equality In this fascinating book Freedman examines the historical forces that have fueled the feminist movement over the past two hundred years and explores how women today are looking to feminism for new approaches to issues of work family sexuality and creativity Freedman begins with an incisive analysis of what feminism means and why it took root in western Europe and the United States at the end of the eighteenth century The rationalist humanistic philosophy of the Enlightenment which ignited the American Revolution also sparked feminist politics inspiring such pioneers as Mary Wollstonecraft and Susan B Anthony Race has always been as important as gender in defining feminism and Freedman traces the intricate ties between women s rights and abolitionism in the United States in the years before the Civil War and the long tradition of radical women of color stretching back to the impassioned rhetoric of Sojourner Truth As industrialism and democratic politics spread after World War II feminist politics gained momentum and sophistication throughout the world Their impact began to be felt in every aspect of society from the workplace to the chambers of government to relations between the sexes Because of feminism Freedman points out the line between the personal and the political has blurred or disappeared and issues once considered merely private abortion sexual violence homosexuality reproductive health beauty and body image have entered the public arena as subjects of fierce ongoing debate Freedman combines a scholar s meticulous research with a social critic s keen eye Sweeping in scope searching in its analysis global in its perspective *No Turning Back* will stand as a defining text in one of the most important social movements of all time *Cousins and Strangers* Jose C. Moya,1998-03-31 Moya commands not only the statistical sources but the literary and folklorical ones as well weaving them in a history that is both analytical and narrative A superb book that will be a standard monument not only for Spanish migration and Argentine history but for migration history in general Walter

Nugent University of Notre Dame A major achievement it represents a vast comprehensive research effort on two continents using a world wide background literature and a stunning array of research techniques all well integrated on a topic of large scope and significance The entire enterprise is watched over by an acute curious lively mind in notable equilibrium and equanimity bringing the research to life fereting out the implications of widely scattered and apparently disparate facts and reaching many new significant and well founded conclusions James Lockhart University of California Los Angeles By far the most original on its subject this book will become a landmark study in Latin American history David Rock University of California Santa Barbara The scope and depth of Moya s research are impressive His imaginative use of sources and evidence and lively frequently entertaining prose make this a stimulating satisfying and ascinating study This is scholarship that is meticulous well reasoned and highly original Ida Altman University of New Orleans One of the truly first rate studies in the vast migration literature an authentic tour de force William Douglass University of Nevada Reno

The New Urban Immigrant Workforce Sarumathi Jayaraman, Immanuel Ness, 2015-04-08 This ground breaking look at contemporary immigrant labor organizing and mobilization draws on participant observation ethnographic interviews historical documents and new case studies of three organizing drives The expert contributors provide tangible evidence of immigrants eagerness for collective action and organizing Parting company with mainstream thinking they argue lucidly that immigrants propensity to organize stems from social isolation Many of the contributors highlight a specific ethnic group and special labor niches such as the dominance of Punjabi in the New York City taxi industry Each case study examines efforts beyond the conventional unions to organize the immigrants such as worker centers and independent syndicalism on the job An essential text for courses in labor relations and immigrant studies the book takes into account the latest debates in the fields of labor studies urban studies sociology and political science

Bananas, Beaches and Bases Cynthia Enloe, 2014-05-16 In this brand new radical analysis of globalization Cynthia Enloe examines recent events Bangladeshi garment factory deaths domestic workers in the Persian Gulf Chinese global tourists and the UN gender politics of guns to reveal the crucial role of women in international politics today With all new and updated chapters Enloe describes how many women s seemingly personal strategies in their marriages in their housework in their coping with ideals of beauty are in reality the stuff of global politics Enloe offers a feminist gender analysis of the global politics of both masculinities and femininities dismantles an apparently overwhelming world system and reveals that system to be much more fragile and open to change than we think

The Sea Captain's Wife: A True Story of Love, Race, and War in the Nineteenth Century Martha Hodes, 2011-02-07 A finalist for the Lincoln Prize *The Sea Captain s Wife* comes surprisingly and movingly alive Tina Jordan Entertainment Weekly Award winning historian Martha Hodes brings us into the extraordinary world of Eunice Connolly Born white and poor in New England Eunice moved from countryside to factory city worked in the mills then followed her husband to the Deep South When the Civil War came Eunice s brothers joined the Union army while her husband fought and died for the Confederacy

Back in New England a widow and the mother of two Eunice barely got by as a washerwoman struggling with crushing depression Four years later she fell in love with a black sea captain married him and moved to his home in the West Indies Following every lead in a collection of 500 family letters Hodes traced Eunice s footsteps and met descendants along the way This story of misfortune and defiance takes up grand themes of American history opportunity and racism war and freedom and illuminates the lives of ordinary people in the past A Library Journal Best Book of the Year and a selection of the Book of the Month Club Literary Guild and Quality Paperback Book Club

Ensuring Inequality Donna L. Franklin,Angela D. James,2015 Conservatives and liberals alike will find things in Ensuring Inequality with which to agree and disagree Franklin brings a provocative new perspective to America s pressing debates about poverty fatherlessness and how to really reform welfare Theda Skocpol Harvard University Offering an in depth account of the history and development of the African American family Franklin debunks the many myths that surround race in America

Putting Their Hands on Race Danielle T. Phillips-Cunningham,2019-12-13 Winner of the 2020 Sarah A Whaley Book Prize from the National Women s Studies Association Putting Their Hands on Race offers an important labor history of 19th and early 20th century Irish immigrant and US southern Black migrant domestic workers Drawing on a range of archival sources this intersectional study explores how these women were significant to the racial labor and citizenship politics of their time Their migrations to northeastern cities challenged racial hierarchies and formations Southern Black migrant women resisted the gendered racism of domestic service and Irish immigrant women strove to expand whiteness to position themselves as deserving of labor rights On the racially fractious terrain of labor Black women and Irish immigrant women including Victoria Earle Matthews the Irish Rambler Leonora Barry and Anna Julia Cooper gathered data wrote letters and speeches marched protested engaged in private acts of resistance in the workplace and created women s institutions and organizations to assert domestic workers right to living wages and protection

Family, Ties and Care Hans Bertram,Nancy Ehlert,2011-11-29 Families international the new milestone How may care be secured particularly in ageing societies how may families relatives and friends support each other and live together beyond market reasons How can social welfare be secured How do different countries and different cultures solve the problems they may or may not now or in days to come share with other countries and cultures Families as is found in this publication by internationally renowned experts are the base and well of society s fortune in a humane paradigm Furthermore it is the very backbone of lifelong solidarity in inter generational relations and the very place where the readiness of taking on care and responsibility are experienced and learned The publication s underlying idea opens up two perspectives on the one hand differences and similarities in family life forms are chiselled out on the base of an international cooperation Simultaneously the international authors are called upon to express their ideas about their own country s future more distinctly and clearly thus distinctions and similarities of the respective paths of development are rather easily perceived

Being Unequal Peter L. Callero,2017-07-25 We may think we control our own

destinies but who we are how we think what we feel and how we act are shaped by multiple intersecting identities that have different amounts of power and value in our society Being Unequal explores how identity categories associated with race class gender and sexuality help shape inequality This concise and accessible book asks How is identity experienced How does identity help reproduce inequality How does identity help resist inequality What is the relationship between micro and macro inequality in other words how do our personal experiences shape larger social forces Being Unequal argues that identities matter because they are a critical part of a complex social process in which everyday interactions contribute to larger systems of structural inequality By recognizing the links between identity and inequality Being Unequal also highlights the power of collective action to resist and oppose domination and exploitation Filled with engaging real world examples ranging from the social construction of momentary high school cliques to the emergence of momentous social movements Being Unequal is a powerful introduction to social identities and the ways they shape our world **The Sea Captain's Wife** Martha Elizabeth Hodes, 2006 What a terrific book I could hardly put it down A story of triumph over adversity James McPherson Award winning historian Hodes presents the true extraordinary story of Eunice Connolly a woman whose misfortune and defiance make up the grand themes of American history opportunity and racism war and freedom
