Talbot,2008-09-04 Robert F Kennedy was the first conspiracy theorist about his brother s murder In this astonishingly compelling and convincing new account of the Kennedy years acclaimed journalist David Talbot tells in a riveting superbly researched narrative why even on 22 November 1963 RFK had reason to believe that dark forces were at work in Dallas and reveals for the first time that he planned to open an investigation into the assassination had he become president in 1968 **BROTHERS** also portrays a JFK administration more besieged by internal enemies than has previously been realised from within the Pentagon the CIA the FBI and the mafia This frightening portrait of sinister elements within and without the government serves as the background for the emotionally charged journey of Robert Kennedy Reading it you can absolutely believe any number of people would have been happy for both brothers to meet a sticky end The tragedy not just for America but for the world is that since their murders no one has had the nerve to stand against the dark forces they challenged in quite the same way Encyclopedia of War and American Society Peter Karsten,2006 Publisher description **Projecting**

battle against fascism alone one man has to make a monumental decision which will shape the future of the free world Three Days in May was presented by Bill Kenwright and first performed at Theatre Royal Windsor in August 2011 Stalking the Antichrists (1940-1965) Volume 1 George E. Deconstructing Dr. Strangelove Sean M. Maloney,2020-07-01 King of the Cold War crisis film Dr Strangelove became a cultural touchstone from the moment of its release in 1964 The duck and cover generation saw it as a satire on nuclear issues and Cold War thinking Subsequent generations removed from the film s historical moment came to view it as a quasi documentary about an unfathomable secret world Sean M Maloney uses Dr Strangelove and other genre classics like Fail Safe and The Bedford Incident to investigate a curious pop cultural contradiction Nuclear crisis films repeatedly portrayed the failures of the Cold War s deterrent system Yet the system worked What does this inconsistency tell us about the genre What does it tell us about the deterrent system for that matter Blending film analysis with Cold War history Maloney looks at how the celluloid crises stack up against reality or at least as much of reality as we can reconstruct from these films with confidence The result is a daring intellectual foray that casts new light on Dr Strangelove one of the Cold War era s defining films *American Epic* Garrett Epps,2013-07-29 In 1987 E L Doctorow celebrated the Constitution s bicentennial by reading it It is five thousand words long but reads like fifty thousand he said Distinguished legal scholar Garrett Epps himself an award winning novelist disagrees It s about 7 500 words And Doctorow missed a good deal of high rhetoric many literary

tropes and even a trace of if not wit at least irony he writes Americans may venerate the Constitution but all too seldom is it read In American Epic Epps takes us through a complete reading of the Constitution even the boring parts to achieve an appreciation of its power and a holistic understanding of what it says In this book he seeks not to provide a definitive interpretation but to listen to the language and ponder its meaning He draws on four modes of reading scriptural legal lyric and epic The Constitution s first three words for example sound spiritual but Epps finds them to be more aspirational than prayer like Prayers are addressed to someone either an earthly king or a divine lord and great care is taken to name the addressee This does the reverse The speaker is the people the words addressed to the world at large He turns the Second Amendment into a poem to illuminate its ambiguity He notices oddities and omissions The Constitution lays out rules for presidential appointment of officers for example but not removal Should the Senate approve each firing Can it withdraw its advice and consent and force a resignation And he challenges himself as seen in his surprising discussion of the Defense of Marriage Act DOMA in light of Article 4 which orders states to give full faith and credit to the acts of other states Wry original and surprising American Epic is a scholarly and literary tour de force *The Screen Is Red* Bernard F.

Dick,2016-03-14 The Screen Is Red portrays Hollywood s ambivalence toward the former Soviet Union before during and after the Cold War In the 1930s communism combated its alter ego fascism yet both threatened to undermine the capitalist system the movie industry s foundational core value Hollywood portrayed fascism as the greater threat and communism as an aberration embraced by young idealists unaware of its dark side In Ninotchka all a female commissar needs is a trip to Paris to convert her to capitalism and the luxuries it can offer The scenario changed when Nazi Germany invaded the Soviet Union in 1941 making Russia a short lived ally The Soviets were quickly glorified in such films as Song of Russia The North Star Mission to Moscow Days of Glory and Counter Attack But once the Iron Curtain fell on Eastern Europe the scenario changed again America was now swarming with Soviet agents attempting to steal some crucial piece of microfilm On screen the atomic detonations in the Southwest produced mutations in ants locusts and spiders and revived long dead monsters from their watery tombs The movies did not blame the atom bomb specifically but showed what horrors might result in addition to the iconic mushroom cloud Through the lens of Hollywood a nuclear war might leave a handful of survivors Five none On the Beach Dr Strangelove or cities in ruins Fail Safe Today the threat is no longer the Soviet Union but international terrorism Author Bernard F Dick argues however that the Soviet Union has not lost its appeal as evident from the popular and critically acclaimed television series The Americans More than eighty years later the screen is still red *War and Film in America* Marilyn J. Matelski,Nancy Lynch Street,2017-10-27 America s chief exports are war and entertainment combined they are the war films viewed all over the world The film industry is a partner of the government American film shapes the ways in which both Americans and others view war The authors herein explore differing film perspectives across five decades The essays written especially for this volume explore topics such as frontier justice Cold War fervor government sponsored

terrorism the back to Nam films films as a venue for propaganda and war s far reaching effects on personal values family relationships and general civility The movies used in these analyses vary from conventional battle epics like Bridge on the River Kwai and The Green Berets to motion pictures with a war motif either as part of the story The Way We Were or as a historical setting The Graduate Some of the films are satirical Dr Strangelove some are propagandistic The Alamo Big Jim McLain Other films include Black Hawk Down True Lies The Deer Hunter Patriot Games and Let There Be Light Instructors considering this book for use in a course may request an examination copy here **The Presidents We Imagine** Jeff

American Militarism and Anti-Militarism in Popular Media, 1945-1970 Lisa M. Munday,2012-01-27 Scholars have characterized the early decades of the Cold War as an era of rising militarism in the United States but most Americans continued to identify themselves as fundamentally anti militaristic To them militaristic defined the authoritarian regimes of Germany and Japan that the nation had defeated in World War II aggressive power hungry countries in which the military possessed power outside civilian authority Much of the popular culture in the decades following World War II reflected and reinforced a more pacifist perception of America This study explores military images in television film and comic books from 1945 to 1970 to understand how popular culture made it possible for a public to embrace more militaristic national security policies yet continue to perceive themselves as deeply anti militaristic
