Seven Days In East Timor Ballot And Bullets:

The Day Hope and History Rhymed in East Timor Pat Walsh, 2019-07-24 In 1999 in a remote corner of the world something almost miraculous happened After 500 years of colonialism the political stars finally aligned and the people of Timor Leste written off as losers in the face of irreversible odds successfully voted for freedom Twenty years on Pat Walsh remembers the day like it was yesterday In this colourful collection of stories about Timor Leste he also draws on his many years living in Dili to recall with wry affection the city's traffic roosters and a motley array of characters The latter range from a Norwegian bishop to a cockfight promoter an Australian called Dagg a honey seller a cat with only six lives a girl called Menahaha and two intellectual giants whose contributions to their human rights are largely unknown in Timor Leste Believing that the past is a friend to lean on not an enemy he also takes the opportunity to remind the Indonesian military of their failings But in the same vein he also laments the futile loss of Indonesian lives the damage to Indonesia's dignity and the subversion of the rules based international order that marked the 24 year occupation Written with touches of humour The Day Hope and History Rhymed in East Timor is a personal insightful and sometimes whimsical set of narratives that fills a gap between the academic and the trivial on this endearing but improbable new nation

East Timor, Australia and Regional Order James Cotton, 2004-05-20 This book explains the exceptional nature of the East Timor intervention of 1999 and deals with the background to the trusteeship role of the UN in building the new polity All of these developments had an important impact on regional order not least testing the ASEAN norm of non interference Australian complicity in the Indonesian occupation of East Timor was a major factor in the persistence of Indonesian rule in the territory which was maintained for twenty five years despite international censure and which required an unremitting campaign against the independence movement This work reviews the reasons for that history of complicity and explains the extraordinary change of policy that led ultimately to the occupation of the territory by the Australian led INTERFET coalition

Diplomatic Deceits Rodney Tiffen, 2001 The Australian media has played a key role in debates over Australia's East Timor policy since the mid 1970s Introduced by the ABC's multi awarding winning reporter Chris Masters this is the first book to analyse the interaction of newspapers broadcasters politicians diplomats and the public during this turbulent period It provides a vivid insight into the key role of the media in this controversial issue Australia's foreign affairs policymakers decided to adopt a pragmatic rather than principled approach to East Timor That policy unravelled over the subsequent quarter century under constant pressure from public opinion the media and international disapproval In the long run argues Rodney Tiffen Australia's stance was neither pragmatic nor principled

East Timor Intervention John Blaxland, 2015-09-01 Australia's involvement in the liberation of East Timor in 1999 was the most decisive demonstration of Australian influence in the region since World War II and the largest military contribution since the Vietnam War Australian diplomacy and leadership shaped the events that led to the birth of Asia's newest nation East Timor Intervention looks at the crisis through the prism of key participants

and observers on the ground and abroad including Indonesia's martial law commander Kiki Syahnakri defending his record the country's first president Xanana Gusmão on the resolution and poise of Timor's resistance fighters Australia's Chief of Defence Force Chris Barrie on cobbling the force together commander of the International Force Peter Cosgrove on the operation and key policy adviser Hugh White on Canberra's policy contortions in the lead up to the intervention This impressive collection includes significant new perspectives on Southeast Asian security affairs and the role Australia can play in regional security and stability

The Remnants of War John Mueller, 2013-02-15 War is merely an idea an institution like dueling or slavery that has been grafted onto human existence It is not a trick of fate a thunderbolt from hell a natural calamity or a desperate plot contrivance dreamed up by some sadistic puppeteer on high And it seems to me that the institution is in pronounced decline abandoned as attitudes toward it have changed roughly following the pattern by which the ancient and formidable institution of slavery became discredited and then mostly obsolete from the Introduction War is one of the great themes of human history and now John Mueller believes it is clearly declining Developed nations have generally abandoned it as a way for conducting their relations with other countries and most current warfare though not all is opportunistic predation waged by packs often remarkably small ones of criminals and bullies Thus argues Mueller war has been substantially reduced to its remnants or dregs and thugs are the residual combatants Mueller is sensitive to the policy implications of this view When developed states commit disciplined troops to peacekeeping the result is usually a rapid cessation of murderous disorder The Remnants of War thus reinvigorates our sense of the moral responsibility bound up in peacekeeping In Mueller's view capable domestic policing and military forces can also be effective in reestablishing civic order and the building of competent governments is key to eliminating most of what remains of warfare

Historical Dictionary of East Timor Geoffrey C. Gunn, 2010-12-18 East Timor also known as Timor Leste comprises the eastern half of the island of Timor located at the eastern end of the Indonesian archipelago East Timor was among the last of colonial territories to become independent and it actually had to be liberated twice First after more than four centuries of Portuguese colonial rule it achieved independence in 1975 only to be invaded and occupied by Indonesia After a blood soaked occupation of 24 years and following intense international pressure the Jakarta regime only grudgingly allowed East Timor to form a nation of its own in 1999 Since then the new state has faced further armed clashes and is only now able to seriously engage in nation building Historical Dictionary of East Timor relates the turbulent history of this country through a chronology an introductory essay an expansive bibliography and over 200 cross referenced dictionary entries on significant persons events places organizations and other aspects of East Timor history from the earliest times to the present

A Not-so-distant

Horror Joseph Nevins, 2005 In his view much if not all of the horror that plagued East Timor in 1999 and in the 24 preceding years could have been avoided had countries like Australia Japan the United Kingdom and especially the United States not provided Indonesia with valuable political economic and military assistance as well as diplomatic cover

Defense Relations between Australia and Indonesia in the Post-Cold War Era Bilveer Singh, 2002-09-30 Recent years have seen dramatic shifts in the nature of Australian Indonesian relations and this in turn has had a great impact on the strategic partnership that had gradually come into existence between the two regional powers Against the backdrop of rapid strategic political economic social and technological changes occurring on a global scale Australian foreign policy efforts at cooperation with its largest and nearest Asian neighbor have changed as well largely as a result of domestic political considerations Reaching a high point under Prime Minister Keating defense relations soured considerably and suddenly after 1999 Singh provides a non partisan account of the shift from partnership to cold peace and an examination of how it has affected the bilateral regional and global security environment The Indonesian public and political elite have become hostile toward Australia as a result of her perceived role in the birth of an independent East Timor Indonesians are also increasingly suspicious of Australian intentions toward their own country with many believing that Canberra would like to repeat its East Timor success in Papua thereby leading to the disintegration of Indonesia itself John Howard's pro Western policies are also viewed as a return to Australian projection of itself as a Western outpost on the fringes of Asia As the strategic cooperation between the two nations has faltered it has had tremendous implications for the defense and security outlook of both powers The world cannot afford to ignore this possible threat to regional stability

Crisis Policymaking David Connery, 2010-07-01 East Timor's violent transition to independence which began early in 1999 presented the Australian Government with a significant foreign policy crisis This crisis was not sudden totally unexpected or ultimately threatening to Australia's survival But the crisis consumed the attention of Australian leaders saw significant national and international resources employed and led to the largest operational deployment for the Australian Defence Force since the Vietnam War This crisis also created a significant rupture in the hitherto carefully managed relationships between Australia and its important neighbor Indonesia The events of September 1999 ultimately led to the birth of a new nation and the deaths of many people who might have otherwise expected to enjoy that independence In this major study David Connery examines how the Australian Government at the political and bureaucratic levels developed and managed national security policy in the face of this crisis The events and the policymaking processes that both led and followed are reconstructed using sixty interviews with key participants This study identifies certain characteristics of crisis policymaking in Australia that include a dominant executive secrecy external actors and complexity
