**Seven Letters from Heaven** Wim Malgo,1984      *Seven Letters to Heaven* Felicita "Terry" Robinson,2010-08-18 Seven Letters To Heaven Award Winning Finalist in the Spirituality Inspirational category The 2012 International Book Awards and USA Best Books 2011 Awards Author Felicita Terry Robinson found herself at a spiritual crossroads as she was faced with the daunting task of uprooting herself and her family from their native Jamaica For her writing her prayers down gave her a sense of solace and the strength to accomplish her goals In her new book *Seven Letters to Heaven A True Story of Faith and Answered Prayers* published by iUniverse Robinson shares with readers seven of 21 personal letters of prayer she wrote as a way of communicating to God to seek His help with the small day to day problems she was experiencing After looking back on her letters she realized that not only were her prayers answered her faith was also strengthened leading her to wanting to share her experience with others I have always felt that there was something missing that I needed to do spiritually other than being a good Christian said Robinson I realized that the actual publishing of my personal letters was the missing piece that I needed not only to help others but in order to help me grow spiritually Taking place during the last four months Robinson was in Jamaica prior to relocating to the U S *Seven Letters to Heaven* is about the trials and tribulations that came as a result of leaving home to start a new life and the problems inherent with moving from one country to another The book focuses on Robinson s written letters of prayers to God sharing her day to day problems as well as poems and biblical quotations and finding peace through her powerful faith The story behind *Seven Letters to Heaven* is a simple one however the message is very powerful This book will take readers on a walk of faith that shows God can truly become a real friend to anyone and most importantly He does answer prayers in His own way in His own time and at His own will Review Comment by Rev Basil Aguzie MSP follows Faith hope and courage are virtues every Christian on a spiritual journey with God must have *Seven Letters to Heaven* confirms this This book is not just about communicating with God through letter writing but also it is a spiritual process of seeking God in one s situation and recognizing His hands at work in one s life firstly in the means by which God answers one s prayers and secondly the times when He actually does so What is remarkable about this book is that it not only serves as a guide but also an easy to read spiritual companion This is why I would recommend it to anyone searching for a deeper intimacy with God      *The Seven Letters to the Seven Churches* Chuck Missler,2023-01-25 The Book of Acts covers about 30 years Chapters 2 and 3 of the Book of Revelation cover the next 2 000 This study will explore the seven letters by Jesus Christ to actual historical churches and the church ages they represent These letters describe with amazing precision the unfolding of all church history in advance This chronicle fills the gap between the 69th and 70th Week of Daniel We will also find many insightful personal applications as we apply each letter to ourselves

**The Invisible World and the Visible World** Sukoun Choe,2015-10-29 We have been living according to the legacy formed by our old ancestor for long era but as we know many our customs and ways to live had specificity of selfish thought More over a greed to live long only belonging to the human being have made mistake to understand natural law by the identity of God which was built up as they want Now truly we have to criticize our civilization have been made for thousands years by ourselves with the wisdom of modern and critical rationalism Our science become developed enough to understand the origin of cosmos materials and lives but we have lived with the mind of state hanging to the thought of decades centuries ago We have live with fixed thought that God is never changing being But if we agree God is the another name of natural itself though its identity is not changed with the point of one of its identity is alternation and so we have to get new idea of our changing will be most adaptable to God With this book you can meet new idea of new Gods identity which is in your heart through cosmos so you can understand you are the most important existence in this cosmos     **Seven letters on national religion** Charles Smith,1833     **Seven Things that God Hates & Seven Letters to Seven Churches** Rev. Dr. Larry A. Brookins,2010-08-23 Inside the pages of this book Rev Dr Larry A Brookins examines three significant contexts from the Bible that bring to the forefront how God views sin and disobedience whether outside the church among the peoples of the world or within the church among the congregations of the saints It also highlights the heart of the God of both Old and New Testaments as it relates to the life that is lived in submission and conformity to the Will of God In Seven Things that God Hates Seven Letters to Seven Churches and Let Go of Your Neighbor s Throat no camouflage is presented Jesus said ye shall know the truth and the truth shall make you free John 8 32 The God Who is Love has word against the transgressor of His commandments The goal is not condemnation but correction see II Timothy 3 16 The objective of divine admonition is forever repentance see II Peter 3 9 More than anything else God desires to bless but He will curse More than anything else the gates of Heaven invite all but what of the reality of Hell The love of God is unconditional and embraces every sinner with an

invitation to salvation regardless of individual sin But don't misinterpret divine love for acceptance of a lifestyle that displeases God and or for absolute salvation without the condition of faith and obedience Jesus died for all but not all will enjoy the fruit of His sacrifice

*Revelation* James M. Hamilton Jr.,2012-01-31 In the book of Revelation God unveils the world as it really is identifying an unseen spiritual war and announcing a very real day of judgment We need to be convinced that Jesus is reigning as the risen King We need to have him speak to the situation in our churches We need to see how God will pulverize wickedness obliterate those who oppose him and set up his kingdom Revelation has exactly what we need Useful for personal study as well as for preaching and teaching Hamilton even includes helpful charts and tables to highlight key themes and literary elements the thirty seven sermons in this volume have a clear structure introduction body and conclusion Hamilton successfully grabs the reader's attention raises awareness of a real need and states the main point of the sermon text In addition to explaining the meaning of each passage Hamilton connects the main ideas to applicable analogies and actionable points Revelation is a prophecy of epic proportions and Hamilton invites readers to love God and his people by expositing this revelation of Jesus and to say along with the apostle John Come Lord Jesus Part of the Preaching the Word series

**SCM Core Text: The Book of Revelation** Simon Woodman,2013-01-25 For most people Revelation is a book that is either largely ignored or it is the object of such fanatical study and fanciful interpretation that it passes from the realm of the interesting and helpful into the realm of fantasy and speculation Much literature has been published in recent years on its interpretation some of which is scholarly and technical and some of which is populist and accessible The problem is that the technical and scholarly material frequently requires careful and detailed study combined with an advanced level of knowledge whereas much of the populist material tends toward the fanatical and fanciful The aim of this book is to bridge this gap It is written with second and third year university students in mind and would also be helpful for pastors and those in local churches who want to take seriously their study of this often needlessly confusing biblical book

Revelation Grant R. Osborne,2023-10-17 The Book of Revelation contains some of the most difficult passages in Scripture Grant Osborne's commentary on Revelation interprets the text while also introducing readers to the perspectives of contemporary scholarship in a clear and accessible manner Osborne begins with a thorough introduction to Revelation and the many difficulties involved in its interpretation He discusses authorship date of writing and the social and cultural setting of the work He also examines elements that complicate the interpretation of apocalyptic literature including the use of symbols and figures of speech Old Testament allusions and the role of prophetic

prediction Osborne surveys various approaches commentators have taken on whether Revelation refers primarily to the past or to events that are yet future Rather than exegeting the text narrowly in a verse by verse manner Osborne examines larger sections in order to locate and emphasize the writer's central message and the theology found therein Throughout he presents his conclusions in an accessible manner When dealing with particularly problematic sections he considers the full range of suggested interpretations and introduces the reader to a broad spectrum of commentators Revelation seeks to reach a broad audience with scholarly research from a decidedly evangelical perspective

The New Testament in Antiquity Gary M. Burge, Lynn H. Cohick, Gene L. Green, 2010-12-21 The New Testament in Antiquity is a textbook for college and seminary students penned by three evangelical scholars with over fifty years of combined experience in the classroom Their challenge was to build a text that would be engaging academically robust richly illustrated and relevant to the modern student This book strikes a balance between being accessible to all students and challenging them to explore the depths of the New Testament within its cultural worlds The New Testament in Antiquity carefully develops how Jewish and Hellenistic cultures formed the essential environment in which the New Testament authors wrote their books and letters It argues that knowing the land history and culture of this world brings remarkable new insights into how we read the New Testament itself Numerous sidebars provide windows into the Jewish Hellenistic and Roman worlds and integrate this material directly with the interpretation of the literature of the New Testament This is an ideal introductory text for classroom use with ample discussion questions and bibliographies

**The Apocalypse--Letter by Letter** Steven Paul, 2006-03 When a dying man spends his last years writing a book people often take notice When the book claims to reveal the secrets of the Book of Revelation even more interest is generated The Apocalypse Letter by Letter by Steven Paul has been described as a masterpiece In it the author pens a series of letters to his brother in law to show how the Bible contains all the information a reader would need to decode the symbols forms and sequence of events in the Apocalypse Paul's literary genius is as fascinating as the subject is compelling His unique knowledge of history the Church military strategy literary forms and wit and humor combine to take the reader on a tour of the Bible's most enigmatic book After being diagnosed with cancer the author sent a series of typewritten letters to his brother in law Many of the letters included example passages handwritten in ancient Greek to show how translators had often distorted the original meaning of the scripture As Paul lay dying in a hospital bed he gave instructions to his brother in law about how to assemble the information he had written into a book Alas he had only transmitted half of it when he passed away Then handwritten notes were found near his manual typewriter and the brother in law spent the next many months entering the entire project into a computer along with the previously received letters
