History of British Columbia from Its Earliest Discovery to the Present Time Alexander Begg, 1894 The Many Voyages of Arthur Wellington Clah Peggy Brock, 2011-04-15 First hand accounts of indigenous people s encounters with colonialism are rare A daily diary that extends over fifty years is unparalleled Drawing on her painstaking transcription of Arthur Wellington Clah s diaries Peggy Brock pieces together the many voyages physical cultural and spiritual of a Tsimshian man who moved in both colonial and Aboriginal worlds From his birth in 1831 to his death in 1916 Clah witnessed profound change His diaries reveal the complexities of personal interactions between colonizers and the colonized and the inevitable tensions that arose They also show how Clah s hopes for his people were gradually eroded by the realities of land dispossession interference by the colonial state in cultural and political matters and diminishing economic opportunities Clah s personal journey reflects Tsimshian responses to these changes including modifications to potlatching and the chiefly system that had evolved during the fur trade era Taken together his many voyages offer an unprecedented Aboriginal perspective on colonial relationships as they played out on the Pacific Northwest Coast **Sailing with Vancouver** Sam McKinney, 2004 Could I have been one of them was what Sam McKinney wondered as he retraced alone from Puget Sound to Queen Charlotte Strait the explorations of Captain George Vancouver and his men In the 1790s day after day they had rowed for long hours camping on rocky beaches in all weathers and charting the intricate coastline for the first time Two hundred years later McKinney followed them in his 25 foot sailboat anchoring in the same locations as they had done experiencing the same winds and waves and sharing what McKinney calls the link of vulnerability that is the ever present condition of all people who go to sea With his boat his pipe and the occasional glass of rum McKinney invites readers along on a perceptive voyage through time and along the magnificent Pacific Northwest coast from Puget Sound through the Georgia and Queen Charlotte Straits Describing both the historical and contemporary voyages around the Inland Sea McKinney offers insightful comparisons of what sailors saw and experienced in the 18th century and what they see today At the end of his trip McKinney like Vancouver claims the area he had explored not by deed of ownership but out of love for the place its staggering beauty and the memories of the people and cultures who have found homes along its shores Could he have indeed

been one of Vancouver's men. He isn't sure but he would like to have given it a try. Joseph William McKay Greg N. Fraser, 2021-07-02 An intriguing look at the accomplishments and contradictions of Joseph William McKay best known as the founder of Nanaimo BC and one of the most successful Métis men to rise through the ranks of the Hudson's Bay Company in the late nineteenth century. When examining the history of British Columbia one would be hard pressed to find an Indigenous person who so successfully navigated the echelons of colonial power as did Joseph William McKay. 1829-1900 McKay was Métis born in Quebec and began his career in Oregon during the dispute over the international boundary in 1845-46. After moving north he met his mentor James Douglas and at age twenty-three was given the job of building the city of Nanaimo from the ground up and establishing its coal mines. McKay made several exploratory trips with Douglas during the Gold Rush and he surveyed the route for the Overland Telegraph which ran throughout BC. He rose through the ranks of the Hudson's Bay Company eventually earning the appointment of Chief Factor, the company's highest rank. This was at a time when few Indigenous employees of HBC were permitted to rise beyond the rank of postmaster. After leaving the company in 1878 McKay began a second career in the Department of Indian Affairs. He was a federal Indian Agent and later the Assistant Commissioner of Indian Affairs for British Columbia. A product of his time who had found personal success working within the colonial system, McKay is a complicated figure when viewed through a twenty-first century lens. He advocated on behalf of Indigenous Peoples when he tried to prevent the trespass of CPR crews and European settlers on their ancestral land. Between 1886 and 1888 he personally inoculated more than a thousand Indigenous people with the smallpox vaccine. Yet he also participated in a system that did untold harm to First Nations Métis and Inuit people. This fascinating new biography sheds light on an accomplished and complex man.

Historical Dictionary of the British Empire Kenneth J. Panton, 2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth's land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re-exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The *Historical Dictionary of the British Empire* covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important
