[Shooting Scripts](#) Bob Herzberg, 2005-04-07 In their heyday pulp westerns were one of America's most popular forms of entertainment Often selling for less than 50 cents the paperback books introduced generations to the exploits of Billy the Kid and Jesse James brought to life numerous villains usually named Black something e.g. Black Bart and Black Pete and created a West that existed only in the minds of several talented writers It was only natural that filmmakers would look to the pulps for stories adapting many of the works for the big screen and shaping the Western film genre The adaptations of seven of the pulps best writers Ernest Haycox Luke Short Frank Gruber Norman A Fox Louis L Amour Marvin H Albert and Clair Huffaker are analyzed here Insightful and humorous the work looks at how the pulp novels and the movie adaptations reflected the times in which they were produced It examines the clichés that became a part of the story the rescue of the heroine the gunfights the evil banker or rancher ready to steal the land of the good law abiding citizens and the harlot with a heart of gold A critical examination of how the books were interpreted or frequently misinterpreted by filmmakers is included along with commentary on the actors and directors who put the pulps on screen

Pool,2024-06-30 Hi I m Marissa Sanlier Up until a few days ago I was a twenty year old girl living with my great great maybe a few more greats aunt in Pennsylvania She died mysteriously and left me everything Her fortune her corporation and this huge estate But she also left me a note That note led me to secrets that dated back thousands tens of thousands of years and laid to rest the question of where we came from why we were here and who made us this way I stumbled onto an ancestry of assassins dedicated to seeing the innocents remain free and ensuring the plots of secret societies hidden in the shadows never come to pass Secret societies that always existed clouded in conspiracy theories but whose history dates back to the birth of mankind My great aunt trained me from a toddler to one day take her place unknown to me and I was now supposed to simply accept her role as guardian The choice is clear I could fade into a privileged lifestyle ignore the genetic enhancements passed on to me by dead parents and watch the world fall slowly into chaos slavery and total subjugation by those working in the shadows Or I could take up the mantle of my ancestors and become The Hawk

Periodicals January December **Re-writing America** Philip D. Beidler, 1991 With his first book *American Literature and the Experience of Vietnam* Philip Beidler offered a pioneering study of the novels, plays, poetry, and literature of witness that sprang from the United States involvement in the Vietnam War. Reviewing the book, the journal *American Literature* declared: "It is more than just an introductory act. It also sets forth what are sure to be lasting types of American literary response to Vietnam and of the scholarly response to the emerging literature of the war." In *Re-Writing America*, Beidler charts the ongoing achievements of the men and women who first gained public notice as Vietnam authors and who are now recognized as major literary interpreters of our national life and culture at large. These writers among them Tim O'Brien, Philip Caputo, Winston Groom, David Rabe, John Balaban, Robert Stone, Michael Herr, Gloria Emerson, and Frances Fitzgerald have applied in their later efforts, says Beidler, many of the hard-won lessons of literary sense-making learned in initial works attempting to come explicitly to terms with Vietnam. Beidler argues that the Vietnam authors have done much to reenergize American creative writing and to lead it out of the poststructuralist impasse of texts as endless critiques of language, representation, and authority. With their direct experience of a divisive and frustrating war, a war not of their own making but of the making of politicians and experts, a war of ancient animosities that cost nearly everything for those involved and settled virtually nothing, these writers in many ways resemble the celebrated generation of poets and novelists who emerged from World War I. Like their forebears of 1914-18, those of the Vietnam generation have undertaken a common project of cultural revision to re-write America, to create an art that even as it continues to acknowledge the war's painful memory projects that memory into new dimensions of mythic consciousness for other and better times. Beidler fills his book with detailed, illuminating analyses of the writers' works, which, as he notes, have moved across an almost infinite range of subject, genre, and mode. From David Rabe, for example, have come innovative plays in which overt statements on the traumas of Vietnam. The Basic Training of Pavlo Hummel, Streamers, have made way for broader commentaries on sex, power, and violence in American life. In the Boom Boom Room, HurlyBurly, Winston Groom has moved from *Better Times Than These*, a rather traditional, even anachronistic war novel, to further reaches of rambunctious humor in *Forrest Gump*. And journalist Michael Herr, whose *Dispatches* memorably defined a Vietnam landscape at once real and hallucinatory, carried his vision into collaborations on the films *Apocalypse Now* and *Full Metal Jacket*. As Beidler notes, the immense price that Vietnam exacted from the American soul continues to draw a plethora of interpretations and depictions. Vietnam authors remind us, in Tim O'Brien's words, of the things they carried. But as Beidler makes clear, they now command us not only to remember but to imagine new possibilities as well.
