*Sacred Surrealism, Dissidence and International Avant-Garde Prose* Vivienne Brough-Evans, 2016-05-05 Vivienne Brough Evans proposes a compelling new way of reevaluating aspects of international surrealism by means of the category of *divin fou* and consequently deploys theories of sacred ecstasy as developed by the Collège de Sociologie 1937-39 as a critical tool in shedding new light on the literary oeuvre of non French writers who worked both within and against a surrealist framework The minor surrealist genre of prose literature is considered herein rather than surrealism's mainstay poetry with the intention of fracturing preconceptions

regarding the medium of surrealist expression The aim is to explore whether International surrealism can begin to be more fully explained by an occluded strain of dissident surrealist thought that searches outside the self through the affects of ekstasis Bretonian surrealism is widely discussed in the field of surrealist studies and there is a need to consider what is left out of surrealist practice when analysed through this Bretonian lens The Coll ge de Sociologie and Georges Bataille s theories provide a model of such elements of dissident surrealism which is used to analyse surrealist or surrealist influenced prose by Alejo Carpentier Leonora Carrington and Gellu Naum respectively representing postcolonial feminist and Balkan locutions The Coll ge and Bataille s dissident surrealism diverges significantly from the concerns and approach towards the subject explored by surrealism Using the concept of ekstasis to organise Bataille s theoretical ideas of excess and inner experience and the Coll ge s thoughts on the sacred it is possible to propose a new way of reading types of International surrealist literature many of which do not come to the forefront of the surrealist literary oeuvre *Feminist Subjects, Multi-media* Penny Florence, Dee Reynolds, 1995 Examines a range of media from paintings and family photography through to opera film and TV to novels and poetry and challenges the traditional boundaries between the creative and the critical **History of the Gothic: Twentieth-Century Gothic** Lucie Armitt, 2011-01-15 Why at a time when the majority of us no longer believe in ghosts demons or the occult does Gothic continue to have such a strong grasp upon literature cinema and popular culture This book answers this question through exploring some of the ways in which we have applied Gothic tropes to our everyday fears The book opens with The Turn of the Screw a text dealing in the dangers adults pose to children while simultaneously questioning the assumed innocence of all children As our culture becomes increasingly anxious about child safety the uncanny surfaces in the popular imagination in the form of the paedophile or the child murderer At the same time the Gothic has always brought danger home and another key focus of the book lies in the various manifestations undertaken by the haunted house during the twentieth century from the bombed out spaces of the blitz The Demon Lover and The Night Watch to the designer bathrooms of wealthy American suburbia What Lies Beneath Gothic monsters can also be terror monsters and after a discussion of terrorism and atrocity in relation to burial alive the book examines the relationship between the human and the inhuman through the role of the beast monster as manifestation of the evil that resides in our midst The Hound of the Baskervilles and The Birds It is with the dangers of the body that the Gothic has been most closely associated and during the later twentieth century paranoia attaches itself to skeletal forms and ghosts in the wake of the HIV AIDs crisis Sexuality and as disease is one of the themes of Patrick McGrath s work Dr Haggard s Disease and The Angel and the issue of skeletons in the closet is also explored through Henry James s The Jolly Corner However sexuality is also one of the most liberating aspects of Gothic narratives After a brief discussion of camp humour in the British television drama series Jekyll the book concludes with a discussion of the apparitional lesbian through the work of Sarah Waters **The Stone Door** Leonora Carrington, 2025-07-22 Ancient Mesopotamia the Zodiac and the land of the dead feature in this wildly surrealistic adventure

story Leonora Carrington's revolutionary second novel long out of print *The Stone Door* is an omen an incantation and an adventure story rolled into one Built in layers like a puzzle box it is the tale of two people of love and the Zodiac and the Kabbalah of Transylvania and Mesopotamia converging at the Caucasus of a mad Hungarian King named B les Kinary and of a woman's discovery of an initiatory code that leads to a Cyclopean obstacle to love self and awareness to the great stone door of Kescke and beyond Written at the end of World War II but not published until 1977 and long unavailable *The Stone Door* is at once a celebration of the union of the surrealist painter Leonora Carrington and her husband the Hungarian born photographer Chiki Weisz and an argument for the unification of the male and the female as a means of liberating the human race

**Neverending Stories** Ann Fehn, Ingeborg Hoesterey, Maria M. Tatar, 2014-07-14 In these compelling new essays leading critics sharpen our understanding of the narrative structures that convey meaning in fiction taking as their point of departure the narratological positions of Dorrit Cohn Grard Genette and Franz Stanzel This collection demonstrates how narratology with its attention to the modalities of presenting consciousness offers a point of entry for scholars investigating the socio cultural dimensions of literary representations Drawing from a wide range of literary texts the essays explore the borderline between fiction and history explain how characters are constructed by both author and reader through the narration of consciousness show how gender shapes narrative strategies ranging from the depiction of consciousness through intertextuality to the representation of the body address issues of contingency in narrative and present a debate on the crucial function of person in the literary text The contributors are Stanley Corngold Gail Finney Kte Hamburger Paul Michael Ltzeler David Mickelsen John Neubauer Thomas Pavel Jens Rieckmann Shlomith Rimmon Kenan Judith Ryan Franz Stanzel Susan Suleiman Maria Tatar David Wellbery and Larry Wolff Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
