by a hermeneutics of to be seen through ness The latter emerges triumphant but the legendary female faces of Hollywood resist in their different ways a coercive and normalizing knowledge which is the source of the gay male investment in them A disciplinary society privileges a hermeneutics of gaze the iconic female faces of classical Hollywood cinema demand an erotics Classical Hollywood Cinema Sexuality and the Politics of the Face explores the tension between the two through detailed readings of *Ninotchka* *Sunset Boulevard* and *Suddenly Last Summer* in the context of early and mid century cinema and culture It includes for instance an analysis of D W Griffith and blackface the Stonewall riots and the coming into voice of the modern gay subject several major films by Hitchcock *Citizen Kane* and the emergence of rival standards of beauty both female and male in figures such as Katharine Hepburn Ingrid Bergman Humphrey Bogart Rock Hudson and James Dean This is an important study for students of queer theory film theory and history and gender and sexuality studies **Carole**

brought enthusiasm and prestige to the Golden Age of Mexican cinema becoming one of the great divas of Mexican film With struggle and perseverance she overcame the influence of men in both countries who hoped to dominate her ultimately controlling her own life professionally and personally

That Furious Lesbian Robert A Schanke, 2016-09-06 In this first book length biography of Mercedes de Acosta theatre historian Robert A Schanke adroitly mines lost archival materials and mixes in his own interviews with de Acosta's intimates to correct established myths and at last construct an accurate detailed and vibrant portrait of the flamboyantly uninhibited early twentieth century author poet and playwright Born to wealthy Spanish immigrants Mercedes de Acosta 1893 1968 lived in opulence and traveled in the same social circles as the Astors and Vanderbilts Introduced to the New York theater scene at an early age her dual loves of performance and of women informed every aspect of her life thereafter Alice B Toklas's observation Say what you will about Mercedes she's had the most important women in the twentieth century was well justified as her romantic conquests included such internationally renowned beauties as Greta Garbo Marlene Dietrich Isadora Duncan and Eva Le Gallienne as well as Alla Nazimova Tamara Karsavina Pola Negri and Ona Munson More than a record of her personal life and infamous romances this account offers the first analysis of the complete oeuvre of de Acosta's literary works including three volumes of poetry two novels two film scripts and a dozen plays Although only two of her plays were ever published during her lifetime four of them were produced featuring such stage luminaries as John Gielgud Ralph Richardson and Eva Le Gallienne Critics praised her first volume of poetry Moods in 1919 and predicted her rise to literary fame but the love of other women that fueled her writing also limited her opportunities to fulfill this destiny Failing to achieve any lasting fame she died in relative poverty at the age of seventy five De Acosta lived her desires publicly with verve and vigor at a time when few others would dare and for that she paid the price of marginalized obscurity Until now With **That Furious Lesbian** Schanke at last establishes Mercedes de Acosta's rightful place as a pioneer and indeed a champion in the early struggle for lesbian rights in this country Robert A Schanke has edited a companion to this biography **Women in Turmoil Six Plays** by Mercedes de Acosta also available from Southern Illinois University Press

Self Definition Teodros Kiros,2019-10-10 Self Definition argues that sex gender and race are constructions by the ineffable self as it seeks to define its possibilities free of domination The self s embodiments are themselves performances of self definition Teodros Kiros supports his argument by a careful reading of the literature from both the Global South and Global North that spans figures works and eras from antiquity to our late modern present These readings demonstrate that race gender and sex are performed in the Global South radically differently from in the Global North These three notions as markers of identity are fluid open and expansive and Kiros brilliantly shows this through inquiry into thought rooted in Egypt Ethiopia India and China By the time that the Global North forges possibilities of the self in the modern period race gender and sex become fixed Biology and anatomy become understood as destinies and the possibilities of the self are deeply constrained This book approaches case studies of key figures and movements chronologically and thematically and in doing so Kiros highlights the tensions between the openness of the Global South and the rigidity of the Global North through which human possibilities as exercises of self definition become clear under conditions of freedom Our views of self definition will forever be transformed after reading this important text
