Passion is the driving force. Without passion you wither. Many of the rough-necks who litter these pages have survived on a diet of shit and nails and came out from it spewing a brilliant bile with such incredible vitriol, that my tongue trips over itself in a lugubrious attempt

to put into words that which only emotion can describe. They rile my passions. Make me wet. Cause hot flashes. Nasty fantasies. Ugly dreams. Dirty bastards. And they're all bastards. Brutish rogues, would be morticians, grave diggers, who instead of picking up the shovel, the scalpel, the knife, generously decided instead on the pen, the page, the camera. Sexual Fluidity Among Millennial Women Alice Campbell,2022-09-24 Drawing on data collected from over 8 000 millennial women in Australia this book proposes a new theory of women s sexual identity that accounts for various sociocultural historical and interactional factors that inform women s sexualities The author provides a new model for understanding changes in sexual identity among women Each new chapter focuses on a new aspect of their model the contemporary context in which women are navigating sexual identities sexual landscapes and the degree of heteronormativity that characterizes various sexual landscapes experiences of sexual violence and their potential associations with the sexual trajectories of women and the potential health and wellbeing implications of changes in sexual identity Taken as a whole this text challenges the essentialist framing of the species narrative in favor of a more nuanced and socially situated analysis of women s sexualities throughout the life course This monograph will be of interest to scholars and students in sociology gender and sexuality studies and psychology

From Sodomy Laws to Same-Sex Marriage Sean Brady,Mark Seymour,2019-07-25 Inspired by recent adoptions of same sex marriage From Sodomy Laws to Same Sex Marriage provides international perspectives on the legal and social history of same sex relationships from the early 19th century to the present Its emphasis is on areas where the impetus for change has been most noticeable Europe the Americas and Australasia From Sodom and Gomorrah to Britain s sodomy laws and continental Europe s abhorrence of sexual acts against nature the history of same sex love traditionally ranged from fire and brimstone maledictions to secrecy and scandal Until recently legal positions across the western world reflected the legacies of the British and French empires as well as Christianity particularly Catholicism In recent years however there has been a revolution in attitudes towards same sex relationships This poses hitherto unanswered questions what historical complexities lie behind the revolutionary shift from punitive attitudes to legal endorsement of same sex relationships Given the cultural variety of historical attitudes to same sex relationships why has their legal acceptance been so international The essays in this volume provide answers to these

questions offering the first international overview of the topic While other studies have attempted to explain the change in legal and social treatment of same sex relationships in a national context or within a shorter time frame this is the first volume to examine the topic from the French Revolution to the present day bringing together a diverse array of perspectives over a range of countries It is an important volume for students and scholars of queer history the history of sexuality law and sociology
