Histories of Sexuality Stephen Garton, 2013-09-05 A history of sexuality runs the risk of confirming popular fears that academics are capable of ruining even the most simple of pleasures This book however is written in the hope that histories of sexuality although not necessarily this one can enlighten and occasionally even delight At their best such histories offer a means of investigating the clash of instinct and culture how seemingly timeless and natural behaviours shape and are in turn shaped by history Sexual practices may persist through time but history also illuminates how sex and sexuality are surprisingly mutable This capacity of history to unsettle and surprise is evident in many of the works discussed here In less than 40 years the history of sexuality as a definable area of scholarly enterprise has grown from a few works describing past attitudes and behaviours into an enormously rich field that sustains its own journal a number of monograph series and countless seminars conferences articles and books Moreover this field has moved well beyond accounts of exotic ideas and strange obsessions to embrace sophisticated analyses of such issues as subjectivity identity power desire gender and embodiment Through these studies we now have a much more detailed account of past sexual ideas beliefs practices fantasies and struggles

**Sex & Secrets** Judith A. Allen, 1990 This book is both a detailed study of criminal acts involving Australian women since 1880 and a feminist analysis of their social and political significance Based on previously unpublished archival documents including court reports coroners reports and those of prisons and child welfare organizations Allen s findings show that infanticide prostitution and sexual and other assaults involving women have been much more prevalent than generally believed Contending that this lack of official attention is due to the crimes connection with the sexual relationships between men and women Allen demonstrates that such a false perception of their incidence has disguised their significance in the processes of social change that have occurred over the last century This study will be of particular value for courses in women s studies criminology and the sociology of law and of gender

*Let's Talk About Sex* Lisa Featherstone, 2011-01-18 From the start of the new Australian nation in 1901 to the use of the female contraceptive pill in 1961 *Let's Talk About Sex* explores the ways sexuality has been constructed understood and experienced in Australia Far from being something hidden and private this work brings

sexuality out into the open and explains why sex is of social cultural political and economic importance Let s Talk About Sex is an inclusive history surveying multiple and interwoven forms of sexuality desire pleasure regulation and resistance It begins with the long Victorian period the hidden desires of women and the hydraulic sexual needs of men both in the cities and on the frontier It moves across the decades considering heterosexuality homosexuality lesbians and nascent ideas about queer and sexual difference Lisa Featherstone highlights the tensions of the ages venereal disease homophobia birth control rape and child sexual assault She analyses the ways non normative sexuality was constructed as evil and perverse but also how men and women responded to this pathologising of their desires Let s Talk About Sex provides a fascinating account of sex gender age and race across the formative years of Australian society

**Policing Women** Jo Turner, Helen Johnston, Marion Pluskota, 2023-11-27 Policing Women examines for the first time the changing historical landscape of women s experiences of their contact with the official state police between 1800 and 1950 in the Western world Drawing on and going beyond existing knowledge about policing practices the volume discusses how women encountered the official police how they experienced that contact and the outcomes of that contact in the modern Western world In so doing it is an original and much needed addition to the literature around changes in policing women s experiences of the criminal justice system and women s experiences of control and regulation The chapters uncover such experiences in a range of countries across Europe the USA Canada and Australia Importantly the collection focuses upon a crucial epoch in the history of policing a 150 year period when policing was rapidly changing and being increasingly placed on a formal level Bringing together scholarly work from expert contributors this unique volume draws to the fore women s experiences of policing It will be of great use to both scholars and students on undergraduate and postgraduate criminology and history courses working on the history of crime historical criminology the history of criminal justice and women s history

*Interpersonal Violent Behaviors* R. Barry Ruback, 1995 This expanded book version of a special issue of the journal Violence and Victims analyzes the social and cultural factors that influence violent behaviors The editors and contributors discuss the latest findings and gaps in current research and theory in order to gain valid theoretical bases to investigate and control violent behaviors Topics include cross cultural studies of interpersonal violence gender variations in violence across societies a cross national analysis of violence by and against women and regional differences in homicide rates in the United States Researchers academics and other professionals in sociology criminology and psychology as well as students in these fields will find this book a welcome addition to their collection

International Intercourse Julie L. Thomas, 2004 American birth control advocate Margaret Sanger 1884 1966 was instrumental in the development of an international birth control movement This occurred not after World War II as is commonly thought but in the interwar era Building upon existing medical exchanges of information and materials in the global arena she established a social movement for birth control While Sanger was not the only interwar era figure involved in the endeavor she was among the most active in pursuing an international agenda A

number of discursive themes emerge in the study of Sanger's interwar activities for the global provision of contraception it would provide economic benefit to individual families and collective nations family limitation would help avert the next war and gendered ideas about contraceptive methods and its role in improving women's status These themes are explored through an interrogation of Sanger's interactions with cohorts travel and correspondence in seven key nations in Europe Asia and Southeast Asia her role as founder and editor of the Birth Control Review and lastly as the organizer of three international birth control conferences 1925 1927 1930 The preoccupations established in these venues laid the foundation for the post World War II international family planning movement This dissertation project also challenges a prevailing assumption about the provision of birth control in the Soviet Union in the interwar ear that abortion was the only method available An analysis of Soviet medical literature of the period reveals the existence of clinical and laboratory research on a range of contraceptive methods and research on experimental methods Curiously medical advocates for birth control and not Sanger were the most active in efforts to exchange information with Soviet researchers The explanation for this apparent anomaly underscores Sanger's goals and objectives as a social advocate for birth control in the global arena On the Edge Gail Reekie,1994 This work brings together the work of many of the state's foremost feminist scholars and uses a number of perspectives historical cultural literary and political to explore the distinctive experiences of women in Queensland

and Australia this book looks at the ways in which female killers are constructed in the media in law and in feminist discourse  
almost invariably as victims rather than actors in the crimes they commit      **Abuse Between Young People** Carlene  
Firmin,2017-12-14 Awareness of peer on peer abuse is on the rise and is a matter of increasing international concern Abuse  
Between Young People A Contextual Account is the first book to offer a contextualised narrative of peer on peer abuse that  
moves beyond recognising an association between environments and individual choice and illustrates the ways in which such  
interplay occurs Using both sociological and feminist perspectives Firmin reshapes the way that peer on peer abuse is  
perceived and investigates the effect of gendered social context on the nature of abuse between young people This text also  
uses an in depth case study to explore associations between abusive incidents and young people's homes peer groups schools  
and neighbourhoods in addition to broader societal influences such as pornography and politics National and international  
policies are woven into each chapter along with insights from parenting programmes the troubled families agenda and  
bullying and community safety policies Abuse Between Young People presents a clear insight into the various contexts that  
affect the nature of peer on peer abuse providing a thorough analysis into the debates on this issue In so doing Firmin  
creates a vital contextual approach to safeguarding young people affected by this issue It is invaluable reading for students

and researchers in social work education criminology sociology and psychology as well as practitioners and policymakers concerned with the protection of young people
